

P R E F A C E

This volume of entries comprising the letters N, O & P follows the same principles of arrangement, etc., as obtained in the 'M' volume issued in 1953. The parts of that preface relevant to the method of compilation are quoted below :

" This much can be said for the present catalogue that every item has been physically verified and the Catalogue is based on the actualities of the stack room rather than on any collection of old slips regardless as to whether a book was weeded out, missing, or withdrawn as brittle.

One other feature of this new volume is that, except for Joint-author entries where the old edition is valid, the rules for cataloguing have been according to the latest edition of the internationally accepted A.L.A. Code. This volume contains entries up to the end of December, 1950. The previous four volumes brought the entries up to the end of March, 1939. In this volume the entries are a little more elaborate than usual. The added entries also give the call numbers to save the time of the reader. Cross-reference is more copious. Different editions of the same book bearing different call numbers are brought together under one call number. The Indian authors are entered under the family name or surname with, of course, necessary cross-references. Different spellings of the surnames have been smoothed down to one form."

The compilation work has been done under the general supervision of SRI Y. M. MULAY, Deputy Librarian. SRI BENOYENDRA SENGUPTA, Superintendent, Cataloguing Division I, has been actually responsible for the entire execution of the work. He has been ably assisted in this work by SRI H. K. DAS and MRS. MIRA CHOWDHURY.

The Librarian is grateful to MR. B. K. ROY, Manager, Government of India Press, Calcutta, whose unfailing co-operation has facilitated the early printing of this volume.

ARRANGEMENT OF ENTRIES

Joint authors have been arranged in a separate sequence immediately after the entries for the same authors writing singly. Secondary entries, *e.g.*, entries for editors, translators, illustrators, etc. have been arranged in a separate sequence.
