PREFACE

This volume of entries comprising the letters Q and R follows the same principles of arrangement, etc., as in the previous two volumes, viz., vols. V & VI. Every item in this volume has been physically verified and it is based on the actualities of the stack room.

One other feature of this new volume is that, except for joint author entries where the old edition is valid, the latest edition of A. L. A. Rules for Author and Title entries has been followed. This volume, as the previous two volumes, contains entries upto the end of December 1950. The added entries also give the call numbers to save the time of the reader. Cross-references are fairly copious. Different editions of the same book originally bearing different call numbers are brought together under one call number.

The Indic authors are entered under surnames where such surnames are used, with cross references from forenames and from parts of the name not chosen as entry word. Different spellings of surnames have been smoothed down to one form with references from variant forms. For example, 'Roychaudhuri', Roychowdhuri, Roychowdhury, Roy Chaudhury have been brought under 'Roychaudhuri'. Both the indigenous and anglicised forms have, however, been retained with cross references from each other, e.g., "Ray" and "Roy". Where there are no surnames or family names, as, 'Raghu Vira' the name has been kept as it is without inversion.

The compilation has been done under the general supervision of Sri Y. M. Mulay, Deputy Librarian. Sri Benoyendra Sen Gupta, Superintendent, Cataloguing Division I, has been actually responsible for the entire execution of the work. He has been ably assisted in his work by Sri H. K. Das and Mrs. Mira Chowdhury.

Librarian.

ARRANGEMENT OF ENTRIES

The main entries have been arranged in one sequence alphabetically by the author and title of books. Joint authors have been arranged in a separate sequence immediately after the entries for the same authors writing singly. Secondary entries, *e.g.*, entries for editors, translators, etc., have been arranged in a separate sequence.
