DR MAJOR'S Vitaline

OR ELIXIR OF LIFE.

THOUSANDS of the British public have been long suffering from various nervous and seminal complaints owing to early excesses, youthful dissipation, and residence in hot and unhealthy climates; but unfortunately they cannot find any means of perfect and permanent cure. From the days of the "Medicine man" down to the present age of modern practitioners and family doctors, the public have been gulled and deluded by an army of quacks. Most illiterate and irresponsible persons have undertaken duties that require the highest acumen and tact of the most keen-sighted and well-read man, and the result has been, as might have been anticipated, eminently disastrous. Not only scores of graves have been filled by the victims to their atrocious meddlings in medicine, but even now sufferers by thousands walk our streets in most deplorable conditions,—their manhood's vigour sapped and undermined,—their intellects disordered,—their shattered frames tottering in the wind,—even their life's existence threatened by a number of fatal diseases which the renowned practitioners are unable to cope with. Under such circumstances it is a boon to the public and hope to the hopeless that the vigorous effort and energetic researches of a distinguished American medical man, after continued investigation for years, have at last discovered—

THE VITALINE or ELIXIR OF LIFE

which is composed of purely and perfectly harmless vegetable ingredients and charged with electricity in a new scientific principle from which it acts like a miracle in the human system, and has given great satisfaction by safely and permanently curing the following diseases:—

VIZ. Nervous and functional Debility, Exhaustion, Spermatorrhoea, Gonorrhoea, Gleet, Unnatural discharges, Sexual weakness, Loss of manhood and memory, Brain lag, Diabetes, Low spirits, Dizziness of sight, Dizzy head, Confusion of ideas, Losses with dreams, at stools and when passing urine, Loss of vigour, Neuralgia, Nervous headache, Muscular and Local weakness, Palpitation, Eruption on face, Dyspepsia, Anemia, Impoverished blood, General debility, Mental and bodily prostration, Sleeplessness, Costiveness, Premature decay or Deficiency of the vital forces, Impaired vitality, Inability to perform the various duties of life or enjoy its pleasure, Incapacity for study or business, and other nervous complaints and affections of the Kidneys and Bladder, either acute or chronic.

It relieves the patient promptly from the most distressing symptoms and rapidly restores the affected organs to their normal and natural healthy condition.

If you value health and strength, and wish to be lifted from a state of physical and mental degradation to all the joy and happiness of a robust and vigorous manhood, then use a complete course of "Vitaline," which never meets any failure.

IN rebuilding the disordered nervous system,—in enriching the impoverished blood,—in removing the obnoxious and poisonous matter from the body,—in giving healthy tone to the deranged physique, and in bringing back youth's vigour and cheer to a doomed life, "VITALINE" stands unrivalled and unequalled.

IT thoroughly invigorates the brain, nerves and muscles, communicates a healthy tone to the system and gives vigour to every organ, excites appetite and prompts digestion and assimilation of food.

IF your case has been pronounced incurable, if medical skill, drugs, electricity and all sorts of treatment have failed to cure you, even then be not hopeless for your life. Try and test—

MAJOR'S "VITALINE"

And get rid of your ailments. It is a certain restorative and best alternative. Modern methods and modern remedies make the seemingly improbable possible. Facts which are proved beyond doubt. This remedy is reckoned mankind's greatest boon—a cure now within the reach of every man, no matter what his position in life may be.

TO a healthy man regularly taking a dose or two daily, it quickens appetite, removes constipation, and stands as a safeguard against attacks of nervous disorders even when exposed to prompt causes for them.

PATIENTS of all ages and stages can use it freely and cure themselves easily and secretly at home in any climate and season.

MANY medical authorities have testified to the marvellous power of "VITALINE" in curing nervous disorders and all diseases of the genito-urinary organs.

Price per bottle (lasting for 10 days), Rs. 3. Three bottles (complete course of treatment), Rs. 8.3. Six bottles, Rs. 16. Dozen, Rs. 30. Postage and Packing annas 8, 12, 16, 1-4, and 1-8, respectively.

PUBLISHERS' NOTE.

It has been the custom for a good many years past for the Publishers of THACKER'S INDIAN DIRECTORY to print a foreword to each succeeding volume that makes its appearance. Coincident with the FORTY-FOURTH ISSUE now published, a new departure was inaugurated in issuing a separate volume appertaining to the City of Calcutta only, which has met with such gratifying success that the publication is destined to live. The experiment was made with some hesitation, as the expenditure on such a venture is necessarily large, and although a certain demand for such a work existed, it was by no means certain that sufficient support would be forthcoming to make it financially successful. THACKER'S CALCUTTA DIRECTORY has, however, now taken a firm stand beside the parent volume, and may be looked for annually with the same regularity as has characterised the appearance of THACKER'S INDIAN DIRECTORY.

Turning to the present volume, the most interesting development to be noted therein is the steady expansion that it registers of the Commercial side of Indian Life. Of factories, mines, &c., in 1864, 230 concerns are recorded; in 1875, 730; in 1883, 1,124; in 1888, 2,109. The 1906 issue includes the names of no less than 3,373! The Chief Industries Section of the Directory has proved so extensively useful in other lands besides India that special attention is being devoted to adding to it, and a commencement has already been made in this direction by bringing the Straits Settlements within its scope.

A small, but interesting section now appears for the first time, viz., the Government Departments in England having special functions connected with India, a *résumé* of their duties and a personal list of the leading officials concerned in their working. This information will be found on page 328a.

The growth of Thacker's Directory has been so rapid, especially so during the last few years, that a glance at its history may not be without interest. The first issue was in 1863 and consisted of 512 pages printed in large open style, as compared with that for 1906, which contains 2054 pages of closely printed matter. The Directories that had previously been in circulation were unwieldy and expensive; contained Statistical Abstracts from Official Documents, Geographical Information, Instructions on Gardening, besides other irrelevant matter. The object of the promoters of the present work was to produce a Directory that should be simply a guide to the Professions, Occupations, and Addresses of persons resident in the country, and this object has been kept steadily in view. It was at first known as THACKER'S POST OFFICE DIRECTORY, subsequently as THACKER'S BENGAL DIRECTORY, and in 1885 was re-named THACKER'S INDIAN DIRECTORY. In that year were added the districts in the Madras and Bombay Presidencies and all the machinery of their respective Governments, together with the professional and mercantile classes in those cities, each Presidency having a separate section devoted to it. The Districts of the newly-acquired province of Upper Burma were added in 1887, and in that year also appeared for the first time an Alphabetical List of the principal Native Inhabitants of India.

In 1879 the Trading Marks of the various Tea, Coffee and Indigo concerns were added. This unique feature had not at that time found a place in any other Directory in the world.

It is again a pleasant duty for the Publishers to render their thanks to the public for the information so readily furnished them, and without whose co-operation the task of compiling the Directory would be an almost impossible one.

The Directory is becoming more and more appreciated by advertisers, who find in it an effective and universally circulated medium for the extension of their trade. When it is considered that THACKER'S INDIAN DIRECTORY is in daily reference throughout India, Burma and Ceylon, with a wide circulation in Great Britain, its value as an advertising medium is at once apparent. Full particulars as to rates may be obtained from the Calcutta publishers or their London Agents, Messrs. W. Thacker & Co., 2, Creed Lane, Ludgate Hill, E.C.
