## ORDERS WITH REGARD TO THE HISTORY OF SERVICES.

No. 82 (Public—Records), dated India Office, London, the 12th November, 1885.

*From—Her Majesty's Secretary of State for India,*

*To—His Excellency the Right Honourable the Governor-General of India in Council.*

MY LORD,—It having been decided to publish in this country an "India Office List" each year, similar in general principles to the Colonial and Foreign Office Lists, it is desirable that the necessary information should reach this office from each of the Presidencies and Administrations at regular intervals. At present the "Histories of Services of Gazetted Officers," from which the "India Office List" will be compiled, are brought up to

Bengal, 31st May, 1884.  
North-Western Provinces and Oudh,  
31st January, 1884.  
Panjáb, 1st January, 1884.  
British Burma, 1st January, 1884.  
Assam, 1st April, 1884.  
Central Provinces, 31st March, 1884.  
Hyderabad, 31st December, 1884.

(With Supplements, bringing services of some officers up to December, 1884.)

date at different periods for the several Local Governments, and these are sometimes not sent home till long after the periods to which they refer. The dates to which the latest issues are corrected and of their receipt here are shown in the margin.

2. I request that orders may be issued for the correction of these works up to the 1st July for the whole of India, and that copies may be sent home so as to reach this office not later than the 1st of November in each year.

3. The proposed publication will include a record of the services of all Convenanted Civil Servants in India; of all Unconvenanted and Military Officers in civil employ in India, drawing not less than Rs. 1,000 a month civil pay, exclusive of all allowances; of officers of the superior grades on the Home Establishment of the Secretary of State for India, and of certain retired officers, Civil and Military.

4. Besides the information contained in the Histories of Services published in India, it is intended to give particulars of any literary work of a public or official character undertaken by an officer; and I shall be glad if Your Excellency will take such steps as may seem necessary to obtain the required information on this point.

5. The Histories of Services of Gazetted Officers are not at

1. Telegraph Department.
2. Public Works Department, Panjáb.
3. State Railway Establishments under the Director-General and Consulting Engineers for State Railways.
4. Officers of the Foreign Department of the Government of India (except Hyderabad and those given in the Provincial List of Services).

present received from all the branches of Government service in India, those noted in the margin not having been sent home. It is desirable that these should be regularly supplied in order that the India Office List may contain a complete record for all Departments.

SIR,—With reference to the accompanying copy of a Despatch\*  
\* No. 82 <sup>Public</sup> <sub>Records</sub>, dated 12th November, 1885, from Her Majesty's Secretary of State on the subject of the annual publication of an "India Office List," which is to be compiled from the "Histories of Services of Gazetted Officers" published in India, I am directed to request that the orders contained in paragraphs 2 and 4 may be carefully noted and complied with. With regard to the paragraph last mentioned, I am to say that it would be convenient if the required information concerning literary works of a public or official character were in future embodied in the volume of the Histories of Services of Gazetted Officers published under the orders of the Government of the North-Western Provinces and Oudh.

I am accordingly to request that the next issue of the volume may contain full information on this point, and that such information may be kept up to date in future issues.

HOME DEPT.  
(PUBLIC.)

MY LORD,—With reference to Lord Randolph Churchill's Despatch No. 82 (Public—Records), dated the 12th November, 1885, on the subject of the annual publication in England of an "India Office List," similar in general principles to the Colonial and Foreign Office Lists, we have the honor to transmit, for Your Lordship's information, a copy of the instructions which we have issued to Local Governments and Administrations in the Bengal Presidency and to the several Departments of the Government of India, to ensure the correct preparation and punctual transmission to the India Office of the "Histories of Services of Gazetted Officers" published in this country, from which it is proposed that the "India Office List" should be compiled.

2. In the 4th paragraph of the Despatch cited above Lord Randolph Churchill intimated that, in addition to the information contained in the Histories of Services published in India, it was intended to give particulars in the "India Office List" of any literary work of a public or official character undertaken by any officer; and His Lordship desired that steps might be taken to obtain the required information on this point. In regard to this matter enquiries have been made by some officers as to the meaning to be attached to the phrase "literary work of a public or official character," and to these enquiries we do not feel in a position to give a definite answer. It is doubtful, for instance, whether the term "literary work" should be held to include papers written by Government officers on such subjects as tobacco,

vanilla, lac, and other economic products, or such publications as the Codes of the Financial and Account Departments, or whether it should be restricted to works of a more original character, such

\* (1) "Manual of the Land Revenue Systems and Land Tenures of British India."

(2) "Manual of Jurisprudence for Forest Officers."

as "Hunter's Imperial Gazetteer of India" and the Manuals\* published by Mr. Baden-Powell. It has also been questioned whether the term is intended to cover "Papers" and similar docu-

ments written for various associations and scientific societies, or translations as opposed to original works. As doubts have been raised on the point, and as it is desirable that the practice should be the same in the case of the India list as in that of the proposed "India Office List," we shall be glad if Your Lordship will supply us with further information as to the nature, &c., of the works, particulars regarding which should be incorporated in the lists in question.

No. 67 (Public —Records), dated India Office, London, the 26th August, 1886.

*From—Her Majesty's Secretary of State for India,*

*To—His Excellency the Right Honourable the Governor—*

*General of India in Council.*

MY LORD,—I have received Your Excellency's letter, Home Department, Public, No 30 of the 19th June last, in which you ask for some further definition of the literary works "of a public or official character" which it is desired to insert in the new "India Office List" against the names of their respective authors. It is most undesirable to increase unnecessarily the bulk of the book, and it would be out of the question to include all departmental or official reports drawn up by officers. The mention of these should be limited to reports of special importance which have been deemed of sufficient interest for general publication. Other works should, generally speaking, be limited to original publications.
