Indian National Crade Union Congress

Ry No. 1 /14-A/3373

Sow Dollar

3rd November, 1950.

Respected Sardar Sahib,

I have already desputched to you a copy of Press, ential Address and the General Secretary's Report presented at the Third Annual Session of the Indian National Trade Union Congress.

I am, now, herewith send as you a copy of the resolutions passed on the occasion.

With pest regards

Yours sincerely,

(Harihar Nath Shastri H.P)

GENERAL SECRETARY.

Deputy Prime Minister, Government of India, NEW DELHI.

MIN DELLIT.

nc1: 1.

INDIAN NATIONAL TRADE UNION CONGRESS

THIRD SESSION (29TH & SOTH OCT. 1950) JAMSHEDPUR

COSE OF HATTIR. action to provide full compensation for the rise in the workers The INTUC regards it as excremely unfortunate that the boundaries are as excremely unfortunate that the boundaries are on our but in the state of the boundaries of the bounda

meeting as an consideration track and continued to the track of unions eccept. The INIUC is of the view that reference to industrial Tribunals should be made surround; to case of unions eccept integration to make two made to the control desired to the centerial and procedural delays, and under the com rectancel and procedural delays, and understance to take steps for the quiek implementation of awards in case of dealurity and natural justice, and understance of the control of the c

It is however the experience of labour that after the failure of megorations there is undate/labour to consider or control of megoration proceedings and instead is to be undate/labour or of the University of the Completion of the meeting for the completion of the meeting for the completion of the second of the completion of the comp

should be speedy and complete, and the decisions should be fully and promely implemented.

Government to deal with all malpractices which are leading to Government to deal with all maletractics which we leading to these in prices and causing hardsons to the combunity. In particular all properties involved in black-marketting or illegal hoarding should be confiscated and special Tribunals should be set up to deal summarily with all such offences. (e) In view of the passwart of assuress for development, a nationwide campaign should be launched for increasing, and mobolising savings with a view to create the necessary capital for industrial development.

(10) HOLIDAYS WITH PAY

Whereas due no defective provisions regarding holidays with wages in the Indian Factories Act, a very large number of workers have been deprived of the privileges due to them. He INTUG utges bign, sie Government of India to amend the relevent actions in such a manner that the intentions of the Act age progety carried out vizz, workers should get one paid noliday for every 20 days attendance at work.

11 STATE EMPLOYEES INSURANCE

The INTUC resents the undue delay in implementing the provisions of the Sickness Insurance Schime even though the Corporation, the standing committee and the Medical Benefit Committee were all appointed more than a year ago, and urges on the Government not to attach weight to the opposition from employers and some of the States but immediately give effect to the provisions of the scheme.

12
HOUSING

The INTUC regress to note that inspite of repeated pro-mises. Government of India have tailed to taske suitable pro-visions for housing of industrial workers which has put them to innumerable difficulties particularly in big indus-

them to innumerator continuous particularly in oig indus-trial cities and plantations. The national aims of maintaining industrial, peace and increasing production can hardly be expected to fulfilled when workers have no residence and most of their houses are un-bygenic, ill ventilated, one room tenements without required conveniences.

required conveniences.

Having regard to the need for safeguarding and improving the health and efficiency of the working class, this Congress urges on the Govt. to make adequate arrangements for their Equising at an early date.

13

INDUSTRIAL TRIBUNAL

It is essential for the success of the principles of Industrial Arbitration that the machinery of adjudication should be easily available to the workers, the disposal of cases

This Congress at the same time notes with régres and concern that the Bulls include several provisions which has connected that the Bulls include several provisions which are concerned as the bulls of the several concerned more more to employers no the Bulls of chause confering uniterests rights for employer of the Bulls of chause workers and included in the Bulls of chause workers and involving to employers to reterent and dismiss workers a involving machiners or employers to extend and extracted in the Bulls of the Bu workers and various other clauses.

ICE IO

The INTUC expresses its deep sorrow at the bavoc and devasation caused in Upper, Assam by exciteduales and inforce and separated sympathy rowards the people of Assam. The INTUC appeals to the workers all over the country to constribute their mission the relief of the sufficience.

The INTUC condemns the destatdly and fatal attack by Communists hooligans on Shri Kalidas Elishi, an INTUC worker of West Bengal and offers its condolence to his plaintees.

The INTUC however confidently trusts that as a result of the deliberations of the Select Committee, the defects in the Bills will be removed and that the Bills in their final form when put on the statute book will prove beneficial to the interests of the working class of the country.

INTERNATIONAL POLICY

Whereas the Indian National Trade Union Congress is pledged to secure for the roiling masses of India through democratic and non-visient means improved standard of living, due share in the product of their own labour, decent conditions of work and wages, security of employment, and their tightful status in industry and society;

And whereas the Indian National Trade Union Congress is convinced that the maintanence of world peace is an essential pre-requisite to the realisation of these aims;

And whereas these ideals are embodied in U.N.O.

And whereas the activities of the U.N.O. are in furtherence of and are calculated to promote international peace;

therence of and are calculated to promote international peace;
The INTUC appreciates and welcomes the progress made
by the U.N.O. and its allied bodies in economic and cultural
fields and extent to which it has succeded in warding off
aggression and guaranteeing protection to the weaker nations of the world and assuring peace prosecrity by collective
security and mutual assistance and especially the
success achieved by the world democratic forces under the
banner of the U.N.O in counteracting the communits aggresion on South Korea.

The INTUC views with grave concern the increasing menace to world peace resulting from the aggressive designs of communist totalitatiasnism for world domination as manifested by its insidenous activities amongst the economically backward peoples of Asia intended to subvert and disrupt their social order and economic structure through chaos anarchy and bloodshed.

anarchy and bloodshed.

The INTICC at the same time draws the pointed attention of the U.N.O. and its allied organisations to the necessity of paying increased attention to the economic, social, and political tactors in the under-developed and backward regions which are the root causes of their internal difficulties and provide fertile breeding ground for the stread of subversive ideas and and them vulnerable to aggression. The INTUC, therefore, stresses the view that the satisfaction of the political aspirations and economic needs of the people and the eradication of poverty, aggorance and disease, in these areas is a more vital safeguard of world peace than military preparedness.

DRAFT RESOLUTIONS

(29TH & 30TH OCT. 1950) JAMSHEDPUR

THIRD SESSION

INDIAN NATIONAL TRADE UNION CONGRESS

Princed at the Mazdur Frees, Main Roed, Asmandqur, and published by the General Secretary Indian Maisonal Trade Union Congress, Contral Office,

(6)

RATIONALISATION AND RETRENCHMENT

The INTUC is painfully aware of the fact that employers in different industries are resorting to retrenchment on a large scale in a very unscientific manner under the guise of rationalisation, thereby causing unemployment of a large number of worker sand at the same time increasing the work-load on the remaining employees.

The INTUC is not opposed to proper rationalisation which does not merely mean reduction in the number of workers but includes adoption of improved and scientific meethod purchase, production and sale, reducing charges of management and stoppase of all leakages, wastes and corruption. In the present economic state of the country rationalisation can be justified only to the extent it can be done without creating unemployment and that too with a view to cheate the products for the consumers and enable the workers to reach a living wage standard.

No retrenchment should be permitted unless it is considered unless that is considered justified and necessary by a Tribbanal or Wage Board. And in such cases persons retrenched should be paid adequate gratuity and compensation, training in some alternative occupation and right to preferential re-employment.

CONSTRUCTIVE ACTIVITIES

The INTUC accepts the ideals and principles enunciated by Mahatma Gandhi for the priper and successful functioning of Trade Unions. This Congress therefore calls upon all the unions affiliation to the INTUC to undertake such constructive activities as would develope the individual personality of each worker morally and intellectually through internal efforts and eventually raise his status in society, make him conscious of his civic and political rights and enable him to function not only as an efficient worker but also a responsible citizen.

To achieve the aforesaid purpose, workers should be properly organised not only in the factories mines and workshops but also in their residential localities with a view to undertain one or more of the following activities for their betterment and all round development:

Conducting infant schools—adult classes—libraries—
gymnasiums co-operative societies and banks—organising volunteers—atranging exursions—fiving medical aid including maternity sid—kepring the mohalla clean—settling disputes amicably through banchayats—ridding the area from unsocial factors—recording and redressing municipal complaints organigremperance movement—bolding discussions on political and
econ_mic issues and above all achieving complete unjonisation.

(8) CONTRACT LABOUR

It is the considered view of the INTUC that workers employed through contractors are exploited and their conditions of work and wages are unfair and unregulated. It therefore, requests the Government of India to statutorily abolish the system of contract labour wherever there is continuous and permanent employment, and in other cases to safeguard the interests of contract labour by prescribing wages and condition of work to be observed by the contractors.

(9) ECONOMIC SITUATION

The Indian National Trade Union Congress views with grave anxiety the unabatting deterioration in the economic situation of the country as revealed in constant rise in cost of living attended with acute hardship to the working class and the lower middle section of the people. While this congress is alive to the fact that national calamities and natural, caused have greatly hamoered the rask of economic recovery of the nation, yet it is definitely of opinion that the present situation is to a considerable exten attributable to the weak and besitent policy of the Government to the deteriment of the consumers in the efficient working of the control machinery and failure to effectively counteract hoarding and black marketting and inability to natrow down dispatity in income levels.

With a view to put a stop to further deterioration and to bring about a steady improvement in the economic situation, the INTUC places the following concrete proposals:— (a) The National Planning Commission should devise

(a) The National Planning Commission should devise measures for the quick development of the economy of the country by fully utilising all natural measures and installed industrial capacity, by tanoing all nossible sources of finence, and by harnessing the skill and working capacity of all sections of the community. The Commission should also devise ways and means to natrow down disparity in incomes and thereby desise measures to effect economies in administration and also promote savings. In respect of sectors of economic activities which can be advantageously undertaken by the State as public enterprise, steps should be devised to ensure that such undertakings are run efficiently for the benefit of the community as a whole.

(b) A permanent National Industrial Board composed of the permanent National Industrial Board composed of the set up to watch and ensure effecient working of the industrial production of the country keeping in view to the over all

citerest of the community.

(c) Effective steps should be taken to eleminate speculative activities in all spheres where it is leading to rise in prices.

(d) Stringent and drastic action should be taken by the

Dear Sir.

Please refer to your letter dated the 14th October 1950 addressed to Sardarji. I am sending herewith a copy of the message which Sardarji has sent to the I.N.T.U.C. session at Jamshedpur. I hope this will serve your purpose.

Yours faithfully,

(V.Shankar)

Respected Sardarji,

Since the labour movement in the country is passing through a difficult stage, and the interested parties are trying to mislead the innocent workers for achieving their selfish ends, we have decided to sublish a Special Number of MAZDUR AVA? on the occasion of the forthcoming I.N.T.U.C. Session which will attempt to enlighten public onlinon in regard to certain outstanding problem confronting the working class and exhort the labour to do its duty by the country at this crucial hour in the economic history of India.

In order to make our voice more effective and our efforts more fruitful, I would earnestly request you to send a message to the Indian working class whichis in sore need of proper guidance and sound leadership.

I am pretty well conscious of your tremendous pre-occupations but, nevertheless, I hope you will spare a few moments to send a message which will go a long way in persuading the workers to follow the right path.

With respects,

fours in service,

Sardar Valloh Bhai Patel, Debuty Prime Minister, 1, Aurungzeb Road, New-De'hi.

INDIAN NATIONAL TRADE UNION CONGRESS

THIRD ANNUAL SESSION

The Chairman and members of the Reception Committee request Mr. & Mrs Landar Vallahabai Talet to attend the Open Session to be held at 5 P. M. on the 29th & 30th October, 1950, at Buti Nagar (Regal Maidan) Bistupur, Jamshedpur, under the president ship of SHRI KHANDUBHAI K. DESAI M. P.

SHRI GULZARILAL NANDA, Deputy Chairman National Planning Commission, has kinelly consented to inaugurate the Session.

22, K. ROAD, JAMSHEDPUR.

MICHAEL JOHN

Reception Committee

I send my best wishes for the success of the I.N.T.U.C. Session at Jamshedpur. More than at any other time in the history of the labour movement, it is essential that labour should be able to discriminate between its friends and foes. It is easy to win popular support and sympathy by submitting to popular clamour or by supporting demands or policies which might aim at the prosperity of a section of the community, but injure the cause of the country as a whole. It is quite different to stand up for labour's legitimate rights, serve its true interests and espouse its just causes. The I.N.T.U.C. stands for the latter. Strikes to test the leadership of labour are a negation of labour movement. They are merely a means of self-glorification which invariably obtain their deserts even though, in the process, labour grievously suffers. Therein does not lie the true interest of labour. Similarly, those who at this hour of crisis resort to practices which impede production are causing injury, both to the labour and to the country. The sovereign method of solving disputes is arbitration and once the machinery of adjudication or arbitration is set into motion, strikes are outlawed. In such circumstances, those who advise labour to launch or continue strikes are no friends of labour or of the country. My advice to labour rationts

today is, as it always has been, to put faith in peaceful and effective method of arbitration rather than in the doubtful and injurious means of illegal strikes. I have no doubt that if labour reflects calmly on its interests and its duty by the country it will realise that the path which a section of labour has been following recently leads to injury and disaster while the path which the I.N.T.U.C. has been following serves its true interests. It is also incumbent on every worker of the I.N.T.U.C. to live up to those principles and not to yield either in excitement or weakness of the moment to more convenient but more harmful methods which, in the long run, bring nothing but misery to the rank and file of workers. I hope the I.N.T.U.C. in its session at Jamshedpur will give a true lead to Indian labour and will once again emphasize that silent and solid work, conceived in a spirit of service, brings in more dividends than flashy and superficial submission to sentiment or malice.

(Vallabhbhai Patel)

The Indian National Trade Union Congress

PRESIDENT:

K. KAMARAJ

GENERAL SECRETARY:

G. RAMANUJAM

24th September, 1950.

28, Tamil Sangam Road,
MATHURAI

To Hon. Sardar Vallabhai Patel, Deputy Frime Minister, of India, New Delhi.

Revered Sardar Saheb.

The Tamil Nad Provincial Branch of The Indian National Trade Union Congress has done excellent work among the working classes of South India during the last two and a half years, retrieving them completely from the stranglehold of the communists and communalists. It has waged several fights for labour, all along the constitutional and peaceful means and has come out victorious invariably in every one of those fights. It has today rallied round itself more than one and a half lakks of organised workers in the province through about 130 trade unions, covering all the important industries, including agriculture.

It is proposed to hold the Second Annual Conference of the Tamil Nad Indian National Trade Union Congress at Mathurai on Sunday the Sth October, 1950. Your kind message of blessings, cheer and encouragement on the occasion of the Conference will greatly enthuse and inspire the young band of trade union workers in the province as also the labour in renewing and revitalising its faith in the constitutional and peaceful means of redressing all its grievances and in the orderly progress of the nation, for which the Indian National Trade Union Congress stands.

With respectful regards,

Yours sincerely,

G. RAMANUJAM. SECRET ARY.

Organising Secretary,

Andian National Trade Union Congress.

Shram shi bir Snehalataganj Indore 9.9.1950

The continuation of our talk and my letter to reverse Shi Siriar ji, I have to reverse Shi Siriar ji, I have thill Management have suf The Hemi (the manage incirryly responsible for the vicinity responsible for the vicinity responsible and it has been given to understand that he will of return. Thus The question is secorthy settled, Thanks to one for making an issue of it was the human appreciating that

Another point:) an awaiting shi sire strong is consent to our invitation to thinky inaugurete the Provincial Huidustan Maydoa Sevak Saughs new premises "Shrem-Shibin" on 2 nd of Oct is when he is visting Intove. Will you knishy intimate to chart the Same and others! marking you, yours Sincauly
