NOTE.—The figures in this return show the gross circulation, less the Notes of several Circles in the Bengal Presidency which may have been cashed in other Circles in the same Presidency. From March 1862 to April 1864, there was but one (the Calcutta) Circle in the Bengal Presidency. For the figures for that period, see Account No. 84. Where the Notes in circulation belonging to a Circle in the interior are less than its Silver Coin Reserve, the difference arises from the Notes cashed at the Head Office.

VALUE of NOTES in CIRCULATION in the SEVERAL CIRCLES in the BOMBAY PRESIDENCY, including the RESERVE of

NOTE—The figures in this return show the gross circulation, less the Notes of the several Circles in the Bombay Presidency which may have been cashed in other Circles in the same Presidency. From March 1862 to August 1864 there was but one (the Bombay) Circle in the Bombay Presidency. For the figures for that period, see Account No. 84. The Nagpore Circle was attached to the Bengal Presidency up to July 1867, and its circulation up to that month is included in the totals for the Bengal Presidency, which are given in the Abstract of the Circulation of the Paper Currency in Account No. 84, although for convenience of arrangement the circulation of the Nagpore Circle is shown from September 1864 in this return.

Account No. 92

VALUE of NOTES in CIRCULATION in the SEVERAL CIRCLES in the MADRAS PRESIDENCY on the last day of each month from January 1865 to March 1873, also amount of the SILVER COIN RESERVE of those CIRCLES

NOTE.—The figures in this return show the gross circulation, less the Notes of the several Circles in the Madras Presidency which may have been cashed in other Circles in the same Presidency. From March 1862 to December 1864 there was but one (the Madras) Circle in the Madras Presidency. For the figures for that period, see Account No. 84.

MINT AND COINAGE.

MINT AND COINAGE.

MEMORANDUM OF PARTICULARS RELATING TO GOVERNMENT COINS.

SILVER.

On 31st August 1835, the only Rupees of legal tender in British India, within local limits specified in the several Regulations prescribing the coinage, were the Sicca, Furruckabad, and Surat Rupees, and the Bombay and Madras Rupees.

Act XVII of 1835, which took effect on 1st September 1835, directed the coinage of a Company's Rupee weighing 180 grains, and of a standard of eleven-twelfths, or 165 grains of pure silver and one-twelfth or 15 grains of alloy; and declared it equivalent to the Bombay, Madras, Furruckabad, and Surat Rupees, and to fifteen-sixteenths of the Calcutta Sicca Rupee.

Act XIII of 1836 discontinued the Sicca Rupee as legal tender in discharge of any debt, but permitted its receipt by Collectors of land revenue, and at all other public treasuries by weight, and subject to a charge of one per cent. for re-coinage.

By Notifications dated 21st March and 12th May 1838, the Madras, Bombay, and Furruckabad Rupees, "and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India," were declared to be receivable by the Calcutta Mint for re-coinage, if of full weight, at their intrinsic par, viz., as equal to Company's Rupees, without any charge of seignorage for re-coinage.

All Rupees, and the Half-Rupee introduced by Act XVII of 1835, and continued by Act XIII of 1862, which are legal tender in satisfaction of all engagements, continue (unless clipped, or filed, or defaced, or diminished otherwise than by use) to be legal tender for their full weight, until by gradual wear they have lost more than two per cent. of their original weight; in this last condition the coins when tendered at a Treasury should be paid for at the rate of one Rupee a tolah, and should not be re-issued.

Four-anna and two-anna pieces are legal tender for only fractions of a Rupee. If coined under Act XIII of 1862, they are allowed to pass current so long as they have lost weight only by fair abrasion; but if they have lost weight from any other cause, they are treated as bullion.

SILVER AND COPPER.

The full weight of the coins that were prescribed by Act XVII of 1835 and Act XI of 1844 (authorising half-pice), and that were continued by Act XIII of 1862 (which changed the designation of the Rupee from Company's to Government) is as follows:—

LEGAL TENDER IN SATISFACTION OF ALL ENGAGEMENTS—						PURE SILVER	ALLOY	WEIGHT
SILVER COINS—						Grains	Grains	Grains
A Government Rupee	...	...	.	...	...	165	15	180
A Half-Rupee	..		.	...	...	82½	7½	90
LEGAL TENDER FOR FRACTIONS OF A RUPEE ONLY—								
SILVER COINS—								
A Quarter Rupee or 4-Anna piece	...	...	...	...	...	41½	3½	45
An Eighth of a Rupee or 2-Anna piece	.	.	..	.	.	20½	1½	22½
COPPER COINS—								Grains Troy.
A Double Pice, or half-anna	...	...	...	...	...	...	...	200
A Pice or quarter-anna	...	...	.	...	...	..	..	100
A Half-pice or one-eighth of an anna	...	...	...	...	...	..	..	50
A Pie, being one-third of a Pice, or one-twelfth of an anna	...	...	...	...	...	...	..	33½
90 Rupees' worth of Pice weigh 576,000 grains Troy, or 82½ lbs Avoirdupois.*								

MINT AND COINAGE.

SILVER AND COPPER —continued.

1 Rupee = 165 grains of pure silver.

1 Shilling = 80½ grains of pure silver.

1 Rupee = shillings 2·0439 or 2s. 0½d.

Silver, at 5s. 6d. per oz. standard = for the 165 grains of pure silver in a Rupee to 2·043s.;

or at 5s. 2d. per oz. standard = 1·92·004s. per Rupee.

The Company's pice, or the foregoing copper coinage, was introduced into the Bengal Presidency by Act XVII of 1835, and into the Madras and Bombay Presidencies (with retrospective effect in the latter) by Act XXII of 1844.

The title of "Government Rupee," in supersession of "Company's Rupee," was introduced by Act XIII of 1862, which rescinded further an inoperative clause of Act XVII of 1835 that had empowered the issue of a Double Rupee.

GOLD.

The old standard for gold coinage in Bengal was 99½ parts of pure gold to three-quarters of a part of alloy. This was altered by Regulation XIV of 1818 to eleven-twelfths of pure gold to one-twelfth of alloy; but the law having become inoperative, the old standard was reverted to for a time, until Act XVII of 1835 re-established the standard of eleven-twelfths fine, but declared that no gold coin should thenceforth be a legal tender of payment in India.

Under the Act XVII of 1835, the under-mentioned gold coins only can be coined at a Government Mint in British India, viz. :—

GOLD COINS.					PURE GOLD.	ALLOY	TOTAL
					Grains.	Grains.	Grains.
A Double Gold Mohur or 30-Rupee piece	...	..	..	...	330	30	360
A Gold Mohur or 15-Rupee piece	...	...	.	...	165	15	180
¾rds of a Gold Mohur or a 10-Rupee piece	...	..	...	...	110	10	120
¼rd of a Gold Mohur or a 5-Rupee piece	...	...	..	...	55	5	60

By a Notification dated 28th October 1868, Sovereigns and Half Sovereigns coined at any authorized Royal Mint in England or Australia, of current weight, may be received in all the Treasuries of British India and its Dependencies in payment of sums due to Government as the equivalent of ten Rupees and four annas, and of five Rupees and two annas, respectively; and whenever available at any Government Treasury, they may be paid at the same rates to any person willing to receive them in payment of claims against the Government. Another Notification, dated 24th November 1869, fixed the following rates of allowance for the wear of gold coin before it ceases to be received in Government Treasuries, viz. :—

ALLOWANCE FOR THE WEAR OF GOLD COIN							GRAINS
For the Gold Mohur, Sovereign, and 10-Rupee piece		...	...	...	...	...	774
„ Half Sovereign and 5-Rupee piece	...	..	...	...	...	...	512
„ Double Mohur	...	...	..	...	..	...	1.

STRAITS SETTLEMENTS.

Under Acts VI of 1847 and XVII of 1855, the following copper currency was legalised for the Straits Settlements, which, on 31st March 1867, were transferred to the control of Her Majesty's Colonial Government :—

Troy Grains.		Troy Grains.	
1 Copper Cent of	144 = ½ part of a Dollar.	Double Pice of	200 = ⅓ Dollar.
A Half Cent of	72 = ¼ " "	Single Pice of	100 = ⅓ " "
A Quarter Cent of	36 = ¼ " "	Half Pice of	50 = ⅓ " "
		One Pice of	33½ = ⅓ " "

SEIGNORAGE.

Gold is coined for individuals at the Mints in British India on payment of a seignorage of one per cent., exclusive of premelting charges.

Silver is coined for individuals at the Mints in British India on payment of a seignorage of two per cent., exclusive of premelting charges.

Silver is coined for Government at a credit to the Mint of one per cent. on the amount coined.

Under Act XIX of 1861, Section IX, Currency Notes payable to bearer in coin, on demand, are issuable in exchange for the amount thereof in standard silver bullion, or in foreign silver coin computed according to such standard, at the rate of Rs. 979 per 1,000 tolas of standard silver fit for coinage.

TABLES SHOWING OUTTURN OF SILVER BULLION OR SPECIE REMITTANCE
FROM ENGLAND TO INDIA.

EXPLANATORY REMARKS.

The calculations used in the preparation of this table are as follows :—

- A.—To the cost of an ounce troy of standard silver in London 1 per cent. is added for freight and charges for remitting, and to the total cost $\frac{1}{4}$ per cent. is added as interest for the time taken by a bullion remittance in excess of the time occupied by a remittance by bill. This sum is divided by the Mint outturn of an ounce of fine silver bullion received into the Mint after cutting, as given below, and the quotient, showing the cost of a Government Rupee in India in Pence, is entered in column A. :—

				Rs.
One ounce troy of English standard silver	...	...	...	= 2 6908
Mint duty and melting charge	...	...	...	= '0564
		Net value	...	2 6344
Mint loss in cutting	...	...	...	= '0003
		Mint net outturn	...	2 6341

- B.—The rates in this column are based on the Mint outturn of an ounce of silver in specie, or bullion of inferior quality, received into the Mint after melting, as given below, the transit charges being 1 per cent. :—

				Rs.
Net value as above	...	...	...	2 6344
Mint loss in melting	...	...	...	0046
		Mint net outturn	...	2 6298

- C.—The rates in this column are based on the transit charges, being $1\frac{1}{4}$ per cent., viz, freight $\frac{1}{2}$ per cent., insurance $\frac{1}{4}$ per cent., boxes, packing, &c., $\frac{1}{8}$ per cent., brokerage $\frac{1}{8}$ per cent., interest at $\frac{1}{4}$ per cent., and on Mint outturn of an ounce of fine silver bullion, viz., Rs. 2·6341.

- D.—The rates in this column are based on the transit charges of $1\frac{1}{4}$ per cent., interest at $\frac{1}{4}$ per cent., and on Mint outturn of an ounce of silver in specie, or bullion of inferior quality, viz., Rs. 2·6298.

- E.—The rates in this column are calculated on the same data as in column A., except that interest is taken at $\frac{1}{2}$ per cent.

- F.—The rates in this column are calculated on the same data as in column B., except that interest is taken at $\frac{1}{2}$ per cent.

- G.—The rates in this column are calculated on the same data as in column C., except that interest is taken at $\frac{1}{2}$ per cent.

- H.—The rates in this column are calculated on the same data as in column D., except that interest is taken at $\frac{1}{2}$ per cent.

DATA FOR CALCULATIONS.

English standard $\frac{22}{24}$ th fine silver.

Indian standard $\frac{1}{2}$ th ditto.

1 ounce troy = $2\frac{2}{3}$ tolas.

CHARGES IN ENGLAND.

Freight, insurance, boxes, packing, brokerage, &c., 1 to $1\frac{1}{4}$ per cent.

Interest is calculated at 6 per cent. per annum on the time taken by a bullion remittance in excess of the time occupied by a remittance by bill. This excess is from 15 days to a month, and is equal to $\frac{1}{4}$ per cent. for 15 days and $\frac{1}{2}$ per cent. for 30 days.

CHARGES IN INDIA.

Mint duty = 1 per cent.

Mint melting charge = 1 per mille.

Loss in cutting in the Mint if fine silver bullion = $\frac{1}{8}$ per mille.

Loss in melting in the Mint if silver specie, or bullion of inferior quality = 1·75 per mille.

Account No. 111 —continued.

* These, according to Mr. Bridgnell, the Mint Accountant's opinion, should not be deducted. He says as follows:—

"The Rs. 21,22,230 of bullion were purchased by the Mint at a deduction of 1 per mill for melting (not 1 per cent. for refinage), and of 2 per cent. for seignorage. The deductions were at the time of purchase brought to profit, so that the bullion at the time of remittance stood in the Mint books at standard value, i. e., at par, and it was remitted at this par value, so that there should have been no deduction made from it to ascertain the rate of exchange." See Mr. Bridgnell's pencil note, dated the 15th May 1873.
