a The correct area of the district according to the Agricultural Returns prepared in September last under the new Patwaris' rules, is 1,947 acres.

b Excludes Rs. 20,048 on account of commutation doubly shown in column 4 of Statement No. 1, and column 51 of Statement No. XII.

c The decrease in area, as compared with the figures for 1884-85, is due to diluvion.

d This includes Rs. 2,196 on account of resumed maafis.

e The decrease in area, as compared with the figures for 1884-85, is due to diluvion.

f The difference of 3 miles in area, as compared with the figures for 1884-85, was discovered when the measurements were tested.

g Decrease in area, as compared with the figures for 1884-85, is due to the fact that fractional parts of a mile, carried away by river action in former years were never excluded from the Statement, which has now been done.

h Increase in area as compared with the figures for 1884-85, is due to alluvion.

i The correct area of the district is 2,883 square miles.

j The increase in area as compared with the figures for 1884-85, is due to alluvion.

k This includes Rs. 18,800 on account of Inams.
