If the arrears are paid by instalments (which are not to exceed twelve monthly payments from the date of admission), interest at 8 per cent. per annum to be charged on all intermediate balances.

ART. III. A subscriber withdrawing from the Fund forfeits, *ipso facto*, all claims to its benefits, as also the amount of his donation and subscription, and all other sums which he may have paid up to the period of his secession. Should he afterwards be desirous of again becoming a subscriber, he will be admissible on the same terms as a new subscriber, as described in the 2nd Article. *Note.*—This Article is applicable to voluntary subscribers only.

ART. IV. Subscribers who may retire from the Service on the prescribed pension of their ranks, or in ill-health before entitled thereto, or who may return, permanently, or upon furlough, to Europe, shall not forfeit their title to the benefits of the Fund, provided they continue the regular payments of the monthly subscription of their ranks agreeably to the rates laid down for each rank in Table No. II. Married members who have subscribed in higher grades, either according to rank or from length of service, may, after their retirement from the Service, revert to any lower married grade of subscription which they may prefer, on payment of the difference between the present value of the contingent pensions of their wives and the value of their contributions in the lower grade added to the donation paid in the higher one, where the former may be in excess of the latter, and on the understanding that, should they afterwards desire to enter higher grades, it will be necessary for them to furnish a health certificate, and to pay a second time the donation and difference of subscription through each grade as on the occasion of their first enrolment therein.

ART. V. Subscribers not in ill-health retiring from the Service before they are entitled to the full pension of their rank, shall not forfeit all claims on the institution, provided they continue to pay the Indian rates of subscription of their respective ranks. Members who retire from the Service on pension, or before being entitled thereto, who omit for six months to make arrangements for the punctual payment of their subscriptions, shall be deemed to have withdrawn from the Fund, and their names shall be struck off the List of Members accordingly. A Member who, by recourse to the Insolvent Court, may evade the just demands of the Fund shall, *ipso facto*, forfeit all claims on the Fund, and his name shall be expunged from the List of Subscribers.

ART. VI. Members, whose substantive Regimental rank is higher than that in which they draw pay, may subscribe in such higher substantive rank, on furnishing health certificates in the usual form, and paying the contributions of such higher rank from date of promotion thereto, or of admission into the Service in this country, if assigned rank from an earlier period.

SECTION II.

Donations and Subscriptions to be paid to the Bengal Military Fund.

ART. VII. All subscribers on entering the Fund, and on being promoted, to pay a donation or premium agreeably to the rates specified in the accompanying Table No. I, and shall also allot for the support of the Fund, as long as they shall continue subscribers, the monthly sums specified in Table No. II, agreeably to their rank, whether in India or Europe. Provided that all Members, drawing Indian pay on proceeding to Europe or elsewhere, shall be liable to Indian rates of subscription while in receipt of such pay, as well as all who may reside in India, whether on the Effective or Retired List; but those residing beyond Indian limits, and in receipt of only English Furlough pay or pension, shall only be required to subscribe at Europe rates.

The subscriptions of Cadets to be calculated at the rank of Ensign. Though the donation is deemed to be due on the enrolment of a subscriber in any particular rank, all Cadets, as well as married Assistant Surgeons and Assistant Chaplains, may liquidate the amounts for which they are liable on admission into the Service by 24 instalments, interest being charged, as in all cases of deferred payment, at the rate of 8 percent. per annum on the intermediate balances.

This Article came into effect from 1st Jan. 1837.

ART. VIII. Officers may enter grades of subscription above their Regimental or Army rank under the following stipulations:—

1st. All Members who have served 27 years may subscribe as Colonels; all who have served 22, as Lieutenant-Colonels; all who have served 17, as Majors; all who have served 10, as Captains; and all junior officers as Lieutenants.

2nd. Medical and Veterinary officers may subscribe as Colonels after 27 years' service; as Lieutenant-Colonels after 22 years; as Majors after 17 years; and as Captains after 10 years.

3rd. Assistant Chaplains may subscribe after 7 years as Majors; after 12 years as Lieutenant-Colonels; and after 17 years as Colonels.

4th. Admission to subscribe in the next higher rank, to which his service may render an officer eligible, shall depend on the payment of the increased donation within the period prescribed by Regulation XI and the production of a health certificate.

5th. Contributions in higher grades being payable for specific periods, compound interest at 8 per cent. per annum shall be charged upon the additional donation and arrears of subscription accumulated half-yearly (as by Article II of the existing Rules) from the date of these Rules taking effect, or from the completion of the qualifying service.

6th. Retired officers are entitled to enter the higher classes of subscription under the above conditions, on the expiration of the several periods which, had they remained in the service, would have given them the same privilege. This Rule is applicable to subscribers under Article V.

Passed in 1840.

N. B.—The period of service under this Article is calculated, by certificates of admission, to be furnished from the Adjutant General's Office. Officers embracing the privilege granted by this Rule must comply with all its provisions, calculated through each grade of service.

ART. IX. Subscribers may redeem by a single payment the periodical subscription eligible under Article VII, the equivalent sum being determined on this principle.

1. Members in Europe to redeem at Europe rates: in India at Indian rates: calculated by two Tables of different values of an annuity, one adapted for Europe (as the Northampton Tables,) the other for India (as the Indian Tables,) receiving back, or paying the difference of premium according to residence in one or other country. Parties visiting Europe on furlough, or for a temporary residence not exceeding 3 years, not to receive the difference, nor parties re-visiting India to pay it, if the temporary residence does not exceed 1 year. The value to be taken from Tables of which the following is a specimen.

On promotion the subscriber will be liable to pay the donation, and to pay or redeem difference of subscription.

2. Members who may redeem their periodical subscriptions by a single payment are precluded the benefit of passage-money and equipment allowance.

3. All subscribers who may, from this date, 1st July 1846, redeem their periodical subscriptions by a single payment, shall be liable for the difference between existing rates of subscription and any future higher rates that it may be found necessary to adopt.

ART. X. Subscribers on promotion shall pay the donation of their increased rank as married or unmarried agreeably to the rates specified in Table No. I, whether in India or Europe. If in Europe the exchange to be calculated at 2s. 3d. per Company's Rupee.

ART. XI. The donation may be paid at once, or by monthly instalments not exceeding twelve, at the option of the subscriber; in failure of which all claims shall be forfeited upon the Fund, either for himself or widow, unless the amount be paid with interest at 8 per cent. per annum from the day of admission. Subscribers paying donation by instalments pay interest at 8 per cent. per annum upon all unpaid balances until the whole is liquidated.

ART. XII. Monthly subscriptions shall be made within 4 months after they become due, in default of which 8 per cent. per annum will be charged on all arrears after that period.

It will be the duty of the Secretary to forward a statement of his account to every subscriber on his payments to the Fund, whether subscription or donation, becoming one year in arrears.

In all cases, when the above notice has been given, and payment not made, interest on the arrears will be charged for the full period.

In the event of payment, as above, being refused, the name will be struck off, if the party entered the Service before subscription was compulsory.

Should this account not be furnished, subscribers will not be held liable for the payment of interest beyond the first year.

The Secretary will also call on subscribers, who may fall into arrears for three months, for the amount of such arrears, and, if unsuccessful in recovering them, lay the case before the Directors for their orders.

ART. XIII. All members marrying, whose cases do not come within the exceptions mentioned in the succeeding Clauses of this Article, are required to subscribe in the married grade according to their Regimental rank, giving the earliest intimation of their marriage, if in India, to the Secretary and Pay-Masters, or, if in Europe, to the Agent there. Donations are considered to be due on the occurrence of marriages and the commencement of increased risk to the Fund; and when payment is deferred, parties are liable to interest at 8 per cent. per annum. Widowers may revert to the unmarried grade after the expiry of the month in which they became such, on their apprizing the Secretary of their wish to be re-transferred to the list of unmarried subscribers.

Members marrying, who entered the Service before subscription was compulsory, and whose cases are not otherwise specially provided for in the remaining Clauses of this Article, if desirous that their widows should possess claims to the eventual benefits of the Fund, are required to inform the Secretary and Pay-Master (if in India, and the Agent if in Europe) of their marriage; and unless the payment of the additional donation be made within six months after such marriage, the subscribers will be required to pay the amount with interest at 8 per cent. per annum, calculated from date of marriage, and to furnish a health certificate as required by Art. 2, Clause 1st, and no claim for pension on the part of the widow of an officer not subscribing as a married member at the time of his decease, shall be admissible.

Arrears, which may be due to the Fund by a married subscriber at the time of his death, will, if not discharged by the Pay-Master of the Corps to which the deceased was attached, or by the President of the Committee of Adjustment, or by his Executors or Agents, be deducted from the pension of the widow, and the whole donation and arrears to be paid, although the subscriber should become a widower before completing the full payment. In all cases, when the difference of age of the husband exceeds that of the wife 15 years, the donation to be increased 10 per cent.; when 20 years, 15 per cent.; when 25 years, 20 per cent.; when 30 years, 25 per cent.; when 35 years, 30 per cent.; when 40 years 35 per cent.; and thereafter in a similar proportion in every grade of promotion.

All Members re-marrying to pay the prescribed married donation of their rank as on their first marriage. A subscriber withdrawing his name from the married list during the life-time of his wife, and afterwards wishing to be again placed in the same position for her benefit, shall pay a second time the marriage donation, and furnish a health certificate on the form laid down in the Regulations.

N. B.—A Member marrying is required to furnish his marriage certificate, and to state his own and wife's age.

An unmarried subscriber to the Fund, marrying a person who has borne him children, or with whom he may have been cohabiting, shall not be transferred to the married list, unless he furnishes a health certificate of the form laid down in the Regulations, and pays up the prescribed marriage donation and subscription, with interest, calculated half-yearly at 8 per cent. per annum, for five years, commencing in the rank he then held, and paying the difference through each successive rank he may have attained by Regimental promotion.

For the purpose of ensuring accurate information on the required points from applicants, power is vested in the Directors, in all cases seeming to them to call for its exercise, to forward certain sealed queries, to be filled up, on honor, by the parties applying.

ART. XIV. Subscribers who may be prevented from drawing pay from a temporary cause over which they had no control, such as captivity, or furlough extended on medical certificate, shall, during such period, be exempted from the payment of monthly subscription, without forfeiture of the rights of the subscription; but on the removal of such incapacity, and upon the receipt of pay, the arrears are to be made good within six months, with interest at 8 per cent. per annum for any time beyond that period. But if the incapacity to pay proceed from any other cause, dependent upon the choice or conduct of the individual, such as furlough extended on private affairs, or any penal suspension from rank and pay, not only shall the arrears so accumulated be paid up within the above term, but compound interest charged at 8 per cent. per annum on the amount.

SECTION III.

Benefits derivable from the Bengal Military Fund.

ART. XV. The benefits derivable from the Military Fund are two-fold:—

- 1st. Such as are granted by the Regulations to subscribers while living.
- 2nd. Such as are granted to widows of deceased subscribers.

ART. XVI. The benefits granted to subscribers while alive are considered personal, and subject to the decision of the Directors for the time being, who will be guided in their decision on each claim by the Regulations of the Fund, except when they have reason to entertain doubts with respect to any such claim, it will in such cases be their duty to call for further information from the claimant; and if this information should not be satisfactory to the Directors, they are authorized to withhold the payment of the claim.

ART. XVII. A subscriber, not being a Regimental Major, or not having at any time, within six months of obtaining furlough, drawn for a period of six months emoluments equal to Rupees six hundred and forty per mensem (exclusive of office establishment and stationery), who may proceed to Europe, the Cape of Good Hope, or the Australian Colonies on sick certificate, and who may not be allowed passage-money from Government, shall be authorized to apply to the Military Fund, if unmarried, for the sum of Rupees 800, or, if married, for that of Rupees 400, towards the expense of his passage, provided his application be accompanied by a sincere and solemn declaration that he does not possess a sum of Rupees 5,000, or property of any description to that amount; and that he does not contemplate retiring from the Service, but fully intends returning to his duty in India. Such subscriber shall also be entitled, on his return to India, to receive towards the outward passage, if unmarried, the sum of £80, or, if married, the sum of £40 on production of a declaration that he neither possesses nor has at any time possessed £500 sterling, or property of any description to that amount (exclusive of pay), during the period he has been in receipt of English pay on furlough, provided his application be accompanied by a guarantee from approved parties to refund the passage-money that may be granted, in the event of the subscriber's failing to pay for his return passage, and to proceed to India within two months, and provided he prove to the satisfaction of the Agent of the Fund in England that his services are not required to proceed with or in charge of Recruits to India. In the case of Officers in medical charge of Troops either to or from Europe, who are otherwise eligible to the benefit, the estimated head money they may be entitled to is to be deducted from the rate of passage-money claimable in the grade in which they subscribe, and the difference only to be given when the former falls short of the latter.

All applications from subscribers for passage-money from the Fund, whether proceeding to or returning from Europe, must be accompanied by a certificate from the Agents or Commander of the ship that the applicant has engaged a passage to or from Europe, the Cape of Good Hope, or the Australian Colonies.

ART. XVIII. A subscriber not coming, as regards rank or emoluments, within the exception mentioned in the preceding Article, proceeding to England, the Cape of Good Hope, or the Australian Colonies on sick certificate, shall be authorized to apply, if unmarried, for the further sum of Rupees 300, or, if married, for that of Rupees 150, for his equipment, his application being accompanied by a solemn and sincere declaration that he is not possessed of the sum of Rupees 2,000, or property of any description to that amount, and does not contemplate retiring from the Service, but that it is his full intention to return to his duty in India. No allowance, however, will in any case be made for equipment to a subscriber returning to India.

N. B.—The benefits held out in the two preceding Articles should be applied for, when claimable; and no claim will be admitted which is not preferred within 12 months from date of furlough.

ART. XIX. Subaltern officers proceeding to England, the Cape of Good Hope, or the Australian Colonies on sick certificate, who shall make a solemn and sincere declaration that they do not possess from any source (exclusive of pay proper and pension for wounds) a sum of money that will enable them to expend £50 per annum, and that they do not contemplate retiring from the Service, but fully intend returning to their duty in India, shall, if unmarried, be allowed that sum, or, if married, be allowed a moiety of that sum annually, during the period of receiving English pay on furlough. The declaration to be renewed annually.

N. B.—The possession of Company's Rupees 1,500, or £150, precludes all claim to the above allowance. Officers proceeding to Europe on sick furlough under the new Regulations can only be admitted to Income allowance on the equalization of the pay they draw with the English pay of their rank, which is the pay contemplated in Art. XIX, by crediting them with £50 per annum in excess of the said English pay.

ART. XX. It having, however, been deemed necessary to set limits to the claims for gratuitous passage-money, equipment allowance, and income to subscribers proceeding to England on sick certificate, no subscriber, who has received the benefits he is entitled to at any one time, shall receive a second indulgence until the expiration of eight years, reckoning from the renewal of Indian subscription; and every unmarried subscriber, who may draw such benefits subsequent to the 1st January 1856, shall, in the event of his marrying, be required to refund a moiety of their amount to place him on a footing with married subscribers, who are restricted to half the rates paid him.

Added in Dec. 1845. A subscriber who shall have received these benefits, before he has served eight years in India, will not be entitled to a second indulgence until he shall have been (exclusive of first furlough,) 16 years in the Service.

ART. XXI. Subscribers proceeding to England, the Cape, or the Australian Colonies from any place not under the Presidency of Bengal, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local Regulations, and shall make immediate communication of the circumstances to the Directors of the Fund.

ART. XXII. The second class of benefits, namely, those granted to widows of deceased subscribers, are absolute, not dependent on the decision of the Directors, but controlled solely by the Regulations of the Institution.

ART. XXIII. The widows of deceased subscribers shall be entitled to receive the annuities specified in the annexed Table :—

Provided that nothing contained herein, or in any other part of these Rules of the Institution, shall be considered to entitle to the benefits of it any widow who may have been legally divorced or separated from her husband for adultery, or who at the period of her husband's demise may have quitted his protection, and be living in a state of notorious adultery, though not divorced or separated from him by law, or who subsequently to her husband's decease may be living in a notorious state of incontinence.

ART. XXIV. If a widow pensioner on the Fund shall re-marry, her pension is to cease during her coverture; but in the event of her again becoming a widow, she shall be re-admitted to all the benefits she may have enjoyed from the Fund during her first widowhood, in like manner as if she had not re-married; but subject of course to all the limitations and conditions prescribed by the Regulations in the first instance. If the second husband shall also have been a subscriber to the Fund, the widow will receive, however, only one annuity, taking that which may be the greatest, that is to say, according to the rank of the first or second husband, whichever may be the higher.

ART. XXV. Every widow benefitting by the Military Fund previous to the 1st January 1856, and not provided by Government with a passage to Europe, shall, on the first occasion of her proceeding thither after admission to pension in India, be entitled to an allowance of Rupees 1,000; but in the case of widows thereafter admitted in India, the allowance shall be Rupees 500, and their claim for the other moiety shall be dependent on the payment on their behalf of a special contribution or subscription for the additional sum, as for a survivorship assurance; the amount of such contribution in each case to be ascertained from Tables of which the annexed is a specimen. All applications from widows for passage-money from the Fund must be accompanied by a certificate from the Agents or Commander of the ship that the applicant has engaged a passage to Europe.

No claim for passage-money is admissible after lapse of one year from the date of embarking for Europe.

ART. XXVI. Should the Fund, however, at any period fall short of the demands upon it, so that the value at any period of the realized and contingent assets be less than that of the existing and contingent liabilities, then it shall be in the power of the Directors, after submission to the Army, to make a proportionate deduction from the annuity of each annuitant, excepting always the present annuitants of the Bengal Widows' Fund, and from the payments to other claimants above the rank of Subalterns, until the state of the Fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.

SECTION IV.

General Regulations.

ART. XXVII. The Bengal Military Fund is to be administered by a President and Directors; the Directors to be partly Ex-officio, and partly elected by the subscribers at large; the number of those so elected to be one more than that of the Ex-officio Directors, and to be chosen from among such subscribers, residing at Barrackpore, Dum-Dum, and the Presidency, as may be available and willing to serve as Directors. The President to be elected by the Directors from among their own body.

There shall be also two Provisional Directors, who are to be elected by the subscribers, and are to succeed to vacancies as they may occur in the number of Constituted Directors under the foregoing Clause, and on such occasions a fresh election of Provisional Directors to be made.

ART. XXVIII. A general Meeting of the subscribers at the Presidency shall be held annually, at which the accounts of the Fund and proceedings of the Directors for the past year shall be submitted, for inspection and approval by the subscribers present, who were not of the direction. The accounts to be published for general information two months previous to the Annual Meeting, the precise day and place of holding which are to be notified by public advertisement simultaneously with the publication of the accounts.

ART. XXIX. All subscribers, who may have contributed to the Fund by paying donations and subscriptions in their respective ranks, during six continuous months before any Meeting, are entitled to attend to examine the accounts and proceedings.

ART. XXX. On occasion of any particular and important business which may necessarily require the opinion of the Society at large, Special Meetings will be called of the subscribers at the Presidency (others voting by proxy). Or, if any alleged mismanagement, or other emergent cause, should occur, to any twelve subscribers, to require the notice of the Society at large, a Special Meeting shall be summoned by the President on the written requisition of such twelve subscribers.

ART. XXXI. The Directors shall have a Secretary, chosen by themselves, who also shall be Accountant, with an establishment, upon such allowances as shall be deemed adequate to the respective duties.

ART. XXXII. The Secretary will be expected to have an Office at his own residence for the accommodation of the Meetings of the Directors, for the preservation of the records, and for the purpose of affording access to the Officers of the Army at large to the books of the Institution.

ART. XXXIII. The Directors of the Fund will hold regular Monthly Meetings, which are to be open for the Reporters of the Public Press; but no Meeting of the Directors, consisting of a smaller number than five, shall be competent to the transaction of business; and it will rest with any Director, or with the Secretary, to represent the occurrence of such necessity to the President, who will convene a Special Meeting within ten days from the date of his receiving the application; but no Special Meeting shall be called with the view of reconsidering resolutions which may have been already adopted by a former Meeting of Directors, unless at the requisition of a number of Directors greater than that which attended such Meeting.

ART. XXXIV. The Secretary will invariably lay before the Directors, either at the Regular or Special Meetings, all letters that may have been received by him since the last Meeting. Minutes of the proceedings of all Meetings will be recorded and authenticated by the signatures of the Directors present. The Secretary will also submit to the Directors who attended, drafts of all the letters which in those Meetings he may have been desired to write. Letters demanding an immediate answer, when such may be of an ordinary nature, may be replied to by the Secretary, without waiting for a Meeting of the Directors; but every letter proposed to be dispatched by the Secretary, must previously receive the special sanction of one Director, signified by his initial to the drafts, which will be sent to him for consideration.

ART. XXXV. The Secretary will keep the set of books in use in the Military Widows' Fund, under instructions which he may receive from time to time from the Directors of the Fund.

ART. XXXVI. The books and correspondence of the Fund shall be at all times open to the inspection of subscribers.

ART. XXXVII. When any new Regulation shall appear to the Directors, or to any thirty subscribers, to be advisable, such Regulation shall be circulated to Corps for consideration, and the affirmative or negative of the majority of individual votes, to be ascertained at the expiration of 4 months, shall decide its adoption or rejection.

Before being circulated for votes, all propositions shall be printed, and a copy sent, a month previously, for publication to each newspaper throughout the Bengal Presidency, and for circulation to each division and station staff officer; in private cases at the expense of the appellant. The proceedings of the Directors' Meetings to be published and circulated in like manner.

ART. XXXVIII. If any subscriber or claimant on the Fund shall be desirous to appeal from the decision of the Directors to that of the subscribers at large, upon any subject which may not be specifically defined by the Regulations, such appeal, provided it be approved by three Directors, shall be referred by the Directors, and decided upon in the manner prescribed in the preceding Article, and the decision on such appeal, or that of the Directors, in cases not appealable, shall be final in all cases whatever; any further agitation of the question, by a process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the Fund.

ART. XXXIX. When a reference shall be made to the subscribers at large respecting either proposed Regulation, or an appeal, the result of such reference shall be communicated to Corps for the information of subscribers.

ART. XL. Generally all payments due from the Fund are made quarterly in England, and monthly in India; but in cases when pensioners or claimants on the Fund are about to embark for Europe, all arrears must be paid up to the end of the preceding month.

ART. XLI. Any arrear which may be due to the Fund by a subscriber, or by an annuitant who may have received an over-payment, shall in all cases be deducted from the first payment to be made from the Fund to the person owing such arrear.

ART. XLII. All income derived from the Bengal Military Fund is declared to be un-alienable, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the Fund.

ART. XLIII. If a subscriber who may be dismissed from the Service by a Court Martial or otherwise, shall afterwards be restored to the Service, he shall be re-admissible to the Fund on payment of the arrear that may have accumulated, with compound interest thereon, in the same manner as if he had suffered only temporary suspension. See Art. XVI.

ART. XLIV. All property belonging to the Military Fund at any period shall be invariably vested in the Indian Government Securities. The necessity for retaining any balance is now dispensed with, and the Secretary's Office has no cash transactions. All payments in Calcutta are, in future, to be made at the Bank of Bengal, as sanctioned by the Hon'ble the Court of Directors in 1852. All contributions from subscribers generally must be made through the Pay Department or Public Treasuries. Private drafts are prohibited.

ART. XLV. The business of the Fund in Europe is conducted through the Home Agent of the Fund, who will from time to time receive the necessary instructions for his guidance; and to whom such applications will be preferred as cannot, with equal convenience, be submitted to the Directors of the Fund in India.

ART. XLVI. As soon as new Rules are made out, one copy shall be sent to all Officers commanding stations and posts for official record, and the Rules shall be corrected and published annually in the Army List printed at the *Orphan Press*, the dates when each was passed or altered being noted in the margin.

N. B.—In general it may be mentioned that, where no particular dates are referred to, the Rules have not been altered since the establishment of the Fund.

NOTICE.

As subscribers, falling into arrears, often request exemption from the penalties prescribed by the Regulations, on the plea of ignorance of the Rules, or of no demand having been made by the Secretary, the Directors notify that they do not admit either of these reasons as sufficient to entitle a subscriber to the exemption called for, and that every penalty incurred by non-payment of Donations and Subscriptions must invariably and strictly be enforced, as prescribed by the Rules of the Institution. The Secretary will continue to give notice when arrears are due, in all cases when they come to his knowledge, but every subscriber should protect his own interests, and see that his Subscriptions and Donations are regularly deducted by his Pay-Master, and immediately rectify any errors or omissions of that functionary.

SECTION 3RD, ARTICLE 21ST.

I, J. K., Regt. N. I., do hereby solemnly and sincerely declare that I do not possess from any source (exclusive of pay proper and pension for wounds,) convertible property of any description to the amount of Company's Rs. 1,500, or a sum of money that will enable me to expend £ per annum during my furlough of three years; and that I claim that sum yearly from the Military Fund, under the Regulations of that Institution (Article XIX) for my support, being on sick certificate to Europe, to my furlough as published in G. O. I further declare that I do not contemplate retiring from the Service, but that it is my full intention to return to my duty in India.

of the

J. K. Regt. N. I.

N. B.—The possession of Co.'s Rs. 1,500, or £150, precludes all claim to income allowance; £50 to be filled in if the claimant be unmarried, and £25 if he be married; and, if on Staff employ, it is necessary that he should state whether his emoluments, within six months of going on furlough, did or did not exceed the Regimental pay and allowances of a Major on half batta, Rs. 640-14-6 per mensem; moreover, unmarried subscribers are liable to refund a moiety of whatever benefits they may draw subsequent to 1st January 1856, in the event of their marrying. Officers going on Sick furlough under the new Regulations can only claim income allowance when the excess pay they draw above the English pay of their rank is absorbed by crediting them with £50 per annum in addition to the ordinary English pay alluded to; and their applications should be sent through the Home Agent of the Fund for the consideration of the Directors.

For each Female Child until marriage or death ..	3	0	0

Officers being now held responsible, under a recent Government order, for the proper deduction of their Fund Subscriptions, are required to enter in their respective pay bills the amount of Subscription and Family Contribution for children for which they are liable; the same will be recovered by Disbursing Officers, and in due course credited to the Fund.

A report of the birth of children and of Casualties should be made without delay to the Assistant Examiner, Fund Accounts.—Vide clause 84 of the Orphan Fund Rules.

Abstract of Benefits received by Wards under the New Rules (which came into operation on the 1st of January 1856), from 1st April 1872. Vide G. G. O. No. 935 of 1872.

1st.—Every Male Child, whether legitimate or illegitimate, who may become an Orphan subsequent to the 1st of January 1856, shall be entitled, if under the age of 19 at the time of his father's death, to receive—

In England—

If under 6 years of age, £33 per Annum
If above 6 years of age, £44 per Annum

In India—

If under 5 years of age, Rs. 22 per month. If above 5 years of age, Rs. 38-8-0 per month, until he becomes 19 years of age, or is in a position to gain his own livelihood previous to that time, when he will be struck off the List of Wards and

Will be entitled to receive as an Apprentice Fee or Final Grant as follows :—

In England, £105
In India, Rs. 833-5-4

2nd.—Every female unmarried Child, whether legitimate or illegitimate, who may become an Orphan subsequent to the 1st January 1856, is entitled to admission to the Fund from the date of her father's death, without any reference to her own age at the time of that event, and to receive until her marriage or death as follows :—

In England—

If under 6 years of age, £33 per Annum.

If above 6 years and under 18 years of age, £49-10 per Annum. And on her becoming 18 years of age, she will receive £40 per Annum.

In India—

If under 5 years of age, Rs. 22 per month.

If above 5 years of age, Rs. 38-8-0 per month.

She will receive this latter sum per month until marriage or death.

Every Female Orphan will also receive as a Portion on her Marriage, £150 if in England, and Rs. 1,500 if in India.

It is only in extreme cases that the Marriage Portion will be withheld from female Orphans.

All legitimate Orphans of Subscribers will be sent to England for education, and they will receive passage money as follows :—

If one Orphan be going alone	Rupees	600
If two are going	"	500 each
If more than two	"	450 "

The illegitimate Orphans of Subscribers will not be sent to England for their education, but the Females will be domiciled in Kidderpore House, and the Males will be placed at some suitable school.

In addition to the above extended benefits, it is to be distinctly understood that the Military Orphan Society cannot in any manner interfere with any property which may belong to or be left to any Ward who may have become an Orphan subsequent to the 1st of January 1856, and whose father had paid the increased Subscription and Family Contribution as ordered by the Hon'ble Court of Directors, the Government, and the Votes of the Subscribers in 1847 and 1855. In short, all Orphans who have become such since 1st January 1856, are entitled to the Full extended Benefits of the Fund, whether rich or poor, their claims being entirely irrespective of their property.

Note.—The above is a Statement of the Extended Benefits as sanctioned by the Hon'ble Court of Directors and the Government.

Addition to the Old Rules passed by the Board of General Management at the Monthly Meeting on the 26th February 1857.

That all money bequeathed to a Ward of the Society being *bond fide* savings from the income of the widowed mother, or the sum effected by her means on the Insurance of her life, be not claimed by the Society, but be allowed to be paid over as bequeathed without prejudice to Allowance, Apprentice Fee, Final Grant, or Marriage Portion.

FURLOUGH REGULATIONS.

General Orders by the Most Noble the Governor General of India in Council, Fort William, 17th November 1854.

No. 1150 of 1854.—The Hon'ble the Court of Directors having transmitted to the Government of India further explanatory instructions regarding the Furlough Regulations published in Government General Order No. 110, of the 1st of February 1854, the Most Noble the Governor General in Council is pleased to cancel that General Order, and to promulgate in a connected form the Rules which have been laid down by the Hon'ble Court for regulating Furloughs and leaves of absence.

With the view of adapting the Regulations to the present increased facilities of communication, and to correct, as far as possible, any tendency in them to deter Officers from resorting to the places which may be most conducive to the restoration of their health, when a change of climate is required for that purpose, the following Rules are established, and are to have effect from the 1st February 1854:—

1. All Regimental Officers, in the Service on the 1st February 1854, who prefer retaining what may be considered the advantages of the old Regulations, may do so, provided they signify their wish to that effect when they next apply for Furlough or leave of absence, without any limitation whether such leave be in India or elsewhere; and Officers, who once make their election, will not be entitled to any other choice, but will be afterwards subject to the new or old Regulations according to their decisions.
2. Staff Officers as such have not the above option allowed them, but they may retain the advantages of the old Regulations by giving up their appointments, which, in such cases, will be considered vacated from the date of embarkation.
3. To those Officers who adopt them, the new Regulations will apply retrospectively in respect of Furlough and leave of absence beyond sea, and in computing their time of service for retirement, so that their Furloughs or leaves of absence, whether under the old or the new Rules, and whether on private affairs or sick certificate, within or beyond India, will count for service to the authorized extent only, in computing the time for retirement on full pay.
4. Officers who have availed themselves of the option of the old Rules, are allowed to re-consider the question under the modification now sanctioned.
5. Officers who have not taken leave subsequent to the publication of the new Rules on the 1st February 1854, and who consequently may not have been called upon to declare whether they would abide by the old or the new Regulations, will, on retirement from the Service, be entitled to take full advantage of the privileges given by the new Regulations.

Furloughs on Private Affairs.

6. Every Officer will be allowed a Furlough to Europe or elsewhere, beyond sea for a period of two years at the expiration of ten years' service, and for a second period of two years after twenty years' service in India.
7. The second Furlough of two years will only be granted after ten years' service in India from the date of the return to duty after the first Furlough of two years. These furloughs are not to be cumulative, under any circumstances, but are limited to two years. Officers who have taken leave of absence on sick certificate to Europe or elsewhere beyond sea, will be ineligible to a Furlough on private affairs until they have served six years from their last return to duty. This Rule does not apply to short leaves to sea.
8. All grants of Furlough on private affairs are subject to the exigencies of the Public Service, and to the Regulations framed for the preservation of the efficiency of each Regiment by limiting the number of absentees.
9. Officers holding Staff or other detached appointments may be allowed Furlough for a period of six months without losing their appointments; but, during that period, they will not be entitled to any portion of their Staff Salary, which will be drawn in full by the Officers officiating for them.
10. All Officers, whether Staff or Regimental, while on Furlough on private affairs, will be entitled to "Furlough pay" only.

Leave of Absence on Sick Certificate.

11. Leave of Absence on sick certificate will be granted for a term not exceeding eighteen months, whether it be to any place in Europe or elsewhere out of India.
12. Extensions of such leave may be granted, as at present, on production of Medical Certificate for further periods not exceeding eighteen months in the whole.
13. An Officer holding a Staff or other detached appointment will be allowed to be absent on sick certificate in England or elsewhere, beyond sea, for a period of fifteen months, without losing his appointment and during the first six months only of such absence, he will be entitled to draw half the Staff Salary of his appointment, the Officer officiating for him drawing the remaining half salary during the first six months and the whole salary during the remainder of the time.

14. An Officer's claim to half Staff Salary for six months, as sanctioned in the preceding Rule, will not be affected by his subsequently retiring from the Service in Europe or elsewhere.

15. No portion of Command Allowance, Medical Staff Salary or other similar allowance, which, under the old Rules, was inadmissible to Officers absent from their Corps or Stations at the Cape or elsewhere, will be allowed to absent Officers under these Regulations.

16. All Officers, whether Staff or Regimental, while on leave of absence on sick certificate, will be entitled for a period of six months to the same rate of Indian Pay and Allowances as was allowed under the old Regulations to Officers proceeding to the Cape on Medical Certificate, and for the remaining period of their leave they will receive Furlough pay only.

17. If the leave on sick certificate be extended, Furlough pay will be continued; but under no circumstances for a longer period than three years altogether from the commencement of the absence.

Staff Officers.

18. The term Staff Officer applies to all Officers holding Staff or detached appointments, Military, (General or Regimental,) Political or Civil; also to General Officers commanding Divisions, Members of the Medical Board, Superintending Surgeons, and others who, under the old Rules, were entitled to draw half Staff allowance when absent at the Cape.

19. Staff Officers, absent on leave beyond the periods stated in Rules 9 and 13 respectively, cannot retain their appointments and allowances except on special grounds, to be sanctioned by the Government of the Presidency. Any such special grant of leave is to be reported at once to the Hon'ble the Court of Directors, with the reasons for it, and to be subject to their approbation.

20. The privilege of retaining Staff appointments during leave of absence on sick certificate, or on Furlough on private affairs, will not be available a second time, if the fresh leave is on sick certificate, until an Officer has been three years, if on private affairs, until he has been six years in the discharge of the duties of his appointment, from the date of last return to it.

21. This Rule, however, does not apply to leaves of absence, whether on sick certificate or on private affairs in India, or for brief periods to Ceylon, the Mauritius, or other places out of India.

22. Officers commanding Troops of Horse Artillery and Light Field Batteries, and Officers generally in employment, will be allowed leave out of India under the same Rules with respect to allowances and tenure of Command or Office, as regulated the grant of leave to the Cape to such Officers under the old Regulations, except as to the duration of those advantages, the time for their continuance being subject to the provisions of the new Regulations.

Date of Furlough and Advances of Pay.

23. The period of Furlough on private affairs, or leave of absence on sick certificate, is to be calculated from the date of the departure from India of the ship in which the Officer proceeds.

24. Advances of Pay and Allowances, Staff and Regimental, to Officers proceeding on leave of absence on sick certificate, who may be entitled to them, will be made in India for three months from date of embarkation. Payments in continuation will be made in England at the rates of exchange fixed annually for re-payment of advances made on account of Her Majesty's Government. Furlough pay will continue to be issued in advance for six months when required by Officers obtaining Furlough on private affairs.

25. The existing Regulations regarding Passage Money to Officers, are not affected by these Rules.

26. The certificates issued to Officers who are granted Furloughs on private affairs, or leave of absence on sick certificate, are to specify the time each Officer has been absent on leave within Indian limits, as well as the time of his previous absence in Europe; but will not include the periods allowed for proceeding to the Presidency or port of embarkation, and to enable Officers to rejoin their Regiments or Stations, after their return to India, nor the leave of one month's absence in six months as unauthorized by the Regulations. The last pay certificate of all Officers proceeding to England on sick certificate is to specify the rate of Regimental pay and allowances and Staff salary to which they would have been entitled under the old Regulations if proceeding to sea on Medical Certificate. This information is necessary in order that no difficulties may arise in the Pay Department of the India House in adjusting the several payments which may be due.

Officers of H. M.'s Service.

27. Officers of Her Majesty's Service in India, whether employed Regimentally or in Staff or detached situations, are entitled to the advantages above laid down in respect to allowances and tenure of office when on Furlough or leave of absence.

28. In the case of Officers of Her Majesty's Service on Furlough or Sick Certificate in England or elsewhere, who may retire or exchange into Regiments not on the Indian establishment, the grant to these Officers of Indian allowance will cease from the date of their retirement or exchange, if it take place before the expiration of six months from the date of quitting India.

Periods of absence allowed to be counted as Service for Retiring Pensions.

29. In order that all Officers quitting India on Furlough, or Sick Certificate, may be placed on an exact equality as regards loss of time, the period allowed by Regulation for proceeding to the Presidency, or to the nearest port of embarkation, as well as the time to enable Officers to rejoin their corps or station after their return to India, will be considered as time counting for service for the Retiring Pension.

30. No Furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in twenty-five years' service, and four years in thirty years' service, shall be allowed to count as service for the Retiring Pension; and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs.

31. In the term "Leave of Absence as announced in General Orders" is to be included all leave of absence except the period allowed in Rule 2, and the ordinary indulgence of one month's leave in six months, as authorized by the existing Regulations, and which are in all cases, whether of Regimental

or Staff Officers, to be allowed to count as service for the pension. All leave to a greater extent, granted by Political and other authorities, which may not hitherto have been published in General Orders, must be so announced hereafter.

32. Officers to be entitled to retire on the full pay of their Regimental Rank (under the Regulation of 1796,) must have served twenty-two years in India, out of which leaves of absence for two years in the aggregate, and not more, will be allowed to count as service for the Retiring Pension.

33. Officers to be entitled to retire on the full pay of Captains and Majors (under the Regulations of 1835-7,) must have served twenty and twenty-four years respectively, out of which time leaves of absence for two years in the aggregate, and not more, will be allowed to count as service.

34. Officers to be entitled to retire as Lieutenant Colonels must have served twenty-eight years, out of which leaves of absence for three years in the aggregate, and not more, will be allowed to count as service.

35. Officers to be entitled to retire as Colonels, must have served thirty-two years, out of which leaves of absence for four years in the aggregate, and not more, will be allowed to count as service.

36. The scale, for Medical Officers and Veterinary Surgeons, of privileged Furlough and leave of absence as counting for the Retiring Pension, will be as follows :—

Years. Months.

1	8	in 17 and under 20 years' service.
2	0	in 20 " " 25 " "
3	0	in 25 " " 30 " "
4	0	in 30 and upwards.

37. It is to be distinctly understood that under no circumstances whatever will an Officer be permitted to retire on full pay, until he has completed the *full time of service* above specified, whether he be in England at the close of his service or elsewhere.

38. The privileged time of absence may, with the permission of the local Government, be taken at any time subject to these Regulations. If, therefore, at the end of twenty years' service, of which eighteen had been passed on actual duty in India, an Officer should be on Furlough, or Sick Certificate in Europe, or elsewhere, he will be entitled to retire on the full pay of a Captain without returning to India, and so in the other terms of service for the higher pensions. In like manner, a Medical Officer on Furlough, or Sick Certificate in Europe, or elsewhere, at the end of seventeen years' service, fifteen years and four months of which had been passed on actual duty in India, will be entitled to retire on the lowest rate of pension, without returning to India, and so in the other terms of service for the higher pension.

39. These Rules do not in any way affect the existing Regulations regarding the grant of leave in India, or for short periods to sea, whether on private affairs or on sick certificate, except as to the periods of such absence being taken into calculation in the time allowed to count as service for retirement on full pay.

G. O. C. C., 23rd February 1854.

His Excellency the Commander-in-Chief desires to call the attention of all Officers concerned to the necessity for their intimating, when applying for Furlough or leave of absence, whether or not they desire to retain what may be considered the advantages of the old Regulations, as, in the absence of any such intimation, it will be presumed that they prefer to adopt the new Rules; and transmitting Officers will be careful not to forward to Head Quarters applications deficient in this respect.

G. O. C. C., 18th October 1854.

With reference to the General Orders marginally noted, the Commander-in-Chief finds it necessary to

G. G. O. No. 110 of 1st Feb. 1854.

point out that when Officers shall have once declared whether they desire to abide by the old leave Rules, or to adopt the new ones, it is quite unnecessary to repeat the declaration in any subsequent applications they may prefer for leave of absence; but, in order to afford a record on the subject in the Adjutant General's Department, His Excellency is pleased to direct that in the statement of previous leave, annexed to the form of application prescribed in General Order, 10th July 1849, it shall be notified under what Rules, new or old, the first leave obtained subsequent to the promulgation of Government General Order, 1st February 1854, was granted.

G. O. C. C., 8th April 1848.

Officers proceeding to the Presidency, on leave of absence, with a view to submitting applications on their arrival there, for Furlough to Europe, or to retire from the service, are reminded of the necessity that such applications must receive the sanction of the Right Honorable the Commander-in-Chief, previous to their being laid before Government. It is, therefore, advisable for Officers intending to embark soon after reaching Calcutta, to forward their applications to Army Head Quarters, in sufficient time to admit of His Excellency's authority being conveyed to the Assistant Adjutant General at the Presidency, to submit them for the orders of Government. These instructions are equally applicable to Officers holding Civil situations, with reference to the 2nd paragraph of Government General Orders of the 12th of December 1818.

It is only in urgent cases, and on Medical Certificate, as announced in General Orders of the 10th January 1833, that the Assistant Adjutant General at the Presidency is authorized to submit applications of the above nature to Government, without first obtaining the sanction of the Commander-in-Chief.

1. The rules under which the period of service required to entitle Officers to the Retiring Regulations is calculated are as follows :—

2. Officers appointed direct, count service from the date of arrival within the limits of the Bengal Presidency—unless specially authorized by the Court of Directors to embark in a ship bound for another Presidency.

3. Officers appointed from Addiscombe subsequently to the 22nd November 1837 to the Cavalry, Artillery, or Infantry, count service as above, with the addition of the period passed at Addiscombe after attaining the age of sixteen.

4. Officers of Engineers count service from the date of arrival of the first Artillery Cadet of the same examination, with the addition of the Addiscombe period as above.

5. Officers appointed in India, if within the limits of the Bengal Presidency, count service from the date of the Government Order notifying their appointment—otherwise from the date of arrival within the limits.

6. Medical Officers and Veterinary Surgeons count service from the date of arrival within the limits of the Bengal Presidency.

7. Officers who may be compelled to quit the service by wounds received in action or by ill-health contracted on duty, after three years' service in India, will be permitted to retire on the half-pay of their rank, on the production of the usual certificates that their health will not permit them to serve in India. This indulgence, however, can be granted only in England by the Court of Directors.

Under instructions from the Honorable the Court of Directors, conveyed in their despatch No. 92, dated the 10th June 1857, the Right Hon'ble the Governor General of India in Council is pleased to announce for general information the new arrangements for the Medical Department at the three Presidencies, which have been determined upon by the Hon'ble Court.

Para. 6. With reference to the new Furlough Regulations (Government General Order No. 1150, dated 17th November 1854, paragraphs 29 to 37), the following scale of retiring pensions is applicable to the Medical Department :—

After 17 years' service.	£ 191 12 6
" 21 " "	" 250 0 0
" 25 " "	" 300 0 0
" 29 " "	" 365 0 0
" 32 " "	" 500 0 0
" 35 " "	" 700 0 0

18. A Veterinary Surgeon is allowed to retire after seventeen years' service in India upon seven shillings a day—or provided his health shall not permit him to continue to serve in India, then after ten years upon five shillings and six pence, and after six years upon three shillings a day.

19. Officers who have completed the prescribed period of service, are allowed to retire either in England or in India.

20. Officers retiring in England are allowed the benefit of the rank they may hold at the expiration of twelve months from their arrival in Europe.

21. Officers retiring from the service in England will be considered to have retired from the date of their application, or from the expiration of two years and a half from the date of the commencement of their furloughs whichever may first happen.

22. Applications from Officers to retire from the service in India, are to be addressed to the Right Honorable the Governor General in Council under the signature of the parties, and transmitted through the ordered channel of correspondence. Each application is to be accompanied by a Certificate of Service from the Adjutant General.

23. The rates of full Pension and Half Pay allowed to all Officers, whether of Cavalry, Artillery, Engineers, or Infantry, are as under :

	FULL PAY.		HALF PAY.	
	Per Diem.	Per Annum.	Per Diem.	Per Annum.

No. 904 of 1855.—The following paragraph of a Military letter from the Honorable the Court of Directors to the Government of India, No. 84, dated 27th June 1855, is published for general information :—

Letter, dated 5th April 1855, No. 82.—Submits the question whether as officers are, on their first application for leave of absence on Furlough, to declare whether they will abide by the old or accept the new Furlough Rules, Staff Officers who apply for leave to the Hills or elsewhere in India, are to vacate their offices like those who take leave to the Cape or elsewhere beyond sea. Government observe, that if this were so, the Rule would have the effect of debarring such officers from all leave, however short, in excess of the privileged leave of one month in six.

7th. Staff Officers applying for leave in India are not required, by the new Furlough Rules, to vacate their Staff appointments. We, therefore, approve and

confirm the view you have taken of this question.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 4th February 1856.

No. 195 of 1856.—The following Notification from the Financial Department is published in General Orders :—

No. 4, dated 22nd January 1856.—The following copies of letters to the Secretaries to the Governments of the North-Western Provinces and Bengal, are published for general information :—

No. 4584.

TO THE SECRETARY TO THE GOVERNMENT OF THE NORTH-WESTERN PROVINCES, FINANCIAL DEPARTMENT.

SIR,—I am directed to acknowledge the receipt of your letter, No. 2092 A, dated 13th ultimo, and its enclosures, containing certain suggestions from the Accountant in the North-Western Provinces, relative to the practice of demanding Security from Civil Servants proceeding to Europe.

2. In reply, I am desirous to state, for the information of the Honorable the Lieutenant-Governor, that the Honorable the President in Council is pleased to resolve :—

1st. That Security from Civil Servants on leave under Medical Certificate, or on private affairs, retaining their appointments, shall not be taken; and

2nd. That Security shall be taken in cases of Furlough, or of resignation of the Service as heretofore.

3. The Honorable Court will be advised by this Government not to accept a resignation from any Civil Servant whilst on sick leave, or on leave on private affairs, without ascertaining that there are no demands against him.

FORT WILLIAM, }

No. 224.

To W. GREY, Esq.,

Secretary to the Government of Bengal.

SIR,—I am directed to acknowledge the receipt of your letter, No. 1529, of the 24th ultimo, and to state in reply, for the information of the Honorable the Lieutenant-Governor, that the Most Noble the Governor General in Council is pleased to resolve that the Rule laid down in my letter of the 14th November last, dispensing

G. G. O., Fort William, 18th March 1856.

No. 462 of 1856.—The Right Honorable the Governor-General of India in Council directs that the following paragraph of a Military letter from the Honorable the Court of Directors to the Government of India, No. 8, dated 23rd January 1856, be published in General Orders:—

Letter No. 213, dated 29th September 1855.—Government forward correspondence relative to certain questions connected with the new Furlough Regulations, and request to be informed as to claims of an officer to the residue of his Furlough on private affairs, when he has been already absent on leave to England on private affairs for six months.

Para. 8.—We have to state in reply to your enquiry, that an Officer proceeding on leave to England for six months, retaining his appointment or otherwise, is not to be considered as having taken his authorized Furlough after ten or twenty years, as the case may be, but may, with your permission, be allowed at any time to take the remainder of the two years' authorized Furlough on private affairs.

G. G. O., Fort William, the 10th April 1856.

The grant of leave of absence to Staff Officers on Medical certificate, with half Staff allowances for six months, and with the privilege of returning to their offices if their absence from India be not prolonged beyond fifteen months, is bestowed by the Honorable Court in order to enable such officers to regain their health, and in the expectation that they will be thereby qualified to render additional service to the Government. But if leave of absence be taken merely to run out a prescribed period of service, and without any intention of returning to duty, the principle on which the rule is founded is infringed, and the indulgence of the Honorable Court is abused; wherefore the Right Honorable the Governor-General in Council hereby notifies for general information, that if there be an avowed intention on the part of an officer not to return to duty, or if the Government have valid grounds for concluding that the officer has no intention to return to duty, the indulgence of leave on sick certificate, retaining office, will not be granted in future.

G. O. C. C., 2nd June 1856.

His Excellency the Commander-in-Chief is pleased to announce for general information, that Government has fixed three (3) months as the maximum period, which is to be understood by the terms "short leaves," and "leaves for brief periods," used in Rules 7 and 21 of the new Furlough Regulations.

G. G. O., Fort William, 16th June 1856.

No. 859 of 1856.—The Right Honorable the Governor-General of India in Council is pleased to notify that the Honorable the Court of Directors, in their letter No. 56, of the 25th April 1856, have communicated the following decisions regarding the new Furlough Rules, published in Government General Order, No. 1150, dated the 17th November 1854.

Referring to Rules 6, 7, officers who take their first Furlough after twenty years' service in India, may take their second Furlough after an additional service of five years from the date of their last return to duty.

Referring to Rule 9, absence for six months, under this rule, does not preclude an officer from taking his Furlough to Europe after ten years' service.

FROM C. H. LUSHINGTON, Esq.,
Secretary to the Government of India,

TO C. B. THORNHILL, Esq.,
Officiating Secretary to the Government of the N. W. P.

Dated the 4th July 1856.

Sig.—I am directed to acknowledge the receipt of your letter No. 648A, dated the 9th ultimo, submitting for consideration certain enquiries from the Chief Engineer, N. W. Provinces, relative to the new Furlough Rules and Military Regulations.

The Chief Engineer's first enquiry is, whether a Staff Officer on return from Sick Furlough can be allowed half Staff Salary from the date on which he may report his arrival, and on this point "I am directed to inform you that it was decided by the Government of India, on the 11th April last, that Staff Officers returning from leave beyond Sea, under the new Furlough Regulations, are entitled to half Staff allowance from the date of their return to India; and that the Officers acting for them, who may be at the time in receipt of the full Staff allowances, must, from the date of the return to India of the incumbents, revert to the half Staff allowance of the appointments."

In respect to the 2nd point, "whether a Staff Officer obtaining 30 days' privilege leave of absence to the Presidency can, without retaining his appointment, obtain Furlough beyond Sea on Medical certificate, or on private affairs as well as private leave, in full of six months," I am desired to state that it has been decided in the Military Department that if an officer obtain leave to proceed to the Presidency preparatory to embarking for Europe on Furlough, or on leave for six months on private affairs,

under Section IX of the new Military Leave Rules, no portion of such preparatory leave can be treated as privilege leave.

No. 366 of 1855.—The following Military letter No. 25, from the Hon'ble the Court of Directors to the Government of India, dated 7th February 1855, is published for general information:—

Military Department, No. 25 of 1855.

OUR GOVERNOR-GENERAL OF INDIA IN COUNCIL.

1. Consequent upon the changes which have been made in the system of promotion in Her Majesty's Army by the Royal Warrant, dated on the 6th October 1854, and by the Order, dated Horse Guards, the 23rd November 1854, the following changes in the system of promotion in the Armies of the East India Company have been approved and authorized by Her Majesty's Government. General periodical Brevets are abolished. A fixed establishment of General Officers of all Arms of the Service arranged in one list for the three Presidencies is authorized.

The Establishment to consist of—

25 Generals.
50 Lieutenant Generals.
145 Major Generals.

Vacancies in the grades of General Officers, respectively, are to be filled by the promotion of the Senior Officers standing next in succession in the Gradation List of General Officers and Colonels at the three Presidencies.

Major Generals hereafter promoted for distinguished service, will, after the number of General Officers on the fixed Establishment has been completed, be placed in the Permanent General Officers' List, in the proportion of one Major-General for two vacancies; the second vacancy being filled by seniority from the Colonels' List.

Officers of Artillery, Engineers, Cavalry, and Infantry, after serving three years from the date they attain the rank of Lieutenant-Colonel, whether with their Regiment, or on the Staff, or on detached Military employment, in situations which, by the Regulations in force at the time, can be held by Lieutenant-Colonels, will be promoted to the rank of Colonel.

Field Officers, commissioned as such, before the 20th June 1854, will be allowed to rise by Brevet as under the Regulations then in force; but no Officer promoted to the rank of Field Officer, on or after that date, is to rise from the rank of Lieutenant-Colonel to that of Colonel, otherwise than by three years' service in the former rank, as above described, or as a reward for distinguished service, or by appointment to be Queen's Aide-de-Camp.

The Governor-General of India may, if in his opinion the good of the Service requires it, appoint any Colonel selected for Field Service or a Divisional Command to the temporary rank of Major General without regard to seniority; and may, in like manner, in the same circumstances, appoint a Major General selected for a Command to the rank of Lieutenant-General.

In cases where Colonels shall be so appointed without regard to seniority to Commands as Major Generals, their temporary rank, if they should have conducted themselves to the satisfaction of the Government of the Presidency to which they belong, may, after having held such Command for five years in peace, or after any shorter period in war, upon the recommendation of the Commander-in-Chief, under whom they have served, transmitted with his own approbation by the Governor-General of India, and further recommended by the Commander-in-Chief of Her Majesty's Forces, be made permanent at the pleasure of the Queen, if Her Majesty shall so determine. In like manner the temporary rank of Lieutenant-General, as conferred by the Governor-General of India, may be confirmed and made permanent at Her Majesty's pleasure.

In addition to the Colonels promoted by seniority to be Major Generals, Colonels will be eligible for promotion by Her Majesty to the rank of Major General, and Lieutenant Generals to the rank of General, for distinguished service in the field. In the case of Officers promoted to the rank of General Officers as a reward for distinguished service in war, the recommendation, in which the service of the Officer shall be detailed, shall be published in the General Orders of the Army and in the *Gazette*, with a view to ensure the responsibility attaching to an appointment thus made out of the regular course of Army Proportion.

Every vacancy on the fixed Establishment of General Officers is to be filled by the promotion, when there is no supernumerary, of the Senior Colonel qualified to succeed to the rank of Major General, and to be placed on the fixed establishment under the regulations now in force; and vacancies in the ranks of General and Lieutenant General, will be filled in the same manner. If there be more than one supernumerary who has been promoted for distinguished service, the promotion of the Senior Colonel to take place on every second vacancy only, until the supernumeraries be reduced by the appointment, alternately, of a supernumerary, and the promotion of a Colonel.

Promotion shall be made in the ranks of Field Officers below the rank of Colonel, from time to time, or as vacancies occur in the Major General's fixed Establishment.

Any Captain, Major, or Lieutenant Colonel, may be rewarded by promotion to Brevet rank for distinguished service in the Field, on the recommendation, as at present, of the General Commanding-in-Chief.

The names of Officers above the rank of Captain who have already retired, or may hereafter retire from the Service on full pay, are to be retained in the Army List in italics; and Officers now on the retired Full Pay List, or hereafter retiring upon full pay, are to receive a step of Brevet rank, but such Officers cannot be further promoted.

2. One of the provisions of the Royal Warrant is, that "the Commands of General Officers and other situations on the Staff, both at home and abroad, shall not be held for more than five years unless by re-appointment." This rule already obtains in the Service as regards General Officers on the Staff; and we have now resolved that it shall be extended, as in Her Majesty's Service, to all other situations on the Staff and on detached employment.

3. Immediate effect will be given to portions of the above arrangement by the promotion by Her Majesty of Officers to complete the establishment of General Officers for the three Presidencies, and of the Officers now retired on full pay who are to receive a step of Brevet rank.

4. Your Government will forthwith promote to be Colonels the Lieutenant Colonels entitled to that advantage.

5. In making these promotions, time of absence beyond sea, on furlough, or sick certificate on leave granted, will not be allowed to reckon as a part of the three years' service, except absence on account of wounds received in action, or from ill-health contracted by service with an Army in the Field, which must be duly certified by the report of a Medical Board, when each case will be separately examined. In all other cases the time of absence of the Officer before he has completed the required three years' service as Lieutenant Colonel will be deducted, so that the Officer shall have actually served that time before he be promoted to the rank of Colonel.

6. Having considered the position of the Lieutenant Colonels now in the Service who have held that rank for three years and upwards, it has been resolved that the above rule shall not be applied in its full strictness to them; but that the circumstances of each case, and the length and causes of absence shall be taken into consideration, and the proper deductions, if any, from their time of service be made accordingly.

7. We leave it to the Governor-General of India in Council to specify in General Orders the Officers on the Staff or other detached Military employment, in which service a Lieutenant Colonel shall, from the date of the promulgation in General Orders of the present arrangements, be held equivalent to actual Regimental Command as Lieutenant Colonel in qualifying Officers to be promoted to Colonels.

8. The Commissions of Colonels to all Lieutenant Colonels qualified according to the arrangements now communicated, by three years' service as Lieutenant Colonels, on the 28th November 1854, are to bear that date, being the date assigned to the first promotions made in Her Majesty's Service under the Royal Warrant.

Fort William, 4th April 1855.

No. 410 of 1855.—The following Military letter No. 34, from the Hon'ble the Court of Directors, to the Government of India, dated 21st February 1855, is published for general information:—

Military Department, No. 34 of 1855.

OUR GOVERNOR-GENERAL OF INDIA IN COUNCIL.

* Published in G. G. O., No. 366, dated 23rd March 1855.

Para 1.—Referring to our letter of the 7th instant, No. 25,* we have now to apprise you that promotions consequent on vacancies in the fixed Establishment of Major Generals are to be made in the

following manner, viz. :—

The Senior Colonel in the Armies of the three Presidencies is to be appointed to the vacancy of Major General.

The Senior Lieutenant Colonel of those Armies to succeed to be a Brevet Colonel.

The Senior Major and Captain of those Armies are to succeed as Brevet Lieutenant Colonel and Major respectively.

Seniority is in all these cases to be determined by Army Rank.

2. The promotion to the rank of Major General will be made under Her Majesty's Commands, and will be announced in the *London Gazette*, and the promotion of the Lieutenant Colonel, Major, and Captain, will, as usual, be made by the local Governments.

"Field Officers, commissioned as such before the 20th of June 1854, will be allowed to rise by Brevet as under the Regulations then in force, but no Officer promoted to the rank of Field Officer, on or after that date, is to rise from the rank of Lieutenant Colonel to that of Colonel, otherwise than by the three years' service in the former rank as above described, or as a reward for distinguished service, or by appointment to be Queen's Aide-de-Camp."

3. When the last Field Officers commissioned as such before the 20th June 1854, and remaining in the Army shall have been promoted to the rank of Colonel, such part of the above arrangement as relates to the promotion of Lieutenant Colonels to Colonels, will cease to have effect under the Clause of the new Regulation as copied in the margin.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR-GENERAL OF INDIA.

Ootacamund, 21st September 1855.

The Most Noble the Governor-General of India is pleased to notify for general information, that the Hon'ble the Court of Directors have, in reply to a reference made to them by His Lordship, transmitted, in their Military letter, No. 100, dated the 8th of August 1855, the following instructions, relative to the new system of promotion which was brought into operation by the Hon'ble Court's letter, No. 25, dated the 7th of February 1855, published in General Orders by the Government of India, No. 336, of the 23rd of March 1855:—

I. The service of three years as Lieutenant Colonels by which Officers of Artillery, Engineers, Cavalry, and Infantry, whether with their Regiments, or on the Staff, or on detached Military employment, in situations which by the Regulations in force at the time, can be held by Lieutenant Colonels, become entitled to be promoted to the rank of Colonel is required to be service in the Regimental rank of Lieutenant Colonel.

The Leaves of Absence in India granted to Regimental Lieutenant Colonels are not to be deducted from the three years qualifying them for promotion to be Colonels.

The following are the Offices on the Staff or other detached Military employment in which service as Lieutenant Colonel shall be held equivalent to actual Regimental Commands as Lieutenant Colonel, in qualifying Officers to be promoted to Colonel, viz.:—

- Adjutant General of the Army.
 - Quarter Master General of the Army.
 - Commandant of Subsidiary or Field Forces, Districts or Garrisons, including Chief Commands of Irregular Forces.
 - Chief Commands in the Armies of Native Allied Powers.
 - Deputy Adjutant General of the Army.
 - Deputy Quarter Master General of the Army.
 - Commandant of Sappers and Miners.
 - Secretary to Government, Military Department.
 - Deputy Secretary to Government, Military Department.
 - Secretary to Government, Public Works Department.
 - Military Secretary to the Chief Commissioner in the Punjab.
 - Judge Advocate General of the Army.
 - Commissary General.
 - Asst. Adjutant General of the Army.
 - Asst. Adjutant General of Artillery.
- Such offices filled by Lieutenant Colonels of Artillery and Engineers as belong to those particular Arms of the Service.

II. The vacation of all offices shall take place after they have been held for five years. It will be in the discretion of the respective Governments of the three Presidencies to re-appoint for a second or even a third tour of five years, when the Government may consider that the re-appointment is required for the good of the Service.

This rule is inapplicable to General Officers and Brigadiers, whose tour of command is limited by existing Regulations to one tour of five years.

Present occupants of Staff Appointments will not be affected by this rule, until the expiration of five years from the 23rd of March 1855, when the rule limiting the tenure of Staff employment was published in General Orders, unless, in consequence of promotion, they are required to vacate the appointments sooner, under the Regulations of the Service as already in force.

Brigadiers and Staff Officers filling appointments, which, under existing Regulations, cannot be held with the rank of Major General, shall, as a general rule, vacate their Commands and Appointments on promotion to that rank.

Officers holding such Commands and Appointments, who have already been promoted to complete the permanent establishment of General Officers, are to vacate their Commands and Appointments under the Regulations heretofore in force. But in consideration of the effect of the late promotions on them, they will be permitted to continue in their respective situations for a period of six months from the 14th of September 1855, the date of the receipt of the Hon'ble Court's Despatch, provided that, in the case of Brigadiers, their tour of Command shall not by this indulgence be extended beyond the limit of five years.

The several Governments shall have the power of retaining, on special grounds, to be separately reported to the Hon'ble Court, Major Generals for the following offices in the three Presidencies, viz.:

Secretary to Government in the Military Department.

Adjutant General of the Army.

Quarter Master General of the Army.

Military Auditor General.

Judge Advocate General, G. G. O., No. 321, dated 26th February 1856.

Chief Engineer of Public Works,

Inspector General of Ordnance,

Commissary General,

G. G. O., No. 648, dated 25th April 1856.

III. The adjustment of rank among the Lieutenant Colonels of the three Presidencies heretofore

Rank of Officers in the different Presidencies. made under the instructions of the Hon'ble Court's letter, No. 9, dated the 27th of July 1836, published in General Orders by the Government of India, No. 226, of the 4th November 1836, will henceforward be discontinued.

The general list of Lieutenant Colonels of the three Presidencies as now existing, will remain unaltered; and by it the Government of India will be guided in making promotions to the rank of Colonel as directed in the Honorable Court's Despatch, No. 34, dated 21st of February 1855, promulgated in General Order, No. 410, of the 4th of April 1855. But henceforward promotions of Lieutenant Colonels to be Colonels, whether to supply casualties in ordinary course, or under the provisions of the new system of promotion, will be made in the three Presidencies without reference to the relative rank of the Lieutenant Colonels in the Armies of Fort St. George and Bombay, with that of the Lieutenant Colonels of the Bengal Army.

with the Governor-General.

No. 1164 of 1855.—The Right Hon'ble the Governor-General of India in Council is pleased to direct that the following Military letter from the Hon'ble the Court of Directors to the Government of India, No. 117, dated 23rd July 1856, be published in General Orders:—

Military Department, No. 117 of 1856.

OUR GOVERNOR-GENERAL OF INDIA IN COUNCIL.

Para. 1.—Referring to the several communications received from your Government, relating to the promotion to the rank of Colonel of Lieutenant Colonels who had obtained leave of absence from India prior to the 23rd March 1855, we have now to announce to you that the sanction of the Queen has been given to the following Regulation, as concurred in by the Secretary of State for War and by the Field Marshal Commanding-in-Chief, viz. :—

"That all Regimental Lieutenant Colonels who quitted India on Furlough prior to the 23rd March 1855, but who had previously commanded Regiments as Majors or Lieutenant Colonels, or performed other equivalent Military duty in the situations prescribed in the Royal Warrant of 6th October 1854, for not less than two years, shall be promoted to the rank of Colonel when they shall have held the rank of Lieutenant Colonel for 3 years."

"Lieutenant Colonels by special Brevet for distinguished conduct in the Field, who quitted India on Furlough prior to 23rd March 1855, but who had previously done duty in that rank for not less than two years, to be in like manner promoted to the rank of Colonel when they shall have held the Brevet rank of Lieutenant Colonel for 6 years."

"The time passed on leave of absence in India, and which had been granted prior to 23rd March 1855, to be also allowed to reckon as service."

"In cases of leaves of absence commencing after the 23rd March 1855, no longer period than one month in each year, or a total of 3 months in 3 years, or 6 months in 6 years, shall be allowed to reckon, whether the leave shall have been spent in India or out of the Country, except in cases of wounds or illness contracted by service in the Field duly certified by a Medical Board, when each case will be separately considered with reference to the time to be allowed."

"The above Regulation to be applicable to Lieutenant Colonels of Her Majesty's Troops serving in India, as well as to those of the East India Company's Service."

2. You will take immediate measures for carrying this Regulation into effect, so far as relates to the Service of the East India Company.

3. We now forward, for your information and guidance, copy of a letter and its enclosure, received this day from Major General Sir C. Yorke, K. C. B., on the subject of the claim of the Indian Army to Line Promotion under the arrangement contained in the Royal Warrant of 6th October 1854, in succession to Colonels promoted to complete the Establishment of General Officers of that Army on the 28th November 1854.

And Nine other Directors.

HORSE GUARDS,

22nd July 1856.

W. LEACH, ESQUIRE.

SIR,

With reference to the correspondence which has taken place on the subject of the claim of the Indian Army to Line Promotion, under the arrangement contained in the Royal Warrant of the 6th October 1854, in succession to Colonels promoted to complete the Establishment of General Officers of that Army on the 28th of November 1854, and particularly to the List of Lieutenant Colonels of the East India Company's Army, who would have been promoted to the rank of Colonel from the 28th of November 1854, had the promotion been made under that arrangement, and which List was forwarded with your letter of the 28th ultimo, I am directed by His Royal Highness the General Commanding-in-Chief to acquaint you that his predecessor, Field Marshal Viscount Hardinge, having observed by that List, that in point of fact there remain only three Lieutenant Colonels to be promoted, of whom one (Lieutenant Colonel Day) has retired from the Service, in order to carry out the arrangement, and twenty-three remaining in the Service, whose appointments will be antedated, His Lordship communicated with Lord Panmure on the subject, expressing his opinion that on this understanding the application might be acceded to.

In this view Lord Panmure has concurred, and I am therefore to acquaint you that there will be no objection to these promotions, and those in the other ranks consequent thereon, being made accordingly.

In order to prevent any misunderstanding, I enclose a List of the Colonels remaining in the Service, whose Commissions would be antedated under this arrangement, extracted from the List forwarded with your letter of the 28th ultimo, and of the 3 Lieutenant Colonels to be promoted; and I am to acquaint you that His Royal Highness considers that this question will then be closed.

I have, &c.,
(Signed) C. YORKE.

NEW FURLOUGH RULES

FOR

HER MAJESTY'S INDIAN MILITARY SERVICE, 1868.

GENERAL ORDERS BY THE GOVERNMENT OF INDIA, MILITARY DEPARTMENT.

Simla, the 10th November 1868.

No. 1064 of 1868.—The Right Hon'ble the Secretary of State for India having, with certain modifications, approved generally of the rules relative to the absence on leave of Military Officers, published in Government General Order No. 613, dated 19th June 1868, the following revised rules are published in substitution of those contained in the order above referred to.

These rules will be applicable to all Officers who may elect to adopt them belonging to the several Indian Staff Corps or to the Indian Army, and in regard to the period of leave of absence during which appointments may be held, and in regard to the increased allowances, they will also be applicable to Officers of the Royal Artillery and Royal Engineers, late of the Indian Army, holding permanent staff appointments not of a regimental nature.

The question of the application of these rules to the Officers generally of Her Majesty's British Forces serving in India, is still under the consideration of Her Majesty's Government.

To obviate confusion or misconception as to the rules referred to, those previously in existence, and those now sanctioned, will be severally designated as the Furlough Rules of 1796, of 1854, or of 1868.

The term "Furlough Pay" having now a changed and two-fold signification, in all future orders and references "Furlough Pay" will be understood as the half Indian salary within the prescribed limits, specified in paragraph 5 of these rules, converted at the exchange of 2 shillings for the rupee, whilst "English Furlough Pay" will represent the rates heretofore allowed to the several grades as English pay under the rules of 1796 and 1854.

I.—The distinction with respect to allowances hitherto drawn between furlough on private affairs and sick leave is abolished, both kinds of leave being included under the general term *furlough*, provision, however, being made for the obtaining of furlough under medical certificate, without all the restrictions applicable to furlough when taken without medical certificate.

II.—Leave taken under the rules now prescribed will not involve forfeiture of appointment, except in the cases herein specially provided for.

III.—The rules now prescribed do not affect the provisions of Act XXXIII of George III, Chapter 52, Section 70; but an absentee cannot retain his appointment and draw absentee allowances, except under the rules now prescribed.* Nor do they affect the regulations by which General Officers Commanding Divisions and Brigades can only obtain limited periods of leave without forfeiting their commands.

IV.—Leave of absence will in future be of three kinds, *viz.*—

- 1.—Furlough in or out of India.
- 2.—General leave on private affairs or sick certificate in India, or short leave to sea,
- 3.—Privilege leave.

CHAPTER I.

Furlough.

V.—An Officer drawing staff pay in addition to pay of rank, proceeding on furlough, will be allowed pay at the rate of 50 per cent. of the salary of his substantive office. But an Officer on civil employ and drawing consolidated salary will be allowed 50 per cent. of the average salary drawn by him for three years prior to his proceeding on furlough. In the case of an Officer who may be granted furlough on medical certificate before he has completed three years' actual service in India, the average will be taken of the salary drawn during the period of his actual service. In every case the time spent and the allowances drawn during any leave under Chapter II., will be omitted in the calculation of average salary. No absentee shall draw more than £1,200, or less than £250 per annum. The term salary will signify the total in civil.

* The section referred to is quoted below:—

Section 70.—"And be it further enacted that no person who shall have held any civil or military station whatever in India, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander-in-Chief of the Forces, and who having departed from India by leave of the Governor-General in Council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in any Civil Servant of the Company, it shall be proved to the satisfaction of the Court of Directors service, unless, in the case of any person, it shall be proved to the satisfaction of the Court of Directors that such absence was occasioned by way of ballot by three parts in four of the proprietors assembled in General Court, India by a vote or resolution passed, whereof eight days' previous notice of the time and purpose of such meeting shall be given in *The London Gazette*; or unless, in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors and the Board of Commissioners for the Affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident."

amount drawn by an Officer, whether as consolidated pay or staff allowances in addition to pay, but will not include any extra or special allowances. It is to be clearly understood that an Officer absent on furlough, who may be transferred to another office during his absence, shall be entitled, for the entire period of his furlough, to pay at the rate sanctioned to him when leaving India, provided that an Officer whose term of office shall lapse during his furlough shall cease to draw his half staff salary from the date of such lapse. An Officer will also be entitled to the benefit of his promotion to a higher Staff Corps or regimental rank whilst on furlough, subject to the maximum limit.

Officers not in staff employ will receive half the Indian pay of their rank, provided that in no case will an Officer entitled to furlough receive less than the above minimum of £250 per annum.

NOTE.—Officers who may be entitled to income allowance from the Military Fund during absence in Europe, will draw their half salary or minimum absentee allowance under the foregoing clause, subject to a deduction equivalent to the amount of such income allowance.

VI.—All grants of furlough on private affairs are subject to the exigencies of the public service, of which exigency the Government is to be exclusively the judge, and to any regulations that may be found necessary for limiting the number of absentees.

VII.—The maximum amount of furlough on private affairs to be taken at any one time, carrying pay and retention of appointment, will be two years.

VIII.—A period of at least three years' service after return from last furlough, except furlough under Rule XI, must be completed before furlough can again be taken, unless obtained under medical certificate (see Rules XIII and XIV).

IX.—An Officer will be eligible for two years' furlough on the completion of eight years' actual service in India, for a third year after a further period of six years' actual service, and for a fourth and fifth year after similar intervals of six years. The grant of furlough to an Officer eligible for it will be subject only to the conditions specified in Rules VI and VII. The fact of having taken furlough on medical certificate will not affect the grant of these furloughs, except as to the conditions laid down in Rules VIII, XIII, and XVI.

X.—An Officer eligible for furlough need not take the whole amount to which his service entitles him, but may apply for any portion thereof as an instalment; and in that case the balance will remain at his credit in any future computation of the amount of furlough to which he may be entitled.

Illustrations.

(1).—An Officer who has served nine years in India is entitled to two years' furlough. He takes only one year, and after his return remains in India for five years. He is then eligible for two years' furlough as follows:—

Total service in India	14 years.
Furlough due on that service	3 "
Furlough already taken	1 "
Balance for which he is eligible	2 "

(2).—An Officer who has served 20 years in India without taking furlough is entitled to four years' furlough. He can only take, however, two years at one time carrying pay, the balance remaining at his credit in any future computation of furlough to which he may be entitled. He can take that balance after completing three years' service from the date of his return from the first instalment.

XI.—Furlough on urgent private affairs for six months with pay equivalent to the British regimental pay of his rank, to be extended to a year, if necessary, may be granted when the Officer is not eligible for ordinary furlough. The said period may form part of the periods of either eight or six years referred to in Rule IX.

XII.—Subject to State considerations, there will be no restriction as to the places to which an Officer may resort during furlough.

XIII.—Absence on medical certificate for a longer period than two years at one time, or departure on such furlough within three years of the date of return from a previous furlough, except furlough under Rule XI, will involve forfeiture of appointment. Such furlough may, however, be extended to a third year on English furlough pay.

In the event of an Officer not being able to return to his duty after an absence of three years, it will rest with the Right Hon'ble the Secretary of State for India in Council to order him to appear before a Medical Board, with a view to placing him on the retired list, if entitled to pension, or on the half-pay list.

Should the circumstances of the case warrant a further extension of leave, it can only be granted without pay.

XIV.—An Officer not entitled to furlough, whose health may necessitate his taking it within three years from the date of last return, may, under the usual medical certificate, obtain such amount as may be duly certified to be necessary for the restoration of his health, but will only receive English furlough pay, and must vacate any appointment he may be holding.

XV.—An Officer entitled to furlough, whose health may necessitate his absence from India, will be compelled to take leave as furlough under Rule IX, but without forfeiting any passage money to which he may be entitled under Military Fund Rules, or, if a Subaltern, by regulation when proceeding on medical certificate.

Any extension of this furlough beyond the period to which he may be entitled under Rule IX, will be regarded, in all respects, as furlough on medical certificate. Such extension will not be allowed to take effect until the Officer shall have exhausted the entire amount of his available furlough on private affairs. If the aggregate of two years' leave is exceeded, the Officer will, after that date, come under the provisions of Rule XIV.

XVI.—The aggregate amount of furlough with pay and retention of appointment, whether on private affairs or on medical certificate, that may be granted to an Officer during his service, will be limited to eight years.

XVII.—If taken in India, furlough will be reckoned from the date of the absentee quitting his station to the date of his return thereto; if taken out of India, from the date of the sailing of the vessel in which he may have embarked to the date of his disembarkation in India.

XVIII.—Preparatory leave to embark for Europe or elsewhere on furlough will be granted for any period not ordinarily exceeding 30 days. Leave to the same limit, to enable him to rejoin on his return from furlough, will be granted from the date of his disembarkation in India.

XIX.—Furlough allowances shall be payable monthly if payment is taken in India, and quarterly if payment is taken in England.

XX.—Advances of furlough pay will continue to be made in India to those Officers who desire it for three months from date of embarkation. Payments in continuation will be made in England on the expiration of six months from that date.

XXI.—The last pay certificate issued to each Officer who may be granted furlough, whether on private affairs or on medical certificate, will specify the rate of the pay and staff salary of his last substantive appointment, and the rate to which he will be entitled in Europe in virtue of Rule V.

XXII.—An Officer acting in India for an absentee will be restricted for the entire period of such acting to the half staff salary of the appointment in which he may be acting, in addition to the full pay of his rank and the half staff salary of his own appointment, if he possess one. The staff salary granted to an acting Officer will, however, in no such case be less than Rs. 100 per mensem.

XXIII.—The privilege heretofore granted to Military Officers of counting the proportion of leave noted in the margin as service for pension is retained. The periods of service qualifying for pension remain unaltered.

XXIV.—In computing the furlough on private affairs to which an Officer who has already enjoyed some portion of such furlough will be entitled under these rules, it will be necessary to deduct the total amount of the furlough on private affairs of which he may have availed himself during his service from the total periods to which, under Rule IX, he can lay claim. The balance will represent the leave to which he will be entitled on the expiration of not less than three years from his last return to duty.

Illustration.

(1.)—An Officer, who had obtained, under the existing rules, two years' furlough after ten years' service, returns to India on the date on which this order is promulgated. He accepts its conditions, and serves four years longer in India. On the expiration of that term, he can take one year's furlough, thus—

Total service in India	14 years.
Leave to which that service entitles him	3 "
Already enjoyed	2 "
Balance	1 year.

(2.)—An Officer of four years' service has proceeded on sick certificate to England for 20 months, extended afterwards to two years. He returns, serves six years in India, takes two years' furlough, and returns to India about the time of the promulgation of these rules, which he accepts. He must serve four years before he can take an additional year's furlough, thus—

Total service up to return from furlough	14 years.
Total service in India	10 "
Furlough enjoyed on that service	2 "
Further period of service to entitle him to one year's furlough	4 years.

CHAPTER II.

General Leave on Private Affairs and Sick Certificate in India.

XXV.—An Officer will be eligible, as at present, to take leave on private affairs or sick certificate in India for any period not exceeding six months, at the discretion of His Excellency the Commander-in-Chief or of the Government under which he may be serving. During the entire period of his absence on this account, the Officer will be entitled, as at present, to his full pay and a moiety of his staff salary. Leave taken under this rule will form no part of the eight years' aggregate furlough. If this indulgence should be taken advantage of for a third year consecutively, the Officer will lose his staff appointment.

XXVI.—Leave on sick certificate for a period exceeding six months, capable of extension, under renewed medical certificate, to a limit of one year, may be granted to any Officer who, in the opinion of a Medical Board, may require it. Leave of this nature, taken after the promulgation of these rules, will be held to constitute a part of the maximum period of eight years' leave of absence to which an Officer is entitled in his entire period of service, but will not be regarded as furlough, nor will it affect the intervals entitling to furlough laid down in Rule IX. During this leave, the absentee will draw a moiety of his staff salary in addition to the pay of his rank.

XXVII.—Short leave, not exceeding three months, on private affairs or sick certificate, may also be taken to sea on the above condition, but absence from India for any longer period will be treated as furlough.

XXVIII.—All general leave taken in India counts as part of the leave reckoning against service for pension.

CHAPTER III.

Privilege Leave.

XXIX.—Privilege leave may be granted, as at present, for sixty days in each year to all Officers in military employ, without deduction from the salaries and emoluments drawn by them. General leave in extension of privilege leave can only be granted on the ground of sickness, or some other serious emergency which could not have been foreseen when the Officer proceeded on privilege leave. Privilege leave may, however, be converted into general leave with the sanction of the Commander-in-Chief or the Government.

XXX.—In the case of the stations noted in the margin, privilege leave may, as at present, be granted for ninety days to Officers of local corps, or of corps which are usually employed in one or other of the districts named.

Assam.	Khairwara.	Dera Ghazee Khan.
Shillong.	Kohra.	Rajampore.
Eringpoora.	Bunbo.	Jacobabad.
Deollee.	Dera Ismael Khan.	

XXXI.—An Officer is at liberty to proceed wherever he may desire on privilege leave, provided he can ensure his return before the expiration of his leave.

XXXII.—Privilege leave cannot be taken in continuation of furlough, nor can furlough be obtained in continuation of privilege leave. If furlough be obtained by an Officer while absent on privilege leave, the privilege leave will be converted into general leave, the Officer for that period sacrificing a moiety of his staff salary.

Military Officers in Civil Employ.

XXXIII.—Military Officers in civil or political employ taking leave in India, come, as respects periods of leave obtainable and amount of pay to be granted, under the Civil Leave Rules. When they take leave out of India, they come under the Military Leave Rules.

Subsidiary Rule.

XXXIV.—Officers of the Indian Military and Medical Services will be required generally to notify their intention to accept these rules, or to adhere to those now existing, on the first occasion of their taking furlough or general leave after the publication of this order. Such election must be considered final, and under no plea whatever will an Officer be subsequently relieved from the choice thus made.

Officers who may determine to abide by existing rules will be allowed to proceed on furlough on the conditions laid down in Rules VII, VIII, and XIII to the extent to which they may be entitled under the Furlough Regulations of 1854, and on the rates of pay contemplated in those regulations, but retaining their appointments. The principle laid down in Rule XV must, however, be applied in those cases.

If an Officer, under the Furlough Rules of 1796, elects the present rules, his service for pension will be reckoned, under the former rules, up to 1st July 1868, and thenceforward under the rules of 1868.

The foregoing rules take effect from the 1st July 1868 as respects retention of appointments and terms under which leave will be granted, but half staff allowances will not be available for Officers now on leave in cases where the acting Officers have already come into receipt of the full staff salary. Nor can Officers who have vacated appointments which have since been permanently filled up, have any claim to be restored to them.

Fort William, the 1st December 1868.

No. 1131 of 1868.—The following Military letter from the Right Hon'ble the Secretary of State for India is published for general information:—

MILITARY.

No. 367.

INDIA OFFICE;

LONDON, 28th October 1868.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

SIR,—I have to express my approval of the decision reported in your letter No. 315 of the 18th August 1868, that, under the Furlough Rules of 1868, an unemployed Major General of the Staff Corps will be entitled to half of the Indian pay* and allowances he would have drawn had he remained in India, that is, if, during the three years a Major General is entitled to Indian pay unemployed, he takes leave (not exceeding a period of two years), he can draw 50 per cent. of his Indian pay during such leave.

* Rs. 1,295-5.

2. If an Officer in this position takes leave to Europe during the first two years of the unemployed term of three years, and returns to India by the expiration of the two years' leave, he will continue to draw his Indian pay and allowances for a third year.

3. If he remain in Europe, he will revert to the English rate of pay, viz., 25 shillings a day.

I have, &c.,

STAFFORD H. NORTHCOTE.

ARTHUR BROOME, Colonel,

Offg. Secy. to the Government of India.

No. 34 of 1869.—With the view of preventing the inconvenience which frequently results from the irregular manner in which applications for furlough to Europe from officers serving under the several Local Governments and Administrations, are submitted for the sanction of the Government of India, and from their being unaccompanied by the statements of service and certificates required by the regulations, the following rules are published for the guidance of all concerned.

2. The Local Government or Administration, or Department under which the officer is serving, will forward the application in duplicate for furlough to Europe on private affairs to the Adjutant General for submission to the Government of India in the Military Department; and, on sanction being accorded, an intimation to that effect, or an extract General Order, will be sent by the Military Department to the Local Government or Government Department, which will then grant the usual preparatory leave to the port of embarkation. Officers serving out of their own Presidencies will submit their applications for furlough on private affairs to the Government of their own Presidency, through the Government or Administration under which they may be serving.

3. Officers are recommended not to defer submitting their applications to the last moment, as they are on no account to be permitted to leave their stations until they have been officially informed that the furlough has been sanctioned.

4. Care is to be taken that applications are accompanied by the prescribed documents, in duplicate as specified below:—

I.—A certificate of no-demand from the Presidency Pay Master, countersigned by the Military Accountant, or by a guarantee from some respectable person or agent. Officers should, as early as possible, apply to the Presidency Pay Master for the necessary "no-demand" certificate, countersigned by the proper authorities, at the same time furnishing that officer with a similar certificate from the Pay Master by whom they were last paid, without which the Presidency Pay Master cannot grant his no-demand certificate.

The following is the form of guarantee required in lieu of a no-demand certificate:—

To the Secretary to the Government of India, Military Department.

SIR,—In lieu of the prescribed no-demand certificate, I (or we) hold myself (or ourselves) responsible to the Government for any public demand or demands that may arise against (name and corps) in the event of his being permitted to proceed to (place of leave or furlough).

I (or we have, &c.)

Signature.

(Place and Date).

In the case of an officer serving in the Public Works Department, the no-demand certificate will be furnished by the Public Works Controller of Accounts of the province in which he may be serving—G. G. O. No. 891, dated 24th October 1866.

In addition to the no-demand certificate, an officer in Civil or Political employ must produce an acquittance from the Civil Branch of the Office of Account of the Presidency, or Local Government under which he may be serving, or to which he may be responsible.

III.—A declaration on honor, in the case of officers proceeding to England on urgent private affairs, and who are not entitled to regular furlough as required by para. 3,* Section XXXVI of the Military Regulations.

5. As regards officers proceeding to England on account of ill health, the existing rules remain unaltered.

6. Preparatory leave in the case of officers proceeding on medical certificate will be granted, as hitherto, by Local Governments and Administrations, in anticipation of the applicant appearing before the Medical Board of the Presidency at which he may embark; and, in the case of officers proceeding by Bombay or Madras, furlough on medical certificate will be granted by the Governments of those Presidencies in the local Gazette, subject to confirmation by the Government of India.

Officers in *Civil employ* will obtain this certificate from the Accountant General of the Province in which they may be serving, and not from the relieving officer. G. G. O. No. 992, dated 22nd October 1868.

N. B.—Officers employed in the Public Works Department will have to submit certificates from the Public Works Controller of the Province in which they may be serving, that, "so far as is known," there is nothing objectionable in their "accounts."

9. Officers arriving at Calcutta, on their way to England, either on furlough on private affairs, or medical certificate, are required to report themselves to the Assistant Adjutant General in Fort William, from whom they will obtain all necessary information for their guidance; and similar reports will, of course, be made to the proper functionaries at Madras and Bombay by officers embarking at those Presidencies.

Fort William, the 26th January 1869.

No. 103 of 1869.—In modification of existing rules, and in continuation of Government General Order No. 34, dated 11th instant, it is announced, for general information, that an Officer who may have appeared before a Medical Board at Fort William, and been recommended by it for furlough to Europe, may either embark at Calcutta or proceed *via* Bombay without further examination by a Medical Board at the latter place; and in either case his furlough will commence from date of embarkation.

2. When an Officer desires to proceed *via* Bombay, he will word his application accordingly, and the General Order will specify that he has permission to embark at Bombay.

3. Officers who are not stationed at or near the Presidency, or who, in proceeding from their stations to Bombay, would not ordinarily pass through Calcutta, must present themselves before the Board at Bombay, and obtain furlough or medical certificate from the Government of that Presidency, as at present.

4. An Officer proceeding to Europe on furlough on private affairs from any part of the Bengal Presidency, will also be allowed the same indulgence of reckoning his furlough from the date of his departure from Bombay, should he apply for permission to embark there; but it must be distinctly understood that he can obtain the furlough, as at present, only from the Government of his own Presidency, and that he cannot embark until it has been actually granted.

5. The preparatory leave to the port of embarkation, whether the Officer is proceeding on furlough on private affairs, or on medical certificate, is, in all ordinary cases, limited to thirty days.

* Para. 3, Section XXXVI of the Military Regulations.

An officer desirous of proceeding to Europe on emergent private affairs who may have already enjoyed the authorized furlough, or who is not entitled to such indulgence, will transmit with his application a succinct detail on honor of the circumstances which induce him to apply.

No. 521.

INDIA OFFICE;

London, the 23rd December 1868.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

SIR,—I have received and considered in Council your letter in the Military Department, No. 423, dated the 31st October last, relative to the rates of subscription chargeable to Members of the Bengal Military Fund who proceed to Europe or elsewhere under the Furlough Regulations of 1868.

2. I approve of the decision arrived at by you, that English rates of subscription only should be levied from Officers availing themselves of the new Furlough Rules of 1868.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

Fort William, the 19th February 1869.

No. 207 of 1869.—The following Military letter from the Right Hon'ble the Secretary of State for India, No. 8, dated 13th January 1869, is published for general information:—

MILITARY.

INDIA OFFICE;

London, the 13th January 1869.

No. 8.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

SIR,

Para. 1.—Your despatch, dated 18th August 1868, No. 313, relates to the question whether the Furlough Regulations of 1868 shall be made applicable to the Warrant Officers, and to certain other questions connected with the pay and allowances of those officers.

2. Having considered the suggestions made by you, I have decided—

1st.—That the Furlough Rules of 1868 shall apply to all Warrant Officers holding veteran or honorary commissions, the period of service qualifying for furlough being calculated from the date of the attainment of the commission. These officers will receive, during furlough, half their total receipts, without any reference to a minimum or maximum rate.

2nd.—That Conductors and Sub-conductors shall only be entitled to a furlough on sick certificate. The furlough will be for two years, and half of aggregate Indian allowances will be drawn during that period. Any leave on sick certificate, not exceeding one year, granted in extension of the two years, or leave taken within less than three years from date of last return to duty, will be on English furlough pay only.

3. I approve of the proposal that Warrant Officers, appointed to act for those of a higher grade who may be on furlough, shall receive the half of the aggregate allowances of the absentees added to half the aggregate of their own allowances.

4. I approve also of permanent Conductors, who have hitherto been in receipt of the old Staff salary of Rs. 75 a month, being still allowed to draw that amount.

5. Your letter has no reference to the officers of the Subordinate Medical Department, but should your Government propose to include them, it is desirable that they should be expressly mentioned in the General Order which will be issued on the receipt of this despatch.

I have, &c.,

(Signed) ARGYLL.

Under the authority conveyed in para. 5 of the foregoing letter, it is hereby notified that the provisions of the rules now notified will be equally applicable to Warrant Officers and those holding the honorary rank of Assistant Surgeons in the Subordinate Medical Department.

Simla, the 19th May 1869.

No. 559 of 1869.—The following paragraphs of a Military letter from the Right Hon'ble the Secretary of State for India, No. 104, dated 15th April 1869, are published for general information:—

Mily. letter No. 46, dated 2nd Feb. 1869.

Resolution „ 469 „ 4th Dec. 1868, para. 7.

Resolution „ 489 „ 21st Jan. 1869.

That,

If an Officer, while on furlough, be transferred to another appointment, he will still continue to draw the furlough pay as before, whatever the salary of the new appointment may be, but the Officer acting in the latter will be restricted to half Staff salary.

If, during his absence on furlough, an officer's appointment be abolished, he will forfeit his claim to half Staff salary, and will revert to the furlough pay of his Military rank, regard being had to any circumstances deserving special consideration.

That

The following will *not* form part of the aggregate of eight years' furlough, with pay and retention of appointment, to which an officer who may elect the Furlough Rules of 1868 is restricted by Rule XVI:—

I.—All leave taken as local leave (not being furlough) in India;

II.—All leave necessitated by wounds received in action, or by sickness contracted on field service, which may be allowed to reckon as service for pension under the provisions of G. G. O. No. 1113 of 1867;

III.—All leave duly granted to England, on extensions of furlough, or leave on medical certificate granted in England *if without pay*;

IV.—All *sick* leave to England that may have been taken under the Rules of 1798 on the old rates of furlough pay;

V.—All sick leave granted to the Colonies eastward of the Cape of Good Hope under the Rules of 1796. But the following *will* form part of the eight years referred to:—

I.—Furlough *with pay* on private affairs under whatever Rules it may have been taken;

II.—Leave to England on medical certificate with pay under the Furlough Rules of 1854.

That,

If the twelve months' leave in India on medical certificate taken under Clause XXVI be exceeded, the whole leave must be reckoned as furlough, and allowances be adjusted accordingly.

That,

In the case of Military Officers in Civil employ, on consolidated salaries, the acting allowances which have been drawn by such officers shall not be held to be special or extra allowances, but shall be taken into account as part of the salary on the average of which their furlough allowances are calculated under Rule V.

2. These decisions are approved.

Simla, the 9th June 1869.

No. 630 of 1869.—In explanation and modification of Rule XXXIII of the Leave Rules for Military Officers, published in G. G. O. No. 1064, dated the 10th November 1868, the Governor-General in Council is pleased to notify, subject to the approval of the Right Hon'ble the Secretary of State, that a Military Officer in Civil employ is not entitled to any other description of leave except furlough under Chapter I of the said Rules, and privilege leave under Chapter II of the Leave Rules of the Covenanted Civil Service, dated the 16th June 1868, and that, subject to considerations of State, there *will* be no restriction as to the place where such officer may reside when on either of the above descriptions of leave.

With reference to the period of three years mentioned in Rules VIII, XIII, XIV, and XXIV of the Military Leave Rules, His Excellency in Council is pleased to resolve that as a Military Officer in Civil employ is debarred from taking general leave under Chapter II of those Rules, the said period shall be calculated from the date of such Officer's last return from furlough exceeding three months. Shorter periods of furlough will, however, be excluded from the three years in question, which must be entirely spent either in actual service or on privilege leave.

No. 747 of 1869.—The following Military letter from the Right Hon'ble the Secretary of State for India, No. 145, dated 10th June 1869, is published for general information:—

MILITARY.
No. 145.

INDIA OFFICE;
London, the 10th June 1869.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

MY LORD,—I forward, with reference to the 6th paragraph of your despatch in the Military Department, No. 239, dated the 3rd June 1868, copy of correspondence with the War Office* on the subject of the extent to which the Furlough Rules of 1868 should be extended to Officers of Her Majesty's British Forces serving in India, and I have to inform your Lordship that Her Majesty's Government have decided, for reasons given in the letter to the War Office, dated the 9th April 1869, that the new Rules can only be made applicable to Officers of Her Majesty's British Forces in the sense in which the Rules of 1854 were made applicable, *viz.*, as regulating the amount of absentee allowance to be granted to such Officers while holding staff appointments.

I have, &c.,
(Signed) ARGYLL.

Simla, the 28th September 1869.

No. 996 of 1869.—With a view to regulating the grant of furlough under the Regulations of 1868, as published in G. G. O. No. 1064, dated 10th November 1868, the Right Hon'ble the Governor-General in Council is pleased to direct that officers obtaining furlough on private affairs are to understand that the grant of the furlough only holds good for three months from the date of the General Order notifying it. This period of three months is inclusive of the thirty days' preparatory leave allowed to reach the port of embarkation.

In the case of an officer not embarking within the prescribed period, the order granting it will cease to have effect.

Fort William, the 25th November 1869.

No. 1165 of 1869.—Under instructions from the Right Hon'ble the Secretary of State for India, it is hereby notified that under no circumstances will leave under Rule XI of the Furlough Regulations of 1868 be granted in extension of furlough taken either on private affairs or medical certificate.

Fort William, the 15th December 1869.

No. 1244 of 1869.—In continuation of G. G. O. No. 1131 of the 1st December 1868, and under the authority of the Right Hon'ble the Secretary of State for India, it is hereby notified that the rules laid down in the Regulations of 1864—G. G. O. No. 1150 of 1864, paragraph 7. Furlough Regulations specified in the margin, which in the former require a period of ten or six years, and in the latter a period of three years, to be completed after return from last furlough before an officer can be held eligible to a fresh Furlough on private affairs, do not apply to the case of a General Officer of the Staff Corps or of the local service who may be unemployed.

Fort William, the 30th December 1869.

No. 1294 of 1869.—Under the authority of the Right Hon'ble the Secretary of State for India, it is hereby notified that officers, formerly of Her Majesty's British Service, who may join the Staff Corps, will be allowed to count as service towards furlough, under the Regulations of 1868, the whole of their Military Service in India, provided that half of it (in no case less than four years) has been passed in the Staff Corps.

H. W. NORMAN, Colonel,
Secy. to the Govt. of India.

Fort William, the 6th January 1870.

No. 22 of 1870.—Under the authority of the Right Hon'ble the Secretary of State for India, it is hereby notified that an officer who has been not less than three years in the Staff Corps, will, on the production of a medical certificate, be allowed to take his first furlough (although he may not have completed eight years' actual service in India), with retention of his appointment and allowances prescribed in Rule V of the Furlough Regulations of 1868; such leave will reckon as part of the aggregate of eight years allowed by Rule XVI, and the lapse of three years before furlough can again be taken as laid down in Rule VIII will be required in the case of officers availing themselves of this concession.

An officer who has been less than three years in the Staff Corps can obtain furlough on medical certificate only on the condition as to furlough pay and loss of appointment prescribed in Rule XIV of the Furlough Regulations of 1868.

Fort William, the 20th January 1870.

No. 97 of 1870.—Under the orders of the Right Hon'ble the Secretary of State for India, conveyed in despatches Nos. 215 and 370 of 18th August and 14th December 1869, respectively, it is notified that, in future, leave under Clause XI of the Furlough Rules of 1868 will not be extended by the Right Hon'ble the Secretary of State except on medical certificate, in which case the whole of the leave will be considered as if taken under Clause XIV of those rules.

Fort William, the 25th March 1870.

No. 353 of 1870.—With reference to G. G. O. No. 103 of the 26th January 1869, it is hereby notified that officers of the Madras Army serving in Bengal, who have obtained furlough to Europe on private affairs or medical certificate, will, if they desire to proceed *via* Madras, instead of from Calcutta or Bombay, be allowed to reckon such furlough from the date of embarkation at Madras, provided that the preparatory leave of thirty days allowed under existing regulations is not exceeded at the time of embarkation.

H. W. NORMAN, Major General,
Secy. to the Govt. of India.

Simla, the 14th June 1870.

No. 614 of 1870.—The following Military letter from the Right Hon'ble the Secretary of State for India is published for general information :—

MILITARY.

INDIA OFFICE :

No. 105.

London, 20th April 1870,

To His Excellency the Right Hon'ble the Governor-General of India in Council.

MY LORD,—Paragraph 5 of your despatch No. 367, dated 16th November 1869, reports your having decided that Officers of the Royal Engineers on the Imperial Establishment employed in the Public Works Department, will be considered entitled to the benefits of the Indian Furlough Rules, as forming part of the Civil Administration of the country, counting service from date of arrival in India; but that officers joining the Sappers and Miners from England, who are not inclined to enter the Public Works Department, will enjoy only such leave as is conceded, under Her Majesty's Regulations, to Officers of British Regiment.

2. I presume it to be intended that the officers with the Sappers and Miners, forming the fixed establishment receiving a Staff salary, as referred to in the despatch No. 47 of 15th February 1867, will be considered as Staff Officers; and that, although officers merely attached to the Sappers will, while so employed, be considered as performing ordinary regimental duty, they will, should they afterwards accept Staff employ, be entitled to count their service for furlough from date of arrival in India.

3. On this understanding I approve your decision.

I have, &c.,
(Signed) ARGYLL.

Simla, the 17th June 1870.

No. 627 of 1870.—In explanation of Rule XIII of the Furlough Regulations of 1868, published in G. G. O. No. 1064 of the 10th November 1868, it is hereby notified that an officer who has any balance of furlough due to him, although he may not have served three years from date of last return to duty, will, on obtaining furlough on *medical certificate*, be entitled to receive half the Indian pay of his rank for the entire period not exceeding two years, but will forfeit any appointment he may be holding, as already laid down in the Rule above referred to. Such furlough may be extended to a third year on English furlough pay.

2. It is further notified, with reference to Rule XIV, that it is intended that an officer who has not any balance of furlough to his credit, but who has served three years from date of last return to duty, should, on obtaining furlough on *medical certificate*, receive the prescribed 50 per cent. of his emoluments and retain his appointment.

Fort William, the 2nd December 1870.

No. 1118 of 1870.—The following Military Letter from the Right Hon'ble the Secretary of State for India is published for general information:—

MILITARY.

No. 264.

INDIA OFFICE;
London, 26th October 1870.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—I have considered your letter No. 154, dated 10th June 1870, forwarding an application from Lieutenant Colonel * * * Bengal Infantry, which raises the question whether an officer who, up to his election of the Furlough Rules of 1868, had abided by those of 1796, can claim the benefit of Clause 23 of the Rules of 1868, which allows a certain proportion of leave to count as service for pension.

2. The Clause in question certainly speaks of retaining a privilege heretofore granted, and officers under the Rules of 1796 had not the privilege referred to, but it was intended to lay down a general principle applicable to all officers accepting the new rules, as is shown by the Subsidiary Rule, Section 34, page 3. Lieutenant Colonel * * * therefore (who has, I observe, elected the 1868 Rules) will, on completing an "aggregate service" of 20 years, computed according to the method which has been adopted* for counting service partly under one set of rules and partly under another, be entitled to count two years of leave taken *since* July 1868 as service for pension.

* Despatch of Secretary of State, 15th December 1866, No. 276.

I have, &c.,
(Signed) ARGYLL.

Extract from a Military Letter from the Right Hon'ble the Secretary of State for India, No. 276, dated the 15th of December 1866, paragraphs 3 and 4.

Para. 3.—Brevet Major * * * of the Madras Cavalry, in reply to an enquiry, has been informed that, should he join the Staff Corps under the recent despatch of the 8th August, he will not be required to give up any portion of his present furlough, unless his services are urgently required in India, and that he will be allowed to draw pay for the full period of such furlough. Should he take the full period of three years' furlough granted him, he will of course be only entitled to a further furlough hereafter, with pay of one year.

4. On joining the Staff Corps, and becoming subject to the new Furlough Rules, he carries with him into the Corps so much service for pension as he is entitled to count under the old rules, *i. e.*, all the time he has actually passed in India, or within Indian limits. This period, added to the time he may serve in the Staff Corps, will be his "aggregate service," and he will be entitled to count as service for pension a portion of such of this time as may have passed on leave subsequent to joining the Corps agreeably to the scale laid down in the new Furlough Rules.

Fort William, the 7th December 1870.

No. 1136 of 1870.—Under the authority of the Right Hon'ble the Secretary of State for India, it is hereby notified that the provisions of G. G. O. No. 22, dated 6th January 1870, under which officers are allowed, although they may not have completed eight years' actual service in India, to proceed to England on *medical certificate* with retention of appointment and allowance prescribed in Rule V of the Furlough Regulations of 1868, will be applicable to Warrant Officers not holding commissions.

H. K. BURNE, Colonel,
Secy. to the Govt. of India.

HOME REMITTANCES.

All Commissioned and Warrant Officers and Chaplains are allowed to make, through Government, remittances to England for the benefit of their immediate relatives, i. e., of their wives, children, parents, father or mothers-in-law, step-fathers or mothers, brothers or sisters, half brothers or sisters and brothers or sisters-in-law, but not for the benefit of other relatives as uncles, nephews, cousins, &c. Officers may make the regulated remittance payable to themselves on reaching England if declared to be for the benefit or use of their immediate relatives. The sums noted below are allowed to be remitted during the course of the year at the rate of Exchange which is annually notified in General Orders:—

General Officer	£400 per annum.	Captain	
Inspector General of Hospitals		Assistant Chaplain	
Colonel		Assistant Surgeon after six years' service	£100 per annum.
Deputy Inspector General of Hospitals, after five years' service	£300 " "	Regimental Pay Master not holding the honorary rank of Major	
Lieutenant Colonel		Veterinary Surgeon, 1st Class	
Deputy Inspector General of Hospitals, under five years' service	£200 " "	Lieutenant	
Surgeon Major		Assistant Surgeon under six years' service	
Major		Veterinary Surgeon	£ 70 " "
Chaplain		Adjutant	
Surgeon		Riding Master	
Staff Veterinary Surgeon	£150 " "	Quarter Master	
Regimental Pay Master with the honorary rank of Major		Cornet, Ensign and Deputy Commissary	£ 50 " "
		Assistant and Deputy-Asst. Commissary	£ 40 " "
		Conductor and 1st Class School Master	£ 30 " "
		Sub-Condr. & 2nd & 3rd Class School Mr.	£ 20 " "

An Officer promoted can remit the differences between the sums allowed for his old and new rank.

2. Family Remittances are regulated solely by the regimental or substantive rank, and not by the brevet or local rank of the Officer; but an Officer obtaining higher honorary or relative rank, which carries increase of pay, may remit to the extent fixed for Combatant Officers of the same rank.

3. An Officer of Invalids may remit according to his rank, but an Officer on the Pension Establishment is debarred from making a Family Remittance.

4. The annual amount allowed for each grade may be remitted either by instalments, or in one sum, in any month of the current official year, i. e., between the 1st April and the 31st March ensuing.

5. If an Officer has no occasion to avail himself, during the currency of one official year, of the privilege of remitting, the amount allowed for that year, or any portion of it, cannot be remitted in a subsequent year.

6. Remittances must be made through the Officer's proper Pay Master, or, when the Officer is not paid, in the Military Department, through the Pay Master of the Circle in which he is residing.

7. All Officers of British Troops, not employed on the Staff, must remit through their Brigade or Battery Commanding Officer, or Regimental Pay Master. If an Officer desires to remit prior to joining his Regiment or Battery from leave to Europe or the Colonies, or, after he has been settled with and obtained a Last Pay Certificate from his Battery or Regiment, he must send the amount with the remittance voucher to his Commanding Officer or Pay Master, who will include the remittance in his next Statement of Family Remittances.

8. Officers of the Staff Corps and Indian Army, of the British Army serving on the Staff, Royal Engineers, Military Officers drawing pay in other Departments, and Chaplains, must remit through the Pay Master of the Circle in which they reside.

9. Remittances from pay for March, in the cases of the Officers referred to in paragraph 7 who receive their pay on the last day of the month, will be considered as belonging to the official year then closing; but the remittances of Officers specified in paragraph 8, who receive their pay for March on or after the 1st April, will be held to belong to the new official year.

10. The amount an Officer desires to remit may be deducted from any pay due, or it, or any portion of it, may be paid to his Regimental Pay Master, or to the Commanding Officer of his Brigade or Battery, or, in the case of the Officers specified in paragraph 8, through a Circle Pay Master into a Civil Treasury. But the amount of each remittance must be actually paid to the Pay Master before the Remittance Voucher or Roll can be forwarded.

11. When an Officer desires to pay—otherwise than by deduction from pay bill—either the whole or a part of the sum he wishes to remit through a Circle Pay Master, he must obtain from such Pay Masters an order for the Treasury Officer to receive the amount agreeably to paragraph 164 of the Bill Rules of 1867; and he must send this order with the money to the Civil Treasury Officer, by whom he will be furnished in return with a receipt which he must attach to the Remittance Roll to be forwarded to the Circle Pay Master.

12. The Family Remittance Roll (*Bengal Form 144*) is to be used in all remittances made through Circle Pay Masters, and blank forms will be supplied on application by Pay Masters. Two copies of the Roll must be filled up by the Officer making the remittance, care being taken to make the entries distinctly legible, and to state clearly the degree of relationship in which the party for whose benefit the remittance is made stands to the remitter. The amount remitted may be made payable to any Bank or Agent or other person whose address must be fully given, and the declaration of the amount of previous remittances since the preceding 1st April added at foot of the Roll.

13. The Family Remittance Rolls, as received by Circle Pay Masters, will be forwarded, except in the cases provided for in the succeeding paragraphs, on the same day to the Military Accountant by whom they will be incorporated in a Consolidated Monthly General Roll (*Bengal Form 269*), which is finally closed on the 18th of each month and transmitted to England, accompanied by one copy of each Roll.

14. Circle Pay Masters are consequently prohibited from including in their Schedules of Family Remittances, or forwarding to the Military Accountant until the following month, any Roll that may not be received by them in time for dispatch by the day's post which will reach Calcutta before the 18th of a month. Officers desirous to remit should therefore take care to procure from their Pay Masters the forms of Remittance Roll, and, when necessary, the order to the Civil Treasury, before the close of the month preceding that in which they propose to remit, in order to admit of the Roll being duly filled up, in duplicate, and transmitted to the Pay Master with the Pay Bill or with the Civil Treasury Officer's receipt, so as to reach the Pay Office not later than the 8th of the month in which the remittance is to be effected.

15. It will be the duty of Circle Pay Masters to inform all Officers in their Circles of this rule, and that in future it will be strictly adhered to. Should any Roll or Treasury Receipt be received in the Circle Pay Office after the final day for transmission to Calcutta, the amount of the remittance is to be kept in deposit until the following month, when it will be withdrawn and included in the Account Current Schedule of Family Remittances, the Rolls being forwarded to the Military Accountant at the commencement of the month.

16. Officers serving with Native Regiments or Native Batteries are, if the amount is to be deducted from their pay, to make over their Remittance Rolls to their Commanding Officer for transmission to the Circle Pay Masters at the same time as the Regimental or Battery General State of Accounts. The amount of such Rolls is, however, not to be debited by the Commanding Officer in the General State, but he is to note at foot of the last page "Deduct for remittance to England Rs. _____ as per accompanying Remittance Rolls."

17. In case the Remittance Rolls of the above Officers do not reach the Circle Pay Master on, or before, the final day for transmission to Calcutta, the full amount directed to be deducted for remittance will be held in deposit until the following month as prescribed in paragraph 15.

18. The Circle Pay Master must see that the amount of each Officer's Remittance Roll is not in excess of the sum he is entitled by his rank to remit during the year, that the amount paid in Indian currency has been correctly converted into English sterling at the Exchange laid down for the year, and that the remittance is not for the benefit of parties other than those authorized.

19. A receipt, in the form attached to the Roll, for the sum to be remitted is to be given in each case by the Circle Pay Master, who is to transmit the two copies of the Remittance Rolls, except in the cases specified in paragraphs 15 and 17, to the Military Accountant, Calcutta, without fail on the day they have reached his Office: the form of acknowledgment being first filled up and signed, and the docket on the reverse of the Roll duly completed. The Pay Master's receipt will not be filled up on the duplicate copy of the Roll.

20. The Pay Master is to debit himself in Account Current with all sums deducted, on account of Family Remittances, from Pay Bills or General States of Native Regiments and Native Batteries, the full particulars being entered in the supporting Schedules. In cases in which payment has been made into a Civil Treasury, the amount must be entered in the "Schedule of Remittances to Banks and Civil Treasuries" in the same month in which the Treasury Officer's receipt reached the Circle Pay Master supported by the receipt, and *per contra* in either the Schedule of "Deposits" or of "Family Remittances" as provided for in paragraph 15.

21. An Officer of the British Army serving on the Staff, making a family remittance, is required to forward to the War Office a notification in the following form of letter, accompanied by the receipt granted by the Circle Pay Master; payment of the amount of such remittance will be made in England without waiting for the transfer of the amount from the India Office to Her Majesty's Pay Master General.

STATION _____

DATED _____ OF _____ 18 ____ .

SIR,
Having lodged the sum of Rs. _____ as _____ equal to sterling £ ____ s. ____ d. _____
at _____ per Rupee in the hands of the Circle Pay Master at _____, I have to request
that you will be pleased to cause a like sum to be issued to _____
_____ to whom I have given the necessary instructions as to the appropriation of the same.

The original receipt of the Pay Master for the amount is enclosed.

I have, &c.,

(Signature and Rank)

Staff Appointment or Office.

To

THE UNDER SECRETARY OF

STATE FOR WAR,

WAR OFFICE.

22. The remittances of Officers of the Indian Army are paid after receipt at the India Office of the Family Remittance Rolls, accompanying the Monthly General Roll (*Bengal Form 269*), which is made up in the Military Accountant's Office, Calcutta, on the 18th of each month and forwarded by the next English Mail.

23. The Remittance Voucher (*W. O. Form 326, Bengal Form 47*) is to be used only in the case of remittances for England made through Regimental Pay Masters and Commanding Officers of Brigades and

Batteries of Royal Artillery and payable through the Regimental Agent. The Officer remitting must fill up this voucher and make it over, with the amount, to the Regimental Pay Master or Brigade or Battery Commanding Officer, who must, in the first place, see that the amount does not exceed the sum the remitter by his rank is entitled to remit during the year; that the conversion of the amount from Indian currency to British sterling is correctly made at the Exchange laid down for the year, and that the person for whose benefit the remittance is made is within the prescribed degree of relationship.

24. The Officer Commanding or Regimental Pay Master will then fill up, sign, and return to the remitter the receipt at foot of the Remittance Voucher, which voucher he will forward without delay, with a letter in his own handwriting, to the Regimental Agent, under open cover addressed to the Under Secretary of State for War, War Office, London.

25. Family Remittances of Officers and Soldiers of the British Army to parties at the Cape, Australia, and other Colonies, can also be effected through the War Office. In such cases, payment is made under instructions from the War Office by the local War Office Accountants, in the same way as is done by the Regimental Agents at Home.

26. No Remittance Voucher is to be prepared for remittances to the Colonies, but the sums to be remitted are to be entered together with the remittances for England, in the Monthly Statement of Family Remittances (*W. O. Form 327, Bengal Form 48*), distinguishing them from the latter by placing the words "Remittance for the _____ (Cape or other Colony as the case may be)" against each sum in the column of Remarks.

27. The Family Remittances to the Colonies are, under existing rules, confined to Officers and Soldiers of the British Army.

28. Two copies of the Statement of Family Remittances (*Bengal Form 49, War Office Form 327*) in which must be included the particulars of each Remittance Voucher forwarded to the Regimental Agent, and also of any remittances to the Colonies, must be forwarded to the Examiner, Pay Department, with the Pay List and General State of the Regiment, Brigade or Battery, the total amount of the Statement being entered on the Dr. side of the General State under "Remittances." No entry of any sum under "Remittances" will be admitted unless supported by the Statement; and should the Statement of Remittances not accompany the General State, any amount entered will be struck out by the Examiner, who will advise the Regimental Pay Master or Commanding Officer concerned of the disallowance, in order to his again bringing the amount to account in his next General State supported by the necessary Statement.

29. In the event of the Pay List and Statement not reaching the Pay Examiner before the last day of the month succeeding that to which the accounts relate, the remittance will be excluded from the Military Accountant's Abstract for the India Office of the succeeding month; the Pay Examiner being directed not to forward to that Officer, nor to include in the Compilations of British Troops for the month in question, any remittance items the Rolls for which have been received in his Office subsequent to the date above mentioned.

30. The rules regarding remittances apply generally to European Non-Commissioned Officers and Soldiers attached to British Regiments, who will remit through their Regimental Pay Masters and Officers Commanding Brigades and Batteries of Royal Artillery; to those on the Unattached List and on Staff employ; to men of the Corps of Armourers attached to Magazines, and to the Local Service, who will remit through Circle Pay Masters. The rate of Exchange in the case of Non-Commissioned Officers and Soldiers of all services is fixed at 2s. 0½d. the Rupee, and they may remit for the benefit of friends as well as of relatives to the extent of the net amount of pay which has accrued to each man since the last remittance, but not exceeding the net amount of his pay and allowances for one year last past.

31. The Remittance Roll of men on the Unattached List should clearly show whether the remitter has belonged to the British Army or to the Local Service; if to the former, his remittance will be included in the Consolidated General Roll (*Bengal Form 269*); and if to the latter, in the General Roll for Non-Commissioned Officers and Privates (*Bengal Form 270*).

32. When the amount of a Family Remittance is found to exceed the sum the remitter by his rank is entitled to remit in the course of the year, the Military Accountant will disallow the excess, and at once inform the Pay Master or Commanding Officer concerned.

33. The sum disallowed must be refunded at once, and the Circle Pay Master, if the refund is made in the same month in which the amount was received for remittance, must insert the correct sum in his Schedule of Remittances; but if the refund is not made till a following month, he must charge off the refund in his Account Current under a separate head of "Refund of Family Remittances."

34. In the case of Regiments and Batteries, the General State will be corrected by the Pay Examiner, and intimation given to the Regimental Pay Master or Commanding Officer who must refund the amount to the Officer and adjust any excess with the Regimental Agent.

35. Regimental Pay Masters and Officers Commanding will be careful, in cases when it becomes necessary to make a deduction from the Statement of Family Remittances, on account of payments made in this country under the authority of the War Office, to deduct such payment from one or more remittances calculated at the same rate of Exchange as that at which the payment is required to be issued, and not from the total of a Roll in which remittances have been converted at different rates.
