PREFACE

This volume of Author catalogue for the letters 'T-U-V' follows the same rules of entry, the principles of arrangement etc., as in the previous four volumes in this series. Every item in this volume has been physically verified and it is based on the actualities of the stack room. The entries cover books catalogued upto the end of December, 1950.

The Indic authors are entered under surnames where such surnames are used. Different spellings of the surnames have been smoothed down to one form with references from the variant spellings ; for example, 'Tewari' with references from 'Tivari' and 'Tiware'. Both the vernacular and anglicised forms have, however, been retained according to the author's practice, *e.g.* 'Tagore' and 'Thakur'. Where there are no surnames or family names, the personal name has been kept as it is without inversion, *e.g.* 'Thiagaraja Ayar'.

This volume has been prepared under the supervision of Sri Benoyendra Sengupta, Assistant Librarian. Sri H. K. Das, Technical Assistant and Sri Arun Kumar Munshi, Junior Technical Assistant executed the routines of the compilation job.

ARRANGEMENT OF ENTRIES

The main entries have been arranged in one sequence alphabetically by the author and title of books. Joint authors have been arranged in a separate sequence immediately after the entries for the same authors writing singly. Secondary entries, *e.g.*, entries for editors, translators, etc., have been arranged in a separate sequence.
