CENTRAL TRANSLATIONS INSTITUTE LTD.

ESTABLISHED 1901

Translators, Interpreters and Foreign Typists,

Phone— 2077 LONDON WALL. **808 SALISBURY HOUSE, LONDON WALL, E.C.2**

THE CENTRAL TRANSLATIONS INSTITUTE LIMITED has now been established over a quarter of a century and numbers among its regular clients leading Government Departments, Bankers, Solicitors, Merchants and Manufacturers all over the country. We claim that for magnitude of operations and UNIFORM EXCELLENCE OF WORK we have attained the position of the PREMIER BRITISH TRANSLATION OFFICE for commercial, technical, literary, journalistic, scientific, medical, legal, engineering, mining and company translations of every description.

Even ordinary **BUSINESS CORRESPONDENCE** involves commercial experience and expert knowledge, owing to the infinite variety of articles of commerce and manufacture and the large range of transactions arising, such as enquiries, quotations, orders, shipments, claims, payments and so forth.

Many of the translations required by our clients are **HIGHLY TECHNICAL** such as engineering catalogues, geological and mining reports, medical and scientific articles, patent specifications, legal documents, contracts, insurance policies, ships' logs, articles of association, newspaper articles, etc., etc.

The bulk of the work is executed by our own staff on the premises, and short translations from French, German, Spanish, Italian, Portuguese, Dutch, Danish, Swedish, Norwegian, Russian & Serbian, etc., into English can be done **WHILE MESSENGER WAITS.**

In cases of special urgency large pieces of work can be divided up among our staff and thus executed IN RECORD TIME. This has frequently proved to be a great convenience to our clientèle.

We also undertake **INTERPRETATIONS** of all kinds, such as business interviews and law-court work and can arrange for interpretation work to be done in the country or on the Continent.

An absolute essential for turning out good work is an extensive **TECHNICAL LIBRARY** including not only the best available dictionaries and encyclopædias, but also the civil and commercial codes of various countries and special treatises on many subjects, because no translation can be properly executed without the subject being thoroughly understood. We invite our clients to inspect our extensive reference library, containing hundreds of volumes covering a large range of subjects.

Recent Continental developments have resulted in bringing languages such as POLISH, CZECH, ROUMANIAN, FINNISH, SERBIAN, etc., to the fore and we are well equipped with competent men for dealing with same.
