S. S. P's First National Conference Next February

By Our Correspondent

BHOPAL: The First National Conference of the Samyukta Socialist Party is expected to be held at Bhopal in next February.

Some crucial issues are expected to be discussed at the Conference.

The possibility of convening the conference in December has receded following the postponement of the Ad Hoc Committee's meeting scheduled for October 27 and 28.

The Ad Hoc Committee was to convene the National Committee's meetings, which, in turn, was to call the conference on the basis of representation at the last conference of the Praja Socialist and Socialist Parties held at Ramgarh and Bhuvaneshwar, when they formally decided to merge into one party.

Crucial issues

Actually, the National Conference was to be held at Bhopal in October and later put off to December.
