APPENDIX.

Orders with regard to the compilation of the History of Services.

No. 30, datad Simla, the 19th June 1886.

From-The Government of India,

To-Her Majesty's Secretary of State for

Home Department. Public.

With reference to Lord Randelph Churchill's Des, the 12th November 1885, on the subject of annual publ. ch No. 82 (Public Records), dated the 12th November 1885, on the subject of annual publ. ion in England of an "India Office List," similar in general principles to the Colonial and reign Office Lists, we have the honour to transmit, for your Lordship's information, a copy of the instructions which we have issued to Local Governments and Administrations in the Bungal Presidency, and to the several Departments of the Government of India, to ensure the presidency, and to the several transmission to the India Office of the "Histories of Service" of Gazetted Officers "published in this country, from which it is proposed that the "India office List" should be compiled.

2. In the fourth paragraph Despatch Co. eve Lord andolph Churchill List" of Services published arormation contained in 1. intimated that, in addition. in India, it was intended to particulars in the "India O. A His Lordship desired that of a public or official character undertaken by any officer; steps might be taken to obtain the required information on this point. In regard to this matter, enquiries have been made by some officers as to the meaning to be attached to the phrase "literary work of a public or official character," and to these enquiries we do not feel phrase "literary work of a public or official character," and to these enquiries we do not feel in a position to give a definite answer. It is doubtful, for instance, whether the term "literary work" should be held to include path written by Government officers on such subjects as tobacco, vanilla, lac and other economic products, or such publications as the Codes of the Financial and Account Departments, or viether it should be restricted to works of a more original character, such as "Hunter's Implicial Gazetteer of India," and the manuals published by Mr. Bade Powell." It has also been questioned whether the term is intensicated by Mr. Bade Powell. "It has also been questioned whether the term is intensicated by Mr. Bade Powell." It has also been questioned whether the term is intensicated by written for various soccintions and scientific societies, or translations as opposed on the point, and as it is desirable that the prace be should be the same in the case of the India List as in that of the proposed "India Office List," we shall be glad if your Lordship will supply us with further information as to the garding which should be incorporated in the lists are question.

No. 67 (Public Records), dated India C

London, the 26th

question.

ust 1886.

From-Her Majesty's Secretary of Sta-

garding which should be incorporated in the lists

To-His Excellency the Right Honourable th.

grnor-Jeneral

I have received your Excellency's letter, Home D artment, 1 blic, No. 30 of the 19th June last, in which you ask for some further definition c the lite of a public or official character" which it is desired to insert in the nev "Ind Office List" against the names of their respective authors. It is most undesirable o ir lease unnecessarily the bulk of the book, and it would be out of the question to include epartmental or official reports drawn up by officers. The mention of these should be lim to reports of special importance which have been deemed of sufficient interest for general ication. Other works should, generally speaking, be limited to original publications.

Extract from the Proceedings of the Government of India in the Home Department (Establishments), under date Simla, No. 1-Establishments 376 to 392, the 23rd June 1890.

RESOLUTION

In June 1889 the Comptroller-General, w a view to saving the duplication of work which results from the maintenance of the secretises in Account Offices as well as the History of Services of Gazetted Officers, recommended that the service registers should be abolished and that the Histories of Services, prepared on a uniform plan and in a condensed tabular form, should take the place of the service registers. He also proposed that these histories should be invariably proposed in the Account Office. Local Governments and Administrations were asked for the spinions on these proposals, and to advise whether there was any advantage in retaining or regarding privilege leave and temporary acting promotions.

- 2. The replies of Local Governments and Administrations read in a preamble show a general consensus of opinion that the History of Services should in future be prepared in the Account Office and in a tabular orm. The Governor-General in Council accepts this view and directa that the histories be a future prepared in the form appended to this resolution.
- 3. The gene of opinion is from furlough need shown as histories. This view currence of the Government of India.
- 4. Though there is some difference of opinion with regard to the entry of acting appointments, the view most generally accepted is that an acting promotion which involves a change of duties should be shown, but the grade promotions should be omitted. This view appears to the Governor-General in Council to be reasonable, but it cannot be brought into practice of the services of all Gazetted Officers in the appointment of an Assistant Magistrate and Collector, or of an Assistant Engines, the should not be entered, it will be desirable in the case of members of the services then, like the Financial and Educational Departments, consist mainly of grades, the desirable acting promotions.
- 5. Particulars of literary works should be entered in notes at foot of the tabular statements. This information will have to be sp Sially supplied to the Account Offices by officers who have produced liter ry works, and a r e requesting them to communicate such intelligence to the Accour' fice should be r fixed to each history. The Government of the Punjab is of opinion the numbers an ates of any official letters in which officers have s of Governme received the special to r the Secretary of State should be added as footshow in italies appointments to and promotions in notes, and that the tab · statement sho I. E., and C. 7. The Garagor-General in Council fears that orders, such as C. S. I. it would be very difficu o distinguish amary and special commendations, and considers that it would preferable to ention of them altogether, lest the bulk of the histories should be unne sarily incre Information in regard to the different orders should, as suggested by Punjab G mment, be given in italics.
- 6. The Projab Go ament he aitherto provided for the inclusion in the histories for that province of information thowin (a) the place of education and academical degree, if any, in the case of European and arasi a officers; (b) caste, tribe, home of the family if in India, and academical degree, if any, case of native officers. There is no objection to the distories for that or any other province in which the Local ders it desirable, but no other additions to the information contained in them should be
