PREFACE

A Catalogue of Sanskrit, Pali and Prakrit books added to this Library upto March, 1947 was published in three volumes : the first of its kind in this Library. Of those three volumes Vol. I comprised entries for letters A-G, Vol. II comprised entries for letters H-Q and Vol. III comprised entries for letters R-Z published in 1951, 1956 and in 1973 respectively. It was an alphabetical catalogue prepared on the lines of the Catalogue of Sanskrit, Pali and Prakrit books in what was the British Museum Library.

This is a supplementary volume of Catalogue of Sanskrit, Pali and Prakrit books added to the Library from April, 1947 to 1980. In compiling this volume the same rules and regulations as followed in the earlier volumes have been observed.

This volume was compiled and edited by Dr. R. D. Singh, Ex-Assistant Librarian of the Sanskrit Division. He was ably helped by his colleague Dr. Krishna Chakraborty of the Division.

Shri Santanu Mukherjee, at present the Assistant Librarian of the Sanskrit Division, has been responsible for the entire proof-reading work of this catalogue, and the Printed Catalogue Division of the Library has performed its task of maintaining necessary liaison between our Library, the Directorate of Printing and the Press during the process of executing the job of its printing. The Library is grateful to all of them.

We cordially thank the General Manager, Government of India Press, Nasik and his staff concerned for printing this work.

VĀCISSARA THERA.

Thupavaṁsa. Edited by Bimalā Churn Law. London, Pāli Text Society, 1935. x, 107 p. 22 cm. The work, besides its historical value, is remarkable because it helps to show that Māgadhī and Pāli are not the same language. The language which the author used is Pali proper.
