NOTE.—The figures in this return show the gross circulation, less the Notes of several Circles in the Bengal Presidency which may have been cashed in other Circles in the same Presidency. From March 1862 to April 1864, there was but one (the Calcutta) Circle in the Bengal Presidency. For the figures for that period, see Account No. 84. Where the Notes in circulation belonging to a Circle in the interior are less than its Silver Coin Reserve, the difference arises from the Notes cashed at the Head Office.

NOTE.—The figures in this return show the gross circulation, less the Notes of the several Circles in the Bombay Presidency which may have been cashed in other Circles in the same Presidency. From March 1862 to August 1864 there was but one (the Bombay) Circle in the Bombay Presidency. For the figures for that period, see Account No. 84. The Nagpore Circle was attached to the Bengal Presidency up to July 1867, and its circulation up to that month is included in the totals for the Bengal Presidency, which are given in the Abstract of the Circulation of the Paper Currency in Account No. 84, although for convenience of arrangement the circulation of the Nagpore Circle is shown from September 1864 in this return.

NOTE.—The figures in this return show the gross circulation, less the Notes of the several Circles in the Madras Presidency which may have been cashed in other Circles in the same Presidency. From March 1862 to December 1864 there was but one (the Madras) Circle in the Madras Presidency. For the figures for that period, see Account No. 84.

MINT AND COINAGE.

MINT AND COINAGE.

MEMORANDUM OF PARTICULARS RELATING TO GOVERNMENT COINS.

SILVER.

On 31st August 1835, the only Rupees of legal tender in British India, within local limits specified in the several Regulations prescribing the coinage, were the Sicca, Furruckabad, and Sonat Rupees, and the Bombay and Madras Rupees.

Act XVII of 1835, which took effect on 1st September 1835, directed the coinage of a Company's Rupee weighing 180 grains, and of a standard of eleven-twelfths, or 165 grains of pure silver and one-twelfth or 15 grains of alloy; and declared it equivalent to the Bombay, Madras, Furruckabad, and Sonat Rupees, and to fifteen-sixteenths of the Calcutta Sicca Rupee.

Act XIII of 1836 discontinued the Sicca Rupee as legal tender in discharge of any debt, but permitted its receipt by Collectors of land revenue, and at all other public treasuries by weight, and subject to a charge of one per cent. for re-coinage.

By Notifications dated 21st March and 12th May 1838, the Madras, Bombay, and Furruckabad Rupees, "and generally the Rupees issued from any Mint of the British Government that may still be a legal tender in any part of India," were declared to be receivable by the Calcutta Mint for re-coinage, if of full weight, at their intrinsic par, viz., as equal to Company's Rupees, without any charge of seignorage for re-coinage.

All Rupees, and the Half-Rupee introduced by Act XVII of 1835, and continued by Act XIII of 1862, which are legal tender in satisfaction of all engagements, continue (unless clipped, or filed, or defaced, or diminished otherwise than by use) to be legal tender for their full weight, until by gradual wear they have lost more than two per cent. of their original weight: in this last condition the coins when tendered at a Treasury should be paid for at the rate of one Rupee a tolah, and should not be re-issued.

Four-anna and two-anna pieces are legal tender for only fractions of a Rupee. If coined under Act XIII of 1862, they are allowed to pass current so long as they have lost weight only by fair abrasion; but if they have lost weight from any other cause, they are treated as bullion.

SILVER AND COPPER.

The full weight of the coins that were prescribed by Act XVII of 1835 and Act XI of 1844 (authorising half-pice), and that were continued by Act XIII of 1862 (which changed the designation of the Rupee from Company's to Government) and by the Indian Coinage "Act XXIII of 1870" is as follows:—

MINT AND COINAGE.

SILVER AND COPPER —concluded.

1 Rupee = 165 grains of pure silver.

1 Shilling = 80½ grains of pure silver.

1 Rupee = shillings 2·0439 or 2s. 0½d.

Silver, at 5s. 6d. per oz. standard = for the 165 grains of pure silver in a Rupee to 2·043s.;

or at 5s. 2d. per oz. standard = 1·92·004s. per Rupee.

The Company's pice, or the foregoing copper coinage, was introduced into the Bengal Presidency by Act XVII of 1835, and into the Madras and Bombay Presidencies (with retrospective effect in the latter) by Act XXII of 1844.

The title of "Government Rupee," in supersession of "Company's Rupee," was introduced by Act XIII of 1862, which rescinded further an inoperative clause of Act XVII of 1835 that had empowered the issue of a Double Rupee.

GOLD.

The old standard for gold coinage in Bengal was 99½ parts of pure gold to three-quarters of a part of alloy. This was altered by Regulation XIV of 1818 to eleven-twelfths of pure gold to one-twelfth of alloy; but the law having become inoperative, the old standard was reverted to for a time, until Act XVII of 1835 re-established the standard of eleven-twelfths fine, but declared that no gold coin should thenceforth be a legal tender of payment in India.

Under the Act XVII of 1835, the under-mentioned gold coins only can be coined at a Government Mint in British India, viz. :—

GOLD COINS.		PURE GOLD.	ALLOY.	TOTAL.
		Grains.	Grains.	Grains.

By a Notification dated 28th October 1868, Sovereigns and Half-Sovereigns coined at any authorised Royal Mint in England or Australia, of current weight, may be received in all the Treasuries of British India and its Dependencies in payment of sums due to Government as the equivalent of ten rupees and four annas, and of five rupees and two annas, respectively; and whenever available at any Government Treasury, they may be paid at the same rates to any person willing to receive them in payment of claims against the Government. Another Notification, dated 24th November 1869, fixed the following rates of allowance for the wear of gold coin before it ceases to be received in Government Treasuries, viz. :—

Silver is coined for individuals at the Mints in British India on payment of a seignorage of two per cent., exclusive of premelting charges.

Silver is coined for Government at a nominal credit to the Mint of one per cent. on the amount coined.

Under Act XIX of 1861, Section IX, Currency Notes payable to bearer in coin, on demand, are issuable in exchange for the amount thereof in standard silver bullion, or in foreign silver coin computed according to such standard, at the rate of Rs. 979 per 1,000 tolas of standard silver fit for coinage.
