REVENUE REPORT OF THE PROVINCE OF SIND FOR THE YEAR 1878-79.

I.—SEASON.

1. The season was an extraordinary one, being characterized by an exceptionally high inundation, and a rain-fall far above the average. But the result was not unfavourable to the Government revenue, for though the floods caused the destruction of the kharif crops throughout the greater part of the Province, the rabi crops were excellent, and a large additional area that had profited by the submersion was brought under cultivation. The grass-supply too was abundant, but great damage was caused by locusts in parts of the Thar and Parkar and Frontier Districts, and in 4 out of the 13 Talukas of the Hyderabad Collectorate. The actual rain-fall, as compared with the average rain-fall of the five years preceding, was as follows :—

District.	Average of past five years.	Year under report.
Kurrachee	7.09	22.17
Hyderabad	8.58	10.88
Shikarpur	5.76	10.35
Upper Sind Frontier	5.15	10.13
Thar and Parkar	10.97	17.2
Mean	7.51	14.11

2. The height of the water in the river at Kotri on the 29th August 1878 was 19.7", and at Bukkur on the 25th August 15.6", as compared with 14.1" and 12.7" in the preceding year.

II.—CANAL CLEARANCES.

3. The following table exhibits the cost of canal clearances and establishments for the inundations of 1876-77 and 1877-78 :—

5. The net canal revenue derived in 1878-79 from expenditure incurred in 1877-78 is shown below :—

No.	Collectorate or District.	Canal Revenue in 1878-79.	Canal Expenditure in 1877-78.	Net Canal Revenue.
		Rs.	Rs.	Rs.

	Total ...	35,47,494	8,34,486	27,13,008

6. Though the expenditure on canals was greater by Rs. 1,48,742 than that of the preceding year, the excess was more than counterbalanced by the increase in revenue, viz., Rs. 4,67,299,—the net result being an increase of Rs. 3,18,557.

7. The following table shows the revenue derived during the year 1878-79 from land irrigated independently of canals :—

No.	Collectorate or District.	River.	Barani.	Wells.	Miscellaneous.	Total.
		Rs.	Rs.	Rs.	Rs.	Rs.
1	Kurrachee	1,08,354	1,03,097	4,213	44,496	2,60,160

	Total ...	8,50,078	2,45,634	24,911	2,28,299	13,48,922

8. From the preceding Statement, it will be observed that the total amount of revenue derived from land and irrigation is as follows :—

From land irrigated by canals	...	Rs.	35,47,494
Ditto independently of canals	...	,,	13,48,922
Total Rs....			48,96,416

or, as the same result appears in Statement A., column 9—

Government Land Revenue	...	Rs.	48,49,774
Column 7, Public Works Revenue	...	,,	46,642
Total Rs....			48,96,416

9. It must be mentioned that there will be considerable discrepancies between the figures of canal revenue and expenditure as given in the Commissioner's Revenue Report and those supplied in the Irrigation Returns of the Public Works Department. The subject is now receiving attention, in order that, if possible, a uniform system may be adopted; and it may be here sufficient to remark that whereas revenue from fisheries and other miscellaneous items is here omitted, it is brought to account in the Irrigational Returns of the Public Works Department, from which also remissions appear to be excluded.

10. The following table exhibits the villages and hamlets for the year 1878-79 contrasted with 1877-78 :—

11. The increase in the number of villages is attributable to the subdivision of old villages upon the introduction of the new settlement. Thus 39 new villages were created in the Sakrand and Moro Talukas of the Hyderabad Collectorate, and 5 in the Dadu Taluka of Kurrachee.

Remarks.	
23	

14. The gross land revenue amounted to Rs. 53,22,083-6-5 against Rs. 42,35,752-10-6 in 1877-78. The net increase in favour of the year under report is Rs. 10,86,330-11-11. The augmentation in the revenue has occurred in each of the five districts in the Province to the extent shown below :—

Upper Sind Frontier	Rs. 1,14,419	12	0
Shikarpur	„ 3,99,091	10	2
Hyderabad	„ 2,96,248	13	11
Kurrachee.....	„ 1,24,119	11	10
Thar and Parkar	„ 1,52,450	12	0

Rs... 10,86,330 11 11

15. The increase is almost entirely attributable throughout the Province to the abundant water-supply already noticed and to the extension of the cultivated area—(*vide* para. 32 below). In the Kurrachee and Hyderabad Collectorates the revised settlement caused a rise in the revenue of Rs. 5,443 and Rs. 52,812 respectively.

16. The alienations amounted to Rs. 4,25,666-8-1. In this there is also a net-increase of Rs. 11,168-5-0. In the Frontier District this is due to increased cultivation in the Dēhs in which the alienations exist, and amounted to Rs. 730-7-4. At Hyderabad there is a net increase of Rs. 5,097-1-0 due almost entirely to a higher assessment having been imposed on lands held in Jagir and Seri at the revision of the settlement. The same remarks apply, with little difference, to the increase in alienations in the Kurrachee District, amounting to Rs. 6,249-7-0. In the Shikarpur and Thar and Parkar Districts, there is a decrease of Rs. 590-14-4 and Rs. 317-12-0 respectively, due in the former to lapses by death of the grantee and resumptions on other grounds; while, in the latter, the decrease in alienations is ascribed to lapses by death of the grantees, resumptions on account of misconduct, migration to other countries, and also to decreased cultivation.

17. The Public Works Irrigation or Hacaba revenue was Rs. 46,642-4-9 against Rs. 45,469-0-8 of the previous year. This gives a net increase of Rs. 1,173-4-1, which may be ascribed to ordinary fluctuations requiring no comment.

18. In land revenue proper there was an increase of Rs. 10,73,989-2-10, the revenue of the two years having been in 1877-78 Rs. 37,75,785-6-9, and in 1878-79 Rs. 48,49,774-9-7. The causes of increase have already been explained under the head of gross revenue.

19. The remissions granted this year exceed those of last year by Rs. 1,65,931-8-8, the totals of each year being Rs. 2,96,260-15-0 and Rs. 1,30,329-6-4 respectively. This computation however does not, as far as the present year is concerned, cover the loss in the Frontier and Shikarpur Districts, where remissions aggregating Rs. 2,39,757-7-11 have been proposed, but had not yet received the sanction of Government up to the close of the year. The principal reason for larger remissions being necessary was the great damage resulting from floods and heavy rain-fall, next to this the ravages of locusts, and finally erosion by river and other miscellaneous causes. The following Statement furnishes the details :—

No	Collectorate or District.	Want and insufficiency of water.	Submersion and excess of water.	Failure of crop.	Destruction of crops by locusts.	Other causes.	Total.

20. The amount for collection of the Government revenue is Rs. 45,53,513-10-7 against Rupees 36,45,456-0-5, and exhibits a large increase of Rs. 9,08,057-10-2 compared with 1877-78. The causes which led to this increase have already been explained in dealing with the gross revenue. The collections up to 31st July last amounted to Rs. 40,52,913-3-0 against Rs. 33,94,808-12-3. This gives an increase of Rs. 6,58,104-6-9.

21. The balances outstanding are very large and amount to Rs. 5,00,600-7-7 as shown below, while in the previous years Rs. 2,50,647-4-2 remained uncollected. The figures for this year include however, some amounts recommended for remission, and which subsequently have been remitted, as will appear later on :—

Upper Sind Frontier.....	Rs. 77,323 9 4
Shikarpur	„ 2,95,752 10 8
Hyderabad.....	„ 96,473 9 7
Kurrachee	„ 30,392 11 0
Thar and Parkar	„ 657 15 0
	Rs... 5,00,600 7 7

22. In the Frontier District the fact of so large a balance as Rs. 77,323-9-4 remaining outstanding was due to two unavoidable causes. The Mukhtyarkars of Jacobabad and Thul were for many months in the year employed in the collection of supplies for troops passing through Jacobabad on their way to Afghanistan, and in arranging to comply with the large requisitions for transport carriage. A sum of Rs. 26,315-7-4 had to be collected in the Khan of Kelat's territory, and the Political Officers through whom this duty is invariably performed were also employed on other duties connected with the expedition to Afghanistan. A small portion of the sum outstanding has been proposed for remission. This subject will be disposed of separately. Meanwhile stringent orders have been issued for the collection of the residue, and it is hoped that the outstandings will be reduced as low as possible.

23. In the Shikarpur District, out of the sum of Rs. 2,95,752-10-8 shown as outstanding, Rs. 2,23,875-0-8 have since been remitted by order of Government. The requisite sanction was not obtained until after the close of the year, or, as already explained, the remissions would have been larger, and the outstanding balance less by this amount. Of the remainder, Rs. 38,422-8-9 have since been recovered. Of the balance (Rs. 33,455-1-3) Rs. 30,902-13-3 are entered as recoverable, Rs. 21,310-9-3 being due on lands under management under Act XIV. of 1876. The Manager of Incumbered Estates has been addressed on the subject of early adjustment. A small portion of this sum (Rs. 3,035) may have to be written off, owing to the Zemindars' unsettled lands having been over-assessed by the Mukhtyarkar. The other sums are in course of adjustment, except two small sums of Rs. 178-9-0 and Rs. 553-9-0, which are stated to be doubtful and disputed and irrecoverable; it will thus be seen that except a sum of Rs. 3,767-2-0, the balance Rs. 29,687-15-3 will be collected, and that the subject is receiving the attention of the Collector of Shikarpur. In contrasting the year's balances with those of the preceding five years, the result is—

More than in 1873-74 by Rupees	2,49,899 14 9
Do. 1874-75 by „	2,72,186 5 2
Do. 1875-76 by „	2,61,930 15 5
Do. 1876-77 by „	2,67,332 8 9
Do. 1877-78 by „	1,46,648 4 10
And more than the average of the above 5 years by „	2,39,591 9 9

24. The amount uncollected in the Hyderabad District was Rs. 96,473-9-7. This is a large sum compared with Rs. 41,913-10-0 only in 1877-78, but Rs. 20,122-4-11 have since been collected. Rs. 44,056-8-0 will be realized upon the next kharif and rabi harvests, as the occupants were allowed time to pay their instalments in consideration of the loss they suffered from the floods. Rs. 1,854-10-0 are stated to be irrecoverable, Rs. 885-7-0 are doubtful and disputed, and the balance Rs. 29,554-11-8 will, it is hoped, be recovered before the end of January 1880 as is now anticipated by the Collector. If the current year's balances are compared with the five preceding years, the result is—

More than in 1873-74 by	Rupees	70,394	12	8
Do. 1874-75 by	„	84,387	0	7
Do. 1875-76 by	„	73,507	7	1
Do. 1876-77 by	„	87,349	6	7
Do. 1877-78 by	„	54,559	15	7
And more than the average of these 5 years by	„	74,039	11	7

25. In the Kurrachee District Rs. 30,392-11-0 were outstanding at the close of the revenue year. Of this sum Rs. 19,608-13-0 are due from the Manager, Incumbered Estates, Rs. 5,187-5-0 are due from certain Zemindars in the Dadu Taluka whose crops were destroyed by the Sir floods, and who have been allowed time, as they, by mistake, did not apply for remissions. Rs. 2,739-6-0 have since been recovered, Rs. 1,374-6-0 are in course of recovery by process of law, Rs. 9-9-0 are disputed, Rs. 512-14-0 and Rs. 960-6-0 will have to be remitted, the former by default, as the Government claims cannot be satisfied, and the latter will be recommended to be remitted, owing to the Zemindars having constructed barani bunds for the collection of rain-water so as to bring large areas of land under cultivation.

26. The balance outstanding in the Thar and Parkar District is as usual very small. It was Rs. 1,304-2-7 last year, and this year it is Rs. 657-15-0. This sum will be shortly recovered.

27. With regard to former years' balances, the total outstanding is Rs. 53,050-12-8, while in 1877-78 the amount was only Rs. 27,860-3-3. The largest sum (Rs. 25,480-3-4) is due in the Frontier District. From this amount Rs. 999-4-0 have already been collected; various sums are due from the Manager, Incumbered Estates, and that officer has been requested by the Superintendent to lose no time in clearing off these arrears. Various other sums, due from residents in the territory of His Highness the Khan of Kelat, have remained uncollected owing to the Political Officers being engaged in pressing duties connected with military operations. In a few cases the defaulters' property has been attached for the recovery of the claims against them, in other cases it is feared the amounts due will have to be written off, and on this subject the Commissioner has already communicated with the Superintendent of the Upper Sind Frontier with a view of determining whether the amounts outstanding can be recovered or not. Rs. 11,644-13-3 are due in the Shikarpur District on account of former years' balances, from which Rupees 5,594-5-3 have since been collected. Rs. 468-1-10 are recoverable, Rs. 302-6-0 will be paid in January 1880, as the defaulter was allowed time. The others are disputed and doubtful, and may have to be remitted eventually. Every effort has been made to recover the claims. In the Hyderabad District the amount is small, Rs. 4,090-3, of this Rs. 21 have since been collected, some of the items outstanding are disputed and doubtful, and the rest will, it is expected, be recovered during the current year. In the Kurrachee District the former years' dues

amount to Rupees 10,708-3-6, the largest portion is due from the Manager, Incumbered Estates. Of the sum of Rupees 1,127-5-7 due in the Thar and Parkar District, Rupees 176-13-0 have since been collected, and the balance will be recovered during the year from the Manager, Incumbered Estates, as the defaulters' estates are under his management.

28. The following Statement shows the per-centage which the remissions, collections, and balances bear to the Government land revenue :—

38. In the revenue of both years, assessments on account of the License Tax have been included according to the year for which the assessments were made. But all collections on account of both years were made in the year under report—(vide Statement of collections and balances).

39. There were no alienations or remissions of Sayer revenue during the year, and consequently the amount for collection is Rupees 23,56,055-11-11, or the same as the gross revenue. Of this Rupees 20,85,385-14-11 have been collected, leaving a balance of Rupees 2,70,669-13-0 outstanding at the close of the year. Of this sum Rupees 8,073 are due from the Frontier District, Rupees 72,362 from Shikarpur, Rupees 67,180-13-0 from Hyderabad, Rupees 1,11,382 from Kurrachee, and Rupees 11,672 from the Thar and Parkar District. Of this large outstanding balance, Rupees 2,67,172 are due to License Tax alone, the reason being that the assessment lists were published only shortly before the close of the year under report. Of this sum Rupees 2,06,489-12-1 have since been collected, Rupees 64 have been remitted, and Rupees 60,618-3-11 remain for collection.

40. The former years' balances amount to Rupees 53,414-1-6 against Rupees 1,472-5-8 in 1877-78, the reason of the great difference being that at the close of 1877-78 there was no balance of License Tax on account of former years for collection.

41. The following Statement shows the per-centage which the remissions, collections, and balances bear to the Government Sayer revenue :—
