

PREFACE

This volume of entries for the letter 'S' follows the same rules of entry, the principles of arrangement etc., as were followed in the previous three volumes. Every item in this volume has been physically verified and it is based on the actualities of the stack room. The entries are for books catalogued up to the end of December 1950.

The Indic authors are entered under surnames where such surnames are used, with cross references from forenames and from parts of the name not chosen as the entry word. Different spellings of surnames have been smoothed down to one form with references from variant forms. For example, 'Sircar', 'Sarkar', 'Sarker', etc., have been smoothed down into 'Sarkar'.

Both the vernacular and anglicised forms have, however, been retained according to the author's practice with cross references from each other, e.g., 'Singh', and 'Sinha'. Where there are no surnames or family names, the name has been kept as it is without inversion, e.g., Subba Rao, Subrahmanya Ayyar, etc.

In case of authors like Shakespeare the arrangement of entries has been indicated in an introductory paragraph.

The compilation has been made under the general supervision of Sri Y.M. Mulay, Deputy Librarian. Sri Benoyendra Sengupta, Assistant Librarian, has been actually responsible for the entire execution of the work with the assistance of Sri H.K. Das and Sri M.N. Nagaraj.

The Librarian is grateful to Sri B.K. Roy, Manager, Government of India press, Calcutta, for his unfailing co-operation in every way.

ARRANGEMENT OF ENTRIES

The main entries have been arranged in one sequence alphabetically by the author and title of books. Joint authors have been arranged in a separate sequence immediately after the entries for the same authors writing singly. Secondary entries, *e.g.*, entries for editors, translators, etc., have been arranged in a separate sequence.
