(a) The expenditure on Famine Relief in Provinces with which regular Provincial settlements are in force is now divided between Imperial and Provincial Revenues in the proportion of 3 : 1. Formerly it was the practice for each Local Government to set aside a fixed sum annually under the head "36—Reduction or Avoidance of Debt" in the Provincial section of the accounts, a corresponding assignment being taken from Imperial to Provincial Revenues through the "Transfers" head. This provincial allotment was regarded as a form of insurance payment, in return for which any famine expenditure incurred by a Province was to be wholly Imperial within certain prescribed limits. The extent to which Local Government was thus entitled to have its Famine expenditure treated as Imperial was represented by its "Famine Credit" in the Pre-Forma account which was maintained under the old system. Under the present arrangement the Imperial share of Famine Relief expenditure is taken uniformly at $\frac{1}{4}$ th and the Provincial share at $\frac{3}{4}$ th. The Provincial allotments under the head "36—Reduction or Avoidance of Debt" and the connected assignments from Imperial Revenues have therefore been discontinued.
