1887 . . .	5.18	1898 (") . . .	4.87
		1899 (") . . .	5.69

The manager of the mill explains:—

"The rate for 1877 appears to be abnormal, probably because there were few employees and the mill had only recently started. If the wages of one or two men more highly paid than the others be left out, the rate is Rs. 4-3-0."

(6).—Monthly wages (in Rs.) in a Mill in Northern India—continued.

(b) Skilled labour (January of each year).
