CIVIL ABSENTEE RULES.

GENERAL DEPARTMENT.

Bombay Castle, 21st February 1840.

The following Absentee Regulations, established by the Government of India, and approved by the Hon'ble the Court of Directors, are declared applicable to this Presidency, and are republished for general information :—

FORT WILLIAM.

FINANCIAL DEPARTMENT.

THE 29TH JANUARY, 1840.

The following Rules for the grant of leave of absence and for regulating deductions from salaries and deputation Allowances having been approved and passed by the Hon'ble Court of Directors, are published for general information, and will take effect in all the Presidencies, Settlements and Stations under the Government of India from the date of the arrival of the *Gazette* containing them in respect to all leaves of absence granted after that date. The notes show the interpretation put by the Council of India upon the rules in their application, to cases not specifically mentioned.

Rules for application for leave of absence and for fixing the local limits within which it may be granted.

Section I. No leave of absence from any office or station can be granted,

Note.—This rule must be considered at superceding the rule under which Commissioners of the Land Revenue and other Officers have heretofore been allowed to grant leave of absence in Bengal.

but by the Government of the Presidency under which the employment is held, and in the application of the party requiring such leave, saving in such cases as may hereafter be specially excepted. The application must be made publicly through the regular channel in the Department to which the applicant may belong.

Sec. II. The official allowances of the holder of a civil office quitting his station without leave will entirely cease from the date of his quitting until his return, or in the event of his subsequently obtaining leave to the date of such leave being granted to him.

Sec. III. No leave of absence shall have any retrospective effect except in cases of severe illness, to be attested by a medical certificate, conforming in every respect to the directions contained in Section V.

Sec. IV. Upon application duly made, the Government of each Presidency may grant leave of absence to any place or places in the Continent of India, whether within the Territories subject to the Government of the East India Company, or not, to any Civil or Military Servant holding a civil appointment, subject to all the conditions prescribed in the rules that may be applicable to his case. Upon similar application the Government of each Presidency may also grant leave to such persons subject to the like conditions, to proceed to the Island of St. Helena, the Colony of the Cape of Good Hope, or to any place situated between the 36th Degree of North Latitude and the 50th Degree of South Latitude, such place being likewise between the 30th and the 180th Degrees of Longitude East of Greenwich, excepting however any Islands in the Mediterranean or Levant, and excepting all places within the said Geographical limits which may form part of Europe, Provided also, that if at any time the Government of India shall deem it expedient to exclude any place or places within the limits above described from the operation of these rules, such

NOTE.—All the Sections marked thus have been amended by the Rules passed by the Government of India on the 17th May 1843.*

exclusion shall be officially communicated to the subordinate Government, and all leave subsequently granted shall be regulated accordingly. A Servant passing the limits herein prescribed will incur the immediate forfeiture of his office or employment, and of all official allowances whatever from the date of his quitting India.

CHAPTER II.

Rule for Sick Leave.

Sec. V. When an application for leave of absence is made on the ground of ill health, it must be accompanied by a certificate from the Medical Officer by whom the applicant has been attended, distinctly stating from the personal observation, the nature of the disease, the symptoms by which it is manifested, the period during which it has existed as far as the knowledge of the Medical Officer extends, and the necessity for temporary removal to some other place, either within the Territories subject to the Government of the East India Company or beyond them, but within the limits laid down in Section IV. as the case may be, and such certificate must be submitted to the consideration of the Medical Board, and if satisfactory, shall be countersigned by one of its Members. An application for an extension of leave must, if the applicant be in India, be accompanied by a certificate from the Medical Officer by whom the applicant is attended shewing sufficient reason for the extension solicited, and such certificate like the former must be examined and countersigned by a Member of the Medical Board. If the applicant shall have proceeded beyond the Territories under the Government of the East India Company, he must furnish a certificate to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended, such attendance and the period of it to be stated, and the certificate to be countersigned by the principal Medical Authority of the Colony or Country. When any of the required particulars are neglected leave will be refused.

* Sec. VI. Civil Servants absent from their stations under medical certificate will be entitled to the salaries of their respective offices, subject to the following deductions. If the salary exceed Rupees 2,000 per mensem, one-sixth for the first year, and for the second year, one-fourth. If the salary do not exceed Rupees 2,000 per mensem, one-eighth for the first year, and one-sixth for the second. But if the salary of office be not more than Rupees 500 per mensem, no deduction shall be made for the first year; and if it be only so much more than the prescribed deduction of one eighth would reduce the allowance below Rupees 500 per mensem, only the excess beyond Rupees 500 shall be deducted. For the second year the Absentee shall become liable to the deduction of one-eighth. An absent Servant shall in no case retain any office or employment, nor be permitted to draw any portion of official salary for a longer period than two years, but a Civil Servant who may on account of sickness, duly certified, obtain an extension of leave beyond two years, will, if below the rank of a Senior Merchant, be allowed to draw the subsistence allowance of a Junior Merchant, and if a Senior Merchant, the subsistence allowance of his rank, but if he continue absent in disobedience of an order to return, or without sufficient cause shewn, that allowance also will be forfeited. The period of absence shall be computed from the date at which the Absentees shall quit the limits of the Territories subject to the Presidency to which he may belong, to the date of his return within such limits, or if he shall proceed beyond Sea from the date of his embarking at any place or port in India which is not more distant from his station than the ports of his own Presidency; but if the place to which he shall proceed shall be within the Territories subject to such Presidency, his period of absence shall be computed from the date of his quitting his station to the date of his return thereto.

Sec. VII. Civil Servants absent on leave on account of sickness, duly certified, if they proceed to England without returning to their Presidency,

may, as heretofore, apply to be admitted to Furlough by the Hon'ble the Court of Directors, and the Furlough will in such cases take effect from the date of leaving their Presidency, consequently the allowances of office that may have been drawn by themselves or by their Agents after their departure, must in that case be re-adjusted, and the difference refunded.

Note.—This rule applies to all descriptions of leave on account of health, excepting those granted under Sec. XII.

Thus a second leave within the Presidency, no less than a second leave to sea will be computed as forming part of the period of two years, if taken before three years have elapsed since returned from the first leave, and the deductions will be made upon computation of the accumulated period of absence under all such leaves taken without the intervention of three years of consecutive service.

Sec. IX. Military Officers employed in the Civil Department and drawing a Civil allowance may obtain leave under medical certificate on precisely the same conditions as Civil Servants, except as to allowances. Such officers, in common with those holding staff situations in the Military Department will draw the Military Pay and Allowances of their rank while absent on leave under medical certificate, in the form and manner prescribed in General Orders in the Military Department, and likewise one-half of the difference between such allowances and the civil pay of the offices to which they stand appointed.

Sec. X. Civil or Military Servants holding civil appointments who may desire to avail themselves of the benefit of the Act I. Vic. Cap. 47. and to draw their allowances while absent on account of sickness under the above rules, will be required to give security in such amount and form as may be fixed by the Government for the refund of any excess that may be drawn, either by the Agents at the Presidency or by themselves in case of their proceeding to Europe on Furlough or otherwise coming under retrenchment.

* Sec. XI. The Government of each Presidency may grant to Civil or Military Servants holding civil appointments leave of absence for one month in each year without deduction from the salaries and emoluments drawn by such Servants. Such leave however will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the Officers seeking it. No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave, but Servants not availing themselves of the indulgence in any one year may obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of 22 months from the termination of their former leave, and if two years elapse without enjoyment of the privilege, leave for three months may in like manner be granted at the expiration of 33 months from the termination of the last preceding leave. But no leave shall be granted under this rule for any period exceeding three months. If an Officer shall not return at the expiration of the period of leave granted him under this rule, he shall, if absent on private affairs, be subjected to the deduction of one-third of his salary and allowances for the entire term of absence, and if he shall continue absent for more than one month beyond the term granted, his office shall become vacant. If his protracted absence be occasioned by sickness, the case must be determined under the provisions of Chapter II.

Sec. VIII. No second leave will be granted to any Civil or Military Servant holding a civil appointment who has been absent under the above rules for two years, until three years at the least shall have passed after the date of such Servant's return, but if such a Servant is compelled by sickness again to absent himself from this station within three years after having been absent under the above rule for less than two years, he will be allowed to complete that period, subject to the limitations and conditions heretofore prescribed drawing the proportion of salary allowed for the remaining time as if the leave had been continuous.

*Sec. XII. The Government of each Presidency may, on sufficient cause being shown, grant to a Civil or Military Officer holding a civil office special leave of absence on private affairs. Provided however, that, if any Officer to whom such leave shall be granted shall be absent from his station for any period exceeding that to which under the last rule he may be entitled without deduction, the absentee, if a Civil Servant, shall, for the period in excess, draw no more than one-half of his salary and allowances, and if a military officer, only so much of the salary and allowances of any civil officer to which he may stand appointed as added to the Military pay and allowances which he may be entitled to draw shall equal one-half of the emoluments of such civil office. After an absence of three months (exclusive of any period which may be granted under Section XI.) any office held by the absentee shall become vacant. No second leave under this rule can be granted until after the expiration of five years from the termination of the former leave, and the Government is specially to report each case with all the attendant circumstances to the Court of Directors.

CHAPTER IV.

"Rules for leave preparatory to embarkation and for joining Stations."

*Sec. XIII. For embarkation to Europe on furlough, or with leave under medical certificate, or preparatory to retirement from the service, a Civil or Military Servant holding a civil appointment may take leave under such of the preceding rules as may apply to his case. If an Officer desirous of retiring or about to proceed to Europe on furlough, shall not under the previous rules be entitled to any leave of absence. Special leave may be granted him for one month if the distance of his station from the Presidency or the Port at which he shall intend to embark shall not exceed 300 miles—for two months if the distance be more than 300 and less than 600 miles, or if for three months if it shall exceed 600 miles, but such leave can only be granted under medical certificate—and the absentee, if a Civil Servant, shall be subjected to the deduction of one-third of his salary and allowances if not more than 2,000 Rupees per month, and of one-half if they exceed that sum. At the expiration of such special leave it may be renewed for one month, subject to the same deductions on satisfactory evidence being produced that the Servant has been prevented leaving India either by severity of illness or by the difficulty of procuring a passage, but no further leave can under any circumstances be granted. A military officer holding civil employment who may obtain special leave under this rule shall draw only so much of the salary of his civil office as added to his Military pay and allowances will equal one-half of his civil emoluments. If a Civil or Military Servant holding civil office who may have obtained leave with the intention of embarking for Europe on furlough, or retiring from the service, shall subsequently abandon the intention and return to his station, his absence will be regulated under such of the rules in Chapters 2 and 3 as may be applicable.

Note.—This rule is only applicable to Civil Servants, Military Officers appointed to Civil Office, will draw salary only from the date of joining as heretofore, the rule in force in respect to staff situations being applicable to them.

Sec. XIV. There shall be allowed to Officers appointed to any new office the periods of one month, two months or three months for joining accordingly as the distance may not exceed 300 or 600 miles, or be in excess of the last mentioned distance. Officers not joining their station within the said period respectively shall forfeit their salary for the time delayed in excess of the above periods, and if such excess shall exceed one month, the office shall be vacated unless otherwise specially ordered by Government.

† Rescinded vide amended Rules 17th May 1843.

Sec. XV. Upon the first appointment of any Civil Servant who shall be reported qualified for the public service by the examiners appointed by the Government to any civil situation, there shall be allowed for travelling expenses to the station an allowance at the rate of 8 Annas per mile by the direct Post-road according to the Polymetrical Tables of the Post Office, the bill for which allowance will be passed by the Civil Auditor after the Officer shall have joined the station; if required in advance, an order of the Government shall be necessary.

Sec. XVI. The salary of office will be payable from the date only of the Officer joining, but in the case of junior Civil Servants, the salary of Assistants will be payable from the date of their being reported qualified for the public service, unless forfeited under the preceding rules through delay in joining the station to which they may be appointed.

Note.—This rule also is only applicable to Civil Servants—Military Servants drawing as in the case of Staff situations, no civil salary from the time of leaving one office till the date of joining the other.

Sec. XVII. In case of a change of office when an Officer is appointed to a higher situation, he shall not draw the higher salary until he joins. For the period occupied in travelling, the Rule No. XIV. regulating the time and distance for joining station shall be applicable, and the officer will, for the periods allowed in that rule respectively, draw out of the salary of the office he is about to join, a sum equal to that of his previous situation.

CHAPTER V.

“Rules for Deputation Allowances.”

* Sec. XVIII. The sum of Company's Rupees 52,200 per annum having been fixed under the orders of the Court of Directors as the maximum salary of civil office for the Offices of Government under the situation of Member of Council—Civil and Military Servants holding office in the Political Department, who may draw larger allowances than this annual sum as a consolidated personal and sumptuary allowance in consideration of the necessary expences of their position, will, in all cases of absence, be treated

Note.—This rule will equally apply in case of a Political Resident taking a leave of 3 months for which in other cases he would suffer no deduction—The excess above the maximum monthly salary in that case be enjoyed by the person in charge.

in respect to deductions as drawing only the allowance thus limited, and the excess above the monthly salary yielded by that annual sum, shall remain as a local addition to the usual deputation allowance to be drawn by the Officer performing the duties to meet the necessary expences of his position.

* Sec. XIX. Deputation allowances shall be granted to Civil Servants temporarily performing the duties of an office according to the following scale, and subject to the limitations and conditions hereafter laid down.

To Civil Servants out of Employ.

* *Note.*—Military persons acting for other Military persons holding civil office, will, as in the case of staff, draw half the difference between the incumbent military allowance, and the consolidated civil salary as at present, that is, will draw the amount retrenched from the absentee, but when acting for a Civil Servant they will draw at the rates of this table, and under the same rules as Civil Servants.

A Civil Servant acting for another will have no claim to Commission or Fees where any such sources of emolument exist. These will be regarded as forming part of the income of the Officer to be relieved by the occupant, subject to the prescribed deductions. The grant of special allowances—of allowances to Commissioners, and other Officers for travelling expenses, and to Officers of Districts or Assistants when employed on settlement or special police duties, will be regulated by a supplemental set of rules.

Sec. XX. No Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, and if the amount of the deputation allowance according to the prescribed scale added to the permanent emolument of the officiating Servant, would exceed the emoluments of the office in which he is temporarily acting, the excess shall not be drawn. But this provision shall not apply to the case of any Officer deputed for special reasons to act in an office of inferior emolument to his own. In cases where an Officer holding two appointments on being deputed to officiate for another, shall be relieved only from one he shall receive no deputation allowance unless the emoluments of the office in which he is deputed to act, exceed the united emoluments of his permanent appointments and in that case the deputation allowance shall be limited to the difference.

* Sec. XXI. No subordinate Officer acting for his Principal or for any other person holding a superior appointment in the same office or establishment, at the same station, shall be entitled to any deputation allowance until after the expiration of three months, and then the allowance is not to be drawn in arrear. But a servant previously out of employment, or who may be deputed to act from a different station, shall be entitled to deputation allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

* Sec. XXII. A Civil Servant out of employment, if deputed to act at a distance, and civil servants having permanent emolument, who may be so deputed and who may be restricted by any provision in these rules to the allowance of their own office, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment. When the entire sum received as deputation allowance may fall short of the which, according to the distance would be allowed for travelling expenses the difference may be drawn. In all cases of absence under medical cer-

tificate, and in cases of absence on private affairs, when the absent Officer shall not be subject to deduction, such payments shall be made, at that charge of the Government.

CHAPTER VI.

"Rules for Chaplains and Assistant Chaplains."

Sec. XXIII. Chaplains and Assistant Chaplains may, under the medical certificate obtain leave of absence, subject to all the deductions, conditions and limitations prescribed in the case of civil servants, but no Chaplain or Assistant Chaplain can be permitted to draw any allowance, when his period of absence shall have exceeded two years.

* Sec. XXIV. The Government of each Presidency may grant to Chaplains and Assistant Chaplains special leave of absence on private affairs, but if such absence shall exceed the period to which the Absentee may be entitled under the following rule, they shall for the period in excess be subjected to the deduction of one-half of their allowances, and after an absence of six months (in addition to any leave granted under the succeeding rule) all allowances shall be discontinued.

* Sec. XXV. Leave of absence for one month in each year, or for two or three months as the case may be under the principle sanctioned in Section XI. may be granted to Chaplains or Assistant Chaplains by the Bishop of the Diocese or when the Diocese may be vacant (but not otherwise) by the Archdeacon or other Ecclesiastical functionary performing the duties of an Archdeacon or Commissary; and such leave being consistent with the rule will be recognized by the Civil Auditor after it has been published in the *Government Gazette* of the Presidency with the authority of Government. Information every leave so granted by the Bishop or other Ecclesiastical Officer abovementioned, shall be immediately transmitted to the proper Secretary to Government, for the purpose of notification in the *Gazette*.

* Sec. XXVI. For embarkation on furlough, or sick leave, or with the intention of retiring from the service, Chaplains and Assistant Chaplains are entitled to the benefits of Sec. XIII. on the same conditions on which they are enjoyed by civil servants.

Sec. XXVII. On joining a station in the interior after arrival in India, a Chaplain or Assistant Chaplain will be allowed the same rate of travelling charges, and be subjected to the same rules in respect to joining his station as a civil servant. On any subsequent transfer from one station to another, the same allowance will be made if the transfer takes place not at the desire of the Chaplain removed, but by order of Government.

Officers of the Assay Department.

* Sec. XXVIII. The Assay Master and Deputy or Assistant Assay Master of any Mint in India may obtain leave of absence under sick certificate, or on private affairs, subject to the conditions in the rules forming Chapters I. to V. The absentee, if in the enjoyment of any Military pay or allowance will, during his absence, be subject to the deductions prescribed in the case of Military Officers holding civil employments. If not

Military Officer, the absentee will be subject to the same deductions as a civil servant under similar circumstances, but no Officers of the Assay Department can be permitted to draw any portion of salary for a longer period than two years if absent under sick certificate, nor for a longer period than three months (exclusive of any period granted under Sec. XI.) if absent on private affairs.

Read Proceedings in this Department, No. 235, dated 31st ultimo.

Read..... Ditto No. 234, Ditto.

Read Extract from Judicial Dept., No. 14, dated 29th ultimo.

Resolution.—With a view to uniformity of practice at all the Presidencies, the following constructions of Rules of the Absentee Regulations, dated the 29th January 1840, are ordered to be published for general information and guidance:

SECTION III.

SECTION III.

No leave of absence shall have any retrospective effect, except in cases of severe illness to be attested by Medical Certificate, conforming in every respect to the direction contained in section V.

1st.—The leave with retrospective effect referred to, in this section is leave extending to absence antecedent to the permission of the Government—that is, to absence in anticipation of original leave without the excuse of sickness.

SECTION VI.

Civil Servants absent from their stations under Medical Certificate will be entitled to the salaries of their respective offices subject to the following deductions. If the salary exceed Rupees 2,000 per mensem, one-sixth for the first year and for the second year one-fourth. If the salary do not exceed Rupees 2,000 per mensem, one-eighth for the first year and one-sixth for the second. But if the salary of office be not more than Rupees 500 per mensem, no deduction shall be made for the first year, and if it be only so much more that the prescribed deduction of one-eighth would reduce the allowance below Rupees 500 per mensem only the excess beyond Rupees 500 shall be deducted. For the second year the absentee shall become liable to the deduction of one-eighth. An absent servant shall in no case retain any office or employment, nor be permitted to draw any portion of official salary for a longer period than two years; but a civil servant, who may, on account of sickness, duly certified, obtain an extension of leave beyond two years will, if below the rank of a Senior Merchant, be allowed to draw the subsistence allowance of a Junior Merchant, and if a Senior Merchant the subsistence allowances of his rank, but if he continue absent in disobedience of an order to return or without sufficient cause shewn, that allowance also will be forfeited. The period of absence shall be computed from the date at which the absentee shall quit the limits of the Territories, subject to the Presidency to which he may belong, to the date of his return within such limits, or if he shall proceed beyond Sea, from the date of his embarking at any place or port in India, which is not more distant from his station than the Ports of his own Presidency; but if the place to which he shall proceed shall be within the Territories subject to such Presidency, his period of absence shall be computed from the date of his quitting his station to the date of his return thereto.

2.—A servant is not allowed to be absent, retaining "Office or Employment," or portion of Official Salary, for a period exceeding two years; but extension of leave may be obtained on account of sickness duly certified, and during such extension the Absentee is authorized to draw the subsistence allowance of the rank. If the absence be beyond the Territories of the Presidency to which the Servant belongs, it is to be computed from the date of his quitting the limits of his Presidency to the date of his return within those limits, if beyond Sea, from the date of his embarkation from the port of his Presidency or from any port not more distant than the port of his Presidency to the date of his return within the limits of his Presidency. If the place to which he shall proceed to within the Territories subject to his Presidency, his period of absence shall be computed from the

date of his quitting his station to the date of his return thereto.

SECTION VIII.

NOTE.—This Rule applies to all descriptions of leave on account of health, excepting those granted under Section XII.

Thus a second leave within the Presidency no less than a second leave to Sea will be computed as forming part of the period of two years, if taken before three years have elapsed since return from the first leave and the deductions will be made upon computation of the accumulated period of absence under all such leaves taken without the intervention of three years of consecutive service.

No second leave will be granted to any Civil or Military Servant holding a Civil appointment, who has been absent under the above rules for two years until three years at the least shall have passed after the date of such servant's return, but if such servant is compelled by sickness again to absent himself from his station within three years after having been absent under the above rule for less than two years, he will be allowed to complete that period, subject to the limitations and conditions heretofore prescribed, drawing the proportion of salary allowed for the remaining time as if the leave had been continuous.

A second leave of this kind cannot be granted until three years at the least shall have passed after the date of such servant's return, but any time short of two years in a previous absence may be subsequently allowed in completion of two years. The Note attached to section VIII specifies that this Rule applies to all descriptions of leave on account of health excepting those granted under section XII.

After two years of absence, continuous or accumulated, under these Rules if a servant obtain leave of absence on sick certificate before an interval has passed of three years, he cannot retain office or employment, or

*An absent servant shall in no case retain any office or employment, nor be permitted to draw any portion of official salary, for a longer period than two years."

any portion of official salary, but he is entitled to the subsistence allowance of his rank. The rule in section VI., if literally interpreted, would require the servant returning from beyond Sea, whose full period of two years has expired between the date of his embarkation, and the date of his return within the limits of his Presidency to be re-appointed to his Office. For the time spent in joining his station in excess of two years, he is entitled to draw only the subsistence allowance of his rank.

It is not provided that in cases in which the full period of two years absence is composed of accumulated leaves, the intervals of time passed in the performance of duty shall be reckoned in part of the three years which must expire before a servant is eligible to a new series of leave.

But if this were not allowed, the operation of the Rule might be unintentionally severe on a servant, whose health should compel him to obtain leave of absence for a portion of the two years, say for only a month at the extremity of the three years after the date of his return, the same servant having been already absent for 23 months either all at once, or his absence at different times having accumulated to 23 months: it would not have been intended by the Rule that after 35 months of duty being entitled to one month on the account of the old score, a new series of leave or a single instance of leave on sick certificate should not be obtainable for three years from the expiration of that one or 36th month.

The Rules do not prescribe any different rate of deduction from allowances during absence on sick certificate within the Territories of the East India Company and during similar absence at the Cape of Good Hope, or within the limits out of the Territories of the East India Company declared in Section IV. But they fix the computation of the servant's absence beyond the Presidencies to be from the date of leaving to the date of returning to the Port of his Presidency.

The Rules provide sufficiently for the audit of his allowances after two year's absence beyond Sea, until the servant re-joins his station, but they do not specify what rate of deduction is to be made from the Absentee's allowance for the time elapsing after departure from station and before embarkation. This therefore has required to be provided for by a new Regulation, or by some exposition of the existing rules.

The Rule that admits of an absence of two years enable a sick servant to reside sufficiently long in another climate under ordinary circumstances to re-establish his health; for which object that protracted absence is permitted, when certified to be necessary. Forfeiture of appointment, therefore, does not take place till a full two years have transpired between em-

barkation and return to Port. If the latter part of the section VI. be taken to apply only to computation of absence as respects appointment, the course of the audit will be easy: For two years, reckoning from the departure from station, to return to station the deduction will be as laid down at the commencement of the section, and for any excess whether occasioned by the time elapsing before embarkation or after return to port until return to station, the servant will be entitled to subsistence allowance without losing his appointment.

SECTION XI.

3rd.—The design of this Rule is to grant one leave of absence without loss

SECTION XI.

The Government of each Presidency may grant to Civil or Military servants holding Civil Appointments, leave of absence for one month in each year, without deduction from the salaries and emoluments drawn by such servant, such leave, however, will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the Officer seeking it. No second leave can be granted under this rule until the completion of eleven months, from the expiration of the last leave, but the servants not availing themselves of the indulgence in any one year may obtain under the like conditions leave of absence for two successive months, to commence at or after the expiration of 22 months from the termination of their former leave, and if two years elapse without enjoyment of the privilege, leave for three months may in like manner be granted at the expiration of 33 months from the termination of the last preceding leave. But no leave shall be granted under this rule, for any period exceeding three months. If an officer shall not return at the expiration of the period of leave granted him under this rule he shall, if absent on private affairs, be subjected to the deduction of one third of his salary and allowances for the entire term of absence, and if he shall continue absent for more than one month beyond the term granted, his office shall become vacant. If his protracted absence be occasioned by sickness, the case must be determined under the Provision of Chapter II.

of salary to the servant who is present at his duty for the periods specified.

NOTIFICATION.

FORT WILLIAM.

FINANCIAL DEPARTMENT, THE 16TH JUNE 1841.

RESOLUTION.

The Governor General in Council remarks, that the Rule referred to No. XVI of the Regulations of the 29th January 1840 requires, in case of a change of Office, when an Officer is appointed to a higher situation, that he shall not draw the higher salary until he joins.

His Lordship in Council considers it expedient strictly to maintain this Rule as one of general practice, and that no exception ought to be allowed otherwise than under special circumstances and exigencies of the public service.

His Lordship in Council is further of opinion, that as a general rule, Officers ought not to be appointed to situations for the duties of which they are not immediately available.

When an Officer for the convenience of the public service has been detained by an order of the Government in a situation of inferior emolument after he has been promoted, in such case the practice under the Bengal Presidency is to pass to him the higher salary of his new appointment, during the period of his being so detained. This exception to the Rule XVI corresponds with the exception provided for in Rule XX under the Chapter for Deputation Allowances, in which it is declared that no Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, but that the prohibition does not apply to the case of an Officer who may be deputed for special reasons to act in an office of inferior emoluments to his own.

In order to ensure uniformity of practice at all the Presidenices in the application of Rules XIV, XVI and XVII, it is hereby explained that Rule XIV refers to the appointment of Civil Servants previously not holding any permanent situation such as Servants for the first time appointed to a fixed situation after their return from furlough.

These Servants are entitled under Rule XIV to the allowances of their new office from the day of appointment, provided they do not come under forfeiture by exceeding the time prescribed for joining their station.

And Rules XVI and XVII are to be construed as applying to cases where there is a change of office, with increase of salary, a special course being prescribed with regard to Junior Civil Servants; they under Rule XVI are authorized to draw the salary of Assistant from the date of their being reported qualified for the public service, unless forfeited through delay in joining the station to which they have been appointed.
