STANDING ORDER NO 31 OF 1922.

I have been asked by several chiefs to allow settlements of Gurkhalis in their villages.

The present orders permit settlements only at and near Aijal, Champhai and Vanlaiphai.

While I think there is no danger in allowing one or two houses of Gurkhalis to settle in a Lushai village, and that their presence will have an educative effect, the history of other Hill Tracts shows that great difficulties are sure to arise if Gurkhalis in any number are allowed to Settle. I have therefore refused permission for more than one or two houses to Settle in each village.
