My dear Munna,

I am shocked to hear the sad demise of your respected father. You laboured hard with all the medical aid available at Belli and what one could do more than this but God's will has to be accepted out. He has not ^{only} been snatched from you but from the country at a very inopportune moment. Yet there is no help. You should, therefore, bear the shock with all your courage. May God rest his soul in peace.

Yours sincerely
Munna
