

GOVERNMENT OF ORISSA

**STATISTICAL ABSTRACT
OF
ORISSA
1969**

**Issued by
BUREAU OF STATISTICS & ECONOMICS
ORISSA, CUTTACK**

INTRODUCTION

1. This volume of the Statistical Abstract of Orissa presents statistical information in a bstract form relating to different phases of the Socio- Economic Life of Orissa for a period of ten years, the latest year in most of the table being the year 1968-69 in case of financial year and 1969 in case of calendar year. District wise information wherever available, have been presented for the latest available years after 1963. The scope and contents of this Volume have been revised in order to make it more useful to general public and to Government Department.

2. Like its previous issue technical notes indicating the concept and definitions used in each of the Statistical tables have been given in this volume at the beginning of the each section of this publication and statistical data relating to weights and measures in metric units have been given.

3. The Bureau acknowledges with gratitude, the Co-operation of all Government Departments and Organisations who have made available most of the statistical data presented here.

4. Departments of Governments and the interested public are requested to make their needs known to Bureau and forward comments and suggestions for improvement of this publication. Such suggestions are always welcome and will be carefully considered in planning future Volumes. Although it is a Government Publication, the State Government are in no way responsible for or committed to the views expressed in it.

C. MISHRA

DIRECTOR

BUREAU OF STATISTICS AND ECONOMICS

The following abbreviations and symbols have been used in most of the tables.

"C.M." for Centimetres

"Km." for Kilometre

"Sq." for Square

"K. W. H." for Kilo Watt-hours

"Rs." for Rupees

"(—)" for Not available or Not reported

"Kg." for Kilograms

"(.)" for Nil

"Mt." for Metric tonnes

CONTENTS

TABLE NO.	SUBJECT	PAGE
I. Climate		
1-01	Normal and actual Rainfall in Orissa ..	1
1-02	Temperature and Humidity in Orissa ..	4
II. Area And Population		
2-01	Area, Sexwise Population, Sex-ratio and Density of Population in the districts of Orissa. ..	8
2-02	Towns, Villages, Rural and Urban Population and proportion of Rural and Urban population to 1,000 total Population in different districts of Orissa. ..	9
2-03	Area, Population, Villages, Towns and residential Houses in different subdivisions of Orissa. ..	11
2-04	Urban Population in Orissa ..	23
2-05	Variation of Population since 1901 in different districts of Orissa ..	26
2-06	Distribution of Scheduled Caste and Schedule Tribe population in different districts of Orissa. ..	28
2-07	Literate and Educated person in different districts of Orissa. ..	29
III. Vital Statistics		
3-01	Number of births and deaths, birth, death and infant mortality rates in orissa ..	32
3-02	Deaths from Chief diseases in Orissa ..	47
3-03	Deaths and mortality rates due to different diseases in Orissa ..	56
3-04	Deaths by age-groups in Orissa ..	71
3-05	Death due to Snake bite and attack of wild animals in Orissa ..	80
IV. Medical And Public Health		
4-01	Number of Hospitals, Dispensaries and Beds available, Patients treated and daily average of attendance of Patients in Orissa. ..	85
4-02	Income and Expenditure in Government and Public aided Hospitals and Dispensaries in Orissa. ..	94
4-03	Number of Primary Health Centres, Maternity and Child welfare Centres and Materiy Centres functioning in Orissa. ..	100
4-04	Sickness of Prisoners in District Jails in Orissa ..	103

TABLE No.	SUBJECT	PAGE
V. Education		
5·01	Number of Educational Institutions in Orissa ..	113
5·02	Classification of Educational Institutions in Orissa ..	117
5·03	Number of Scholars attending Educational Institutions in Orissa. ..	119
5·04	Number of Teacher's working in Educational Institutions in Orissa. ..	125
5·05	Number of Colleges with strength of Teachers and Students and expenditure incurred for university Education. ..	131
5·06	Number of Schools (Typewise) in Orissa ..	147
5·07	Number of Schools (Typewise) in different districts of Orissa. —	149
5·08	Number of Scholars on roll in Orissa ...	175
5·09	Number of Scholars on roll in different districts of Orissa	177
5·10	Number of Teachers working in Schools (Typewise) in Orissa. —	203
5·11	Number of Teachers working in Schools (Typewise) in different districts of Orissa. ..	205
5·12	Expenditure (Direct) incurred in Schools (Typewise) in Orissa. ..	231
5·13	Expenditure (Direct) incurred in Schools (Typewise) in different districts of Orissa. ..	233
5·14	Results of the different examinations in Orissa —	259
5·15	Number of Ashram Schools and Sebashtams with Strength of Students and Teachers in Orissa. ..	266
VI. Judicial and Administrative		
6·01	Number of Judicial Divisions, Judicial Districts and number of Officers exercising Appellate or Original Jurisdiction in Orissa. ..	269
6·02	Number of cases decided in the Courts of Orissa ..	271
6·03	Number and description of Civil Suits instituted in Orissa.	273
6·04	Number and value of Civil Suits instituted in Orissa..	275
6·05	General results of Trial of Civil and Revenue Cases in Courts of Original Jurisdiction in Orissa—A—Civil Suits. ..	277
6·06	General results of Trial of Civil and Revenue Cases in Courts of Original Jurisdiction in Orissa—B—Miscellaneous Cases. ..	279

TABLE No.	SUBJECT	PAGE

6-27	Number and disposal of the convicts in the Jails and Subsidiary Jails in Orissa ..	368
6-28	Nature and length of sentences of convicts admitted into the Jails and Subsidiary Jails in Orissa. ..	374
6-29	Offences committed by convicts and punishment inflicted in the Jails and Subsidiary Jails in Orissa. ..	378

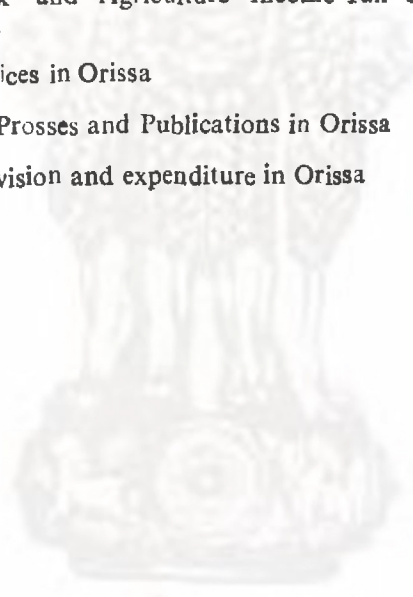

TABLE No.	SUBJECT	PAGE
6·30	Sickness and mortality among prisoners of the Jails and Subsidiary Jails in Orissa ..	381
6·31	Number of convicts admitted, who had been previously convicted into the Jails and Subsidiary Jails in Orissa. ..	385
6·32	Expenditure incurred in guarding and maintaining prisoners of the Jails and the Subsidiary Jails (exclusive cost of building, repairs, etc. in Orissa ..	388
6·33	Conditions of the prisoners released from the Jails and the Subsidiary Jails in Orissa. ..	390
6·34	Working of the mark system in the Jails and Subsidiary Jails in Orissa ..	392
VII. State Finance		
7·01	Revenue and Expenditure (Revenue Account) in Orissa	395
7·02	Revenue Receipts (Revenue Account) in Orissa ..	396
7·03	Revenue Receipts (Capital Account) in Orissa ..	398
7·04	Expenditure (Revenue Account) in Orissa ..	399
7·05	Disbursement (Capital Account) in Orissa ..	401
7·06	Overall Receipts & Expenditure in Orissa ..	403
VIII. Income-tax		
8·01	Classification of the tax payable according to the grade of total income and classes of assessee in Orissa. ..	405
8·02	Classification of assessee according to the grade of net income. ..	434
8·03	Group of trade classification of business and professional incomes assessed to Income Tax and Super tax. ..	439
IX. Wages and Prices		
9·01	Index number of Retail Prices (unweighted) in Orissa ..	444
9·02	Index number of wholesale prices (unweighted) in Orissa, ..	445
9·03	Prosperity index of the farmers in Orissa ..	446
9·04	Working class consumer price index numbers for Cuttack. ..	447
9·05	Working class consumer price index numbers for Berhampur. ..	447
9·06	Consumer price index numbers for urban non-manual Employees in Orissa. ..	448

TABLE No.	SUBJECT	PAGE
9-07	Consumer price index numbers for industrial workers in Orissa. ..	448
9-08	The average retail price of common rice in Orissa ..	449
9-09	Cost of selected items of farm cultivation in Orissa ..	450
9-10	Rural daily wages of different classes of labour in Orissa. ..	451
9-11	Retail prices of some important commodities in Orissa	458
9-12	Wholesale prices of some important commodities in Orissa. ..	460
X. Bank		
10-01	Scheduled Banks operating in Orissa ..	465
10-02	Amount of loans advanced by different branches and sub-branches of the State Bank of India to individuals pledging to business concerns in Orissa ..	466
XI. Joint Stock Company		
11-01	Position of Joint Stock Companies in Orissa ..	470
XII. Co-operation		
12-01	Number, Membership and financial position of Co-operative Societies in Orissa ..	473
12-02	Number, Membership and financial position of State Co-operative Institutions in Orissa ..	477
12-03	Number, Membership and financial position of different categories of societies. ..	481
XIII. Agriculture		
13-01	Classification of area in Orissa ..	503
13-02	Area under different crops in Orissa ..	524
13-03	Production of different crops in Orissa ..	552
13-04	Average yield of different crops in Orissa ..	578
13-05	Net area irrigated ..	596
XIV. Forests		
14-01	Area under forests in Orissa ..	598
14-02	Quantity and Revenue from forest produce in Orissa ..	598
XV. Live stock		
15-01	Number of Agricultural Implements in Orissa ..	600
15-02	Number of Live-stock in Orissa ..	602

TABLE No.	SUBJECT	PAGE
15·03	Seizures and Deaths of cattle from various contagious diseases in Orissa. ..	608
15·04	Number of animals treated and castrated at Veterinary Institutions in Orissa. ..	614
XVI. Industry and Mining		
16·01	Production of selected industries in Orissa ..	618
16·02	Number of factories (Industrywise) in Orissa ..	619
16·03	Statistics of Manufacturing Industries in Orissa ..	628
16·04	Statistics of Manufacturing Industries by Industry Groups. ..	631
16·05	Output and value of minerals in Orissa ..	689
XVII. Labour and Employment		
17·01	Employment in factories in Orissa ..	695
17·02	Statistics of factories operating in Orissa ..	696
17·03	Accidents in factories in Orissa ..	696
17·04	Accidents in factories (Industrywise) in Orissa ..	697
17·05	Operation of workman's Compensation Act, 1923 in Orissa. ..	699
17·06	Operation of Workmen's Compensation Act, 1923 in different districts of Orissa. ..	701
17·07	Payment of Compensation under Workmen's Compensation Act, 1923 in Orissa. ..	702
17·08	Payment of Compensation under Workmen's Compensation Act, 1923 (Industrywise) in Orissa. —	703
17·09	Operation of the Payment of Wages Act, 1936 in Orissa	704

I. CLIMATE

Data relating to temperature and humidity are recorded at sixteen observatories of the Indian Meteorological Department which are spread over different districts of Orissa. For the purpose of recording such Meteorological data, the State of Orissa is one of the Meteorological divisions of the Meteorological Department, Government of India. The rainfall data are recorded at different rain recording stations maintained by the State Government. These rain recording stations are situated generally near the police-stations and the officers in charge of police-stations have been given responsibility for maintaining such records.

Table No. 1'1 shows the normal and actual rainfall for the State from 1957 to 1968 and in respect of each district for the year 1964 to 1968. The State figures represent the district average and such figures relate to all recognised districts after merger of the ex-States. This table also shows the variation of actual rainfall from normal rainfall.

The actual rainfall is recorded at 8-30 hours of Indian standard time each day throughout the State and the quantity measured give the rainfall of previous 24 hours. The rainfall data are tabulated by the Director of Agriculture and Food Production, Orissa, who controls the registration of rainfall and are published in the State Gazette. The period used for working out the normal rainfall of any rain recording station varies from 5 to 10 years.

Table No. 1'2 shows the maximum, minimum and mean temperature and mean humidity for the State from 1957 to 1968 and relating to different observatories for 1964 to 1968. The State figures represent the average of the data of different observatories and relate to entire State of Orissa. Temperature readings are taken at most of the observatories twice a day at 8-30 and 17-30 hours I. S. T. Mean temperature is the average of the maximum and minimum temperature recorded. The humidity data represent the percentage of vapour present in the atmosphere and thus shows the dampness of air.

II. AREA AND POPULATION

The data presented in this section are based on the Census of India, 1961—Orissa.

Table 2-01 gives the area in square kms. for all the district of the State. The total population classified by sex and the sex-ratio obtaining in the different districts are also given from columns 3 to 6. The last column gives the density of population per square kilometers.

Table 2-02 gives the number of towns and villages and the population by sex.

Table 2-03 deals with the area and population of the State in different districts and sub divisions with rural and urban breakup.

Table 2-04 the cities and towns of the State are shown against the districts in which they lie along with the population classified according to sex. Column 7 gives the variation of urban population since 1951. The sex-ratio as defined by the number of females per thousand males is given in column 8 for each town or city.

Table 2-05 deals with the population in each district from 1901 onwards and its percentage of variation during each ten year interval.

The Scheduled Caste and Scheduled Tribe population in each district is given in Table 2-06. Literate and educated persons in the rural and urban areas of the districts are given in Table 2-07 columns 11, 12 and 13 give the literacy percentage by sex.

Literate persons are those who are able to read and write where as educated persons are those who are having some qualifications. All India figure wherever given have been taken from statistical abstract, India.

II AREA AND POPULATION

2.01. Area, Sex-wise population, sex-ratio and Density of population in the districts of Orissa

III. VITAL STATISTICS

Information regarding births, deaths, birth-rates and death-rates in the State of Orissa are shown in this section. Such data relate to both the rural and urban areas of the entire State excluding the interior Agency tracts of Ganjam and Koraput districts. The information are collected through the Union Board Staff and Village Headmen in South Orissa and through the chowkidars in North Orissa and tabulated in the office of the Director of Health Services, Orissa. The State figures from 1959 to 1968 and districtwise figures for the last three years are shown in the tables under this section.

Table No. 3.01 shows the actual number of births and deaths in rural and urban areas as well as according to sex. The ratio of births and deaths are the annual rates per thousand of Mid-year population. The infant mortality rates are expressed as the number of deaths amongst infants under one year of age per thousand live-births recorded during the period.

Table No. 3.02 gives the deaths from chief diseases in rural and urban areas whereas the figures in Table No. 3.03 represent the deaths as well as the death-rates by sex. In the latter table death ratios are the rates per thousand of Mid-year population.

Table No. 3.04 shows the deaths according to age-groups and by sex. The figures for each age range represent the number of persons who die when their ages are within the lower and upper limits of this range. The lower limit is always included in the range while the upper one is excluded. Death at 'O' age means born dead. The Table No. 3.05 shows the number of deaths occurring due to snake-bites and attacks of wild animals as reported by the District Magistrates.

IV. MEDICAL AND PUBLIC HEALTH

Medical and Public Health Statistics which are shown in this section represent the data relating to the number of hospitals and dispensaries, number of beds available, number of patients treated, number of personnel in Medical and Public Health Services and expenditure incurred in various hospitals and dispensaries in the State of Orissa. Such informations are collected and tabulated in the office of the Director of Health Services, Orissa.

In Table 4-01 the number of hospitals and dispensaries run by the State Government (State public, State special, Local Fund and Private aided) together with the number of beds available, and the patients treated indoor and outdoor, is shown. The non-aided, railway and subsidised hospitals and dispensaries are also shown in this table. State figures from 1959 to 1968 and district-wise distribution of such data for 1964 to 1968 have been presented.

The Table 4-02 shows the receipts from various sources available for and actual expenditure incurred in various hospitals and dispensaries in the State of Orissa. State figures from 1958-59 to 1967-68 and districtwise distribution of receipts and expenditure for 1964-65 to 1967-68 have been presented here. In Table No. 4-03 the number of Primary Health Centres, number of Maternity Centres and number of Maternity and Child Welfare Centres are shown from 1959 to 1968 along with the district wise break down for 1964 to 1968. Table No. 4-04 shows the data regarding the number of daily average strength and daily average sickness of prisoners in thirteen District Jails of Orissa along with the number of prisoners who are attacked by various diseases and admitted to hospitals for treatment and the number of such patients who died of various diseases. For the year 1964 to 1967 such data in respect of each District Jail are shown in this Table.

V. EDUCATION

This section is meant for presenting the educational statistics of the State of Orissa. The information regarding College and School education from 1955-56 to 1964-65 for the State of Orissa and for 1962-63 to 1965-66 in respect of each district are shown in the tables under this section. Number of all types of educational institutions in existence, number of scholars on roll, number of teachers working and expenditure incurred for education are the main types of information on this subject. Such data are collected and tabulated in the office of the Director of the Public Instructions, Orissa. The information presented in the tables of this section are compiled from that office by the Bureau of Statistics & Economics.

In the Table No. 5.01 number of all types of Colleges and Schools existing in the State both recognised and unrecognised are shown. This table gives a general idea as to the educational development in the State since 1955-56. Colleges and Schools for boys or girls do not mean that they are exclusively for boys or girls. As the co-education is in vogue, girls are studying in the educational institutions meant for boys and boys are also studying in some educational institutions meant for girls. In order to give an idea of the comparative growth of education among boys and girls, total number of boys and girls scholars in all educational institutions are shown in the Table No. 5.03. The Table No. 5.02 gives the broad classifications and the educational institutions which come under each class are shown in it. The table No. 5.04 shows the number of teachers by sex working in different educational institutions of the State. Table No. 5.05 shows the information regarding number of Colleges, along with number of teachers working, number of students on roll and amount of expenditure incurred for College education in different districts of Orissa during the year 1963-64 to 1964-65 whereas such data for school education are presented in Table Nos. 5.06 to 5.13. In all these tables distribution of data by sex as well as by managements, Government and Private for each type of educational institution is also shown.

The expenditure shown in the Table Nos. 5.12 and 5.13 are the direct expenditure which mean expenditure directly connected with the maintenance of an institution, viz., salary of teachers and other recurring expenditure. In all these tables from Table Nos. 5.01 to 5.11 information relating to recognised and unrecognised institutions are shown separately. The recognised institutions are those which are recognised by the Government and offer the prescribed courses of study. They are open to inspection and general direction by the Education Department of Government and their pupils are ordinarily eligible for admission to public examinations and tests held by the Department or University.

Table No 5.14 shows the trend of results of various examinations conducted by the Utkal University and Board of Secondary Education, Orissa from the years 1955-56 to 1964-65 for the State of Orissa.

The Ashram Schools shown in the Table No. 5.15 are the residential schools for the tribal students to educate them in crafts like Agriculture, Spinning, Weaving, Carpentry, Bee-keeping, etc., and the Sevashrams are day schools of L.P. standard in which admission is open to students belonging to scheduled tribes, scheduled castes and other backward classes. The data in this table present the total number of Ashram Schools and Sevashrams together with the total number of teachers working in such institutions and the total number of students on roll. Distribution of such data by sex is also shown in this table.

VI. JUDICIAL AND ADMINISTRATIVE

This section presents the information relating to the administration of Civil and Criminal Justice, Registration, Police and Prisons. The data shown in the tables of this section are self-explanatory and have been compiled from the returns furnished by the concerned offices of the State Government. The State figures from 1953 to 1962 with districtwise break down for 1962, have been shown in these tables.

Table Nos. 6'01 to 6'12 show information relating to the Judicial staff who are at the helm of administration of Civil and Criminal Justice, number of Civil and Criminal cases instituted and disposed of, number of offences reported and persons tried, convicted and acquitted in the Courts of Orissa. Such data are tabulated in the office of the Registrar, High Court, after these are collected from all Courts under the jurisdiction of the High Court, Orissa. For the year 1962, information regarding Criminal Justice for each of the 14 Judicial districts and those regarding Civil Justice for each of the 8 Judgeships have been shown separately.

Table No. 6'13 represents the data relating to registration of documents. These data are collected by the office of the Board of Revenue from different registration offices working in the State through the District Collectors. The total number of registration in column 8 of this table includes the number of other types of documents registered other than movable and immovable property. The annual figures for the State from 1954—1966 and districtwise figures for 1964 to 1966 have been shown in this table.

Table Nos. 6'14 to 6'24—Information under various categories relating to strength and cost of police force in the State of Orissa and number of different types of police cases and number of persons involved have been shown in these tables. These data are collected and tabulated in the office of the Inspector-General of Police, Orissa.

Table Nos. 6'25 to 6'34—Data represent the various types of information relating to the convicts and prisoners of all Jails and Subsidiary Jail in the State of Orissa. Such information are collected and tabulated in the office of the Inspector-General of Prisons, Orissa. Districtwise information for the year 1961 to 1963, have been compiled by the staff of the Bureau from the records maintained in the office of the Inspector-General of Prisons.

VII. STATE FINANCE

This section has been set apart for presenting the information relating to expenditure and revenue of the Government of Orissa. It begins with the Table No. 7.1 showing the revenue and expenditure on revenue account and the surplus or deficit, opening and closing balances which is followed by four tables showing the receipts and expenditure of the State Government under different Budget heads. In these tables, figures represent the actual net receipts and net expenditure from the financial years 1959-60 to 1968-69. Like the preceding section, districtwise data for the last year are not shown as the same are not available. These figures have been compiled from the Civil Budgets published by the Finance Department, Government of Orissa.

VIII. INCOME-TAX

The statistics contained in this section relate to assessments completed by the Income Tax Department, Government of India from the year 1958-59 to 1964-65 in the State of Orissa. The figures of taxes given in the tables of this section represent the demand raised on assessment and not the collection actually made against those demands. These figures have been compiled from the reports published by the Board of Revenue, Central Government till the year 1960-61. From the year 1961-62 these figures are compiled from the reports published by the Directorate of Inspection, Government of India.

Table No. 8.1—This table gives an analysis of the tax payable according to the range of total income and class of assessee from the year 1961-62 and is designed to show the total tax (including surcharge) payable by the assessee as well as the net income left in their hands after payment of the tax. Income from capital gains and tax payable thereon are, however, not included in this analysis. The classification according to range is based on total income before deduction of tax. The assessee in the range below Rs. 3,000 in respect of class of assessee other than companies and other concerns assessable at company rate are generally non-residents liable to tax on the basis of their total world income. Total State figures without any range in respect of each class of assessee from 1958-59 to 1964-65 are also given in this table.

Table No. 8.2—This table gives a classification of the assessee according to the range of the net income left in their hands after deduction of tax payable by them from their total income from the year 1961-62 with abstract figures for some earlier years.

Table No. 8.3—The income from business and professions and tax thereon are classified in this table according to the different kinds of trades and professions from the year 1961-62 and for earlier years only total figures of all kinds of trade and professions are given. The classification closely follows the 1951 Indian Census Economic classifications and the Census of Manufacturing Industries.

IX. WAGES AND PRICES

Statistics relating to the retail price index, wholesale price index, parity index of the farmers, working class consumer price index in Cuttack and Berhampur, as well as in some other centres in India, average retail price of common rice, cost of selected items of farm cultivation and rural wages of different classes of labour, the farm harvest prices, the wholesale prices and retail prices of different commodities in the State of Orissa are presented in this section. The annual data for the period stated are the averages for the monthly figures

Wholesale and retail price index (Table Nos. 9-01 and 9-02)—Data represent the price relatives of different commodities constructed by the Bureau of Statistics and Economics on the basis of the available price for different markets in the State of Orissa for the period stated taking the price of the month of August 1939 as 100. Previously, the price data were collected and published fortnightly in *Orissa Gazette* by the office of the Director of Agriculture & Food Production, Orissa. Now the price data are being collected by the Directorate of the Marketing and are published in separate Bulletins. From the 1st January 1961 Supply Department is in charge of collection of prices.

Parity Index of the farmers—The Table No. 9-03 represents the ratio between the index number of the prices paid and the index number of the prices received by the farmers. The index number of the prices paid by the farmers is a composite index of two groups, viz., domestic expenditure and farm cultivation cost. The group index is the weighted geometric average of the price relatives of the component commodities of the group, weights being the average expenditure on these commodities by a cultivator. Similarly the composite index is computed utilising the average expenditure on each group as weight. The index number of the prices received by the farmer is the weighted geometric mean of the price relatives of the component commodities, the weight being generally proportional to the percentages of the quantities of those commodities available for marketing during the base period.

Working class consumer price index (Table Nos. 9-04 to 9-05). The figures for various centres in India relate only to working class families, the heads of which are in full-time and regular employment. They represent the changes in the cost of a given schedule of goods and services consumed by an average working class household in each centre as determined by periodical field enquires. The items on the list of articles are grouped under five heads, viz.,—food, fuel and lighting, clothing and beddings, etc., house-rent and miscellaneous. Separate indices are worked out for the individual groups. The index for any group is the weighted arithmetic average of the price relatives of the several items of the group, the weight being proportionate to the expenditure of an average working class family on these items. The composite index or the index for all groups is the weighted arithmetic average of the group indices, weights being the proportionate to the expenditure on those groups by an average working class family. Rent figures in all cases are obtained from enquiries held at long intervals. No account is taken of the seasonality in prices of commodities and services included. The data are collected from the Indian Labour Journal published by Labour Bureau, Government of India. Table Nos. 9-06 and 9-07—These two tables represent consumer price Index number for urban non-manual employees in Orissa (General Index) and consumer price index numbers for industrial works in the state (General Index) with 1960 as the base year and are collected from Reserve Bank of India Bulletin and Indian labour journal respectively.

Table No. 9-08—This table shows the average retail price of common rice which is given in kilogram per rupee collected from the supply Department, Government of Orissa. Data relating to the years 1921 to 1966 are shown in this table.

Table Nos. 9-09 and 9-10—Data represent the cost of the selected items of the farm cultivation as stated in the concerned table and wages of the different class of labour in the rural areas of the State of Orissa. The State figures from 1957 to 1966 with districtwise breakdown for the last three years are shown in these tables. The data are compiled from the returns submitted by the Agricultural Overseers and Sub-Overseers relating to various centres selected in the rural area to the Bureau of Statistics and Economics, Orissa.

Table Nos. 9-11 to 9-12—The retail and wholesale prices of various agricultural and commercial commodities, have been presented in these tables. The data relating to these tables are collected and tabulated in the Supply Department, Government of Orissa.

SOURCE—Supply Department, Government of Orissa

X. BANK

This section represents the data relating to business of different Scheduled Banks operating in the State of Orissa. The figures are for the last Fridays of the period stated or for the previous working days if Fridays are holidays, and are compiled for the monthly returns submitted by different Scheduled Banks in respect of their branches operating in the State of Orissa. The Banks included in the second schedule to the Reserve Bank of India Act, are termed as Scheduled Banks which are obliged to maintain with the Reserve Bank of India a minimum balance amounting to 5 per cent of their demand liabilities and 2 per cent of their time liabilities and they enjoy certain facilities from the Reserve Bank.

••

Cash—Comprises current notes and coins maintained as till money currencies of the foreign countries are excluded.

Balance with the Reserve Bank of India—The clause 45 (a) of the Reserve Bank of India Amending Act, 1956 enables the Reserve Bank of India to vary the required reserve of the Scheduled Banks between 5 and 20 per cent of the demand liabilities and between 2 and 8 per cent of the time liabilities.

Advance—Includes loans, over-drafts, cash credits, foreign import bills, negotiated under letters of credit realisable and enforceable in the State and money lent to other Banks.

Bills discounted—Covers bills drawn and payable in the State including demand drafts purchased. Export bills are not included.

*Demand liabilities

••Time liabilities

XI. JOINT-STOCK COMPANY

The table s, attached to this section deals with the Joint-Stock companies, registered and liquidated in the state of Orissa with its authorised, subscribed and paid up capital from the year 1959 - 60 to 1968-69. The figures have been collected from the monthly publication 'Blue Book' published by the Department of Company Law Administration, Ministry of Commerce and Industry. The liability of the shareholders of these companies is limited to the extent of the amount of their shares. Companies registered outside the state but carrying on business in side this state are not included here.

A district division of public and private companies with its authorised, subscribed and paid up capital separately, has been made in order to facilitate the reader in comparing the growth of two categories of company. The public companies are considerably less than those of private ones. The percentage of liquidation of public companies is observed to be much more than the private companies which clearly manifests the lack of incentive and care in the shareholders of the public companies.

XII. CO-OPERATION

This section presents the statistics in abstract form relating to the working of the co-operative movement in the State of Orissa. Such statistics are compiled from the annual report of the co-operative Department, Orissa. The State figures from 1956-57 to 1957-58 are presented in the tables of this section and the annual data pertain to the year ended 30th June.

Table No. 12-1—Statistics for Central Co-operative Banks, Agricultural and Non-Agricultural Societies are shown separately in this table. Statistics for all types of Societies in this table represent the sum total of the data relating to these three types of societies. Agricultural Societies represent all agricultural credit and agricultural non-credit Societies. Non-agricultural Societies include non-agricultural credit and non-agricultural non-credit Societies and insurance Societies.

Table No. 12-2—Orissa State Co-operative Bank, Orissa State Co-operative Housing Corporation, Orissa State Co-operative Societies, Central Non-Credit Co-operative Societies, Orissa Provincial Co-operative Land Mortgage Bank, State Co-operative Union Bank and State Handloom Weavers' Co-operative Societies come under the Provincial Co-operative Institutions and data relating to each of such societies are presented in this table. Statistics for all types represent the sum total of the data relating to the societies stated in this table, "Working capital" of the column 7 and column 8 in the table Nos. 12-1 and 12-2 respectively is the total of the three columns preceding it.

Table No. 12-3—Statistics relating to each individual Society of all types are presented in the table for the year 1963-64 1967-68. "Share Capital" denotes the paidup amount. "Deposits" represent the deposits by members, Co-operative Institutions, Primary Societies, Individuals and other sources. "Loans from other Societies and Bank" include Government loans and loans from Reserve Bank of India. "Reserve" represents reserve and other funds. "Working Capital" in column 9 of this table is the total of columns 4, 6, 7 and 8.

XIII. AGRICULTURE

Available statistics regarding Agriculture in the State of Orissa are presented in this section. State figures from 1958-59 to 1967-68 with district-wise distribution for the last three years are shown in the tables of the section. The data are in respect of the Crop-year which starts from July and ends in June. Such statistics are collected from the office of the Director of Agriculture and Food Production, Orissa, who in turn depends upon the village Karanams in the district of Ganjam, village Potwaries in the district of Sambalpur, Chaklakanungoes in the districts of Balasore, Puri and Cuttack, Taluk Officers in the district of Koraput and Deputy Collectors in the newly formed districts for the primary returns (Printed booklets containing all the statements).

Table No. 13'01—Data relates to the lands which are put into various uses from year to year. The total area of the State is given according to village paper. The total area according to the Surveyor-General of India has also been given. Area under forest as shown in this table does not agree with that of the Forest Department, because certain villages and other lands though not covered by forests, are taken as forest by the Forest Department, while these data are not treated as forest for the purpose of Agricultural Statistics.

Area not available for cultivation—The land which is absolutely barren or uncultivable or covered by buildings, water or roads or otherwise appropriated for non-agricultural purposes comes under this classification.

Other uncultivated land excluding fallow land—This denotes land for cultivation, but not used as such and includes culturable wastes, 'permanent' pasture and other grazing lands and lands under miscellaneous tree crops.

Fallow land—It denotes cultivable areas which after abandonment remain uncultivated over a long period. **Net area sown—**In computing the aggregate net area sown the areas sown more than once are counted only once. **Total cropped area—**For calculating total cropped area, of different crops are raised on a given land, the same area is counted for each crop. In this table in respect of some districts, figures of previous years have been repeated.

Table Nos. 13'02 to 13'04—Figures are given for areas and production of principal crops and average yield per acre. These are taken from the forecasts issued by the Director of Agriculture and Food Production, Orissa regarding these crops. In respect of each crop, generally three estimates are issued at different dates of the year and these are based on "Condition factors" or 'anna estimates' of crops reported by the primary agencies. The first estimate provides at an early date, information regarding the annas shown, the second estimate issued generally about a couple of months later includes the areas of the late sowing and also gives information regarding the condition of the crop. The third or the final estimate represents the total areas sown and yield harvested or expected to be harvested. The successive estimates, thus, give a progressive picture, of the areas and yields. The final estimate of a year is revised again at the time of release of the final estimate of the subsequent year. The data presented in these tables are such revised estimates for the period stated.

Table No. 13'05—Relates to net area under irrigation by sources of irrigation—Such data has been collected from Director of Agriculture and Food Production, Orissa. Data for only 2 years have been given as per the decision of the Highlevel Committee.

XIV FORESTS

Statistics concerning forests are shown in this section. Table No. 14'01 deals with the area of the forest lands of the State of Orissa. Area under forest are classified according to legal status such as 'Reserved' and 'Protected'. Reserved forest is one which is permanently dedicated either to the production of timber or other forest produce and in which right of grazing and cultivation is seldom allowed. In protected forests these rights are allowed, subject to a few miles restrictions. State figures from 1958-59 to 1967-68 are shown in this table.

Table No. 14'02—Data given in this table represent the outturn of forest produces in the State of Orissa from the year 1958-59 to 1967-68. The figures in respect of outturn of timber, bamboos, Fuel and revenue realised from the auction sale of minor forest produces with total revenue of the Forest Department are given in this table.

XIV. FOREST

14-01. Area under forest in Orissa

XV. LIVE-STOCK

This section presents the statistics regarding live-stock, poultry, agricultural implements, seizures and deaths of cattle from various contagious diseases and diseased cattle treated in the veterinary hospitals and dispensaries. Data regarding live-stock, poultry, and agricultural implements are collected through a census conducted quinquennially. In the rural areas, the primary data are collected through village revenue agencies or through other local staff where such agencies are not in existence. In the urban areas, the staff of the Municipalities and Notified Area Councils collect such information. The data are collected and tabulated by the office of Director of Animal Husbandry and Veterinary Services, Orissa. Before the independence of this country, the last census was conducted in 1945 in all States and after independence, the first census was conducted in 1951 throughout India, except in Orissa where the live-stock census could not be conducted due to some administrative and other difficulties. Even the second All-India live-stock census conducted in 1956 could not be extended to the State of Orissa due to the same reasons and it was only conducted in 1957 and 1961. The data as obtained through the live-stock census conducted in 1957, 1961 and 1966 are shown in abstract form in the table Nos. 15-01, to 15-02 in respect of each district of the State of Orissa.

Table No. 15-03—Number of cattle attacked and died of various contagious diseases are given in this table for the year 1956-57 to 1965-66 in respect of the State of Orissa.

Table No. 15-04—Data represent the number of Veterinary Hospitals and Dispensaries in existence, number of Veterinary Surgeons working, number of cattle treated and inoculated and number of castration and artificial insemination done in the State of Orissa from the year 1956-57 to 1965-66. The Statistics of the above two tables are collected by the office of the Director of Animal Husbandry and Veterinary Services, Orissa, through the Veterinary staff.

XVI. INDUSTRY AND MINING

These tables presented in this Chapter give an idea about the number and name of the factories in existence and reporting, with their production and value of Orissa.

The table 16'0' gives the information about the production of some selected Industries from the year 1960 to 1968 with "Monthwise breakup for the year 1968. Such data has been compiled from "Monthly Statistics of the Production of selected Industries of India" for November and December, 1968 issued by Central Statistical Organisation, Government of India.

The table No. 16-03 shows the Summary Statistics of Manufacturing Industries in the State of Orissa from 1963 to 1967. These data from 1963 to 1967 were collected through the Annual Survey of Industries conducted under the provisions of collection of Statistical Act, 1953 and rules made thereunder in 1959.

The Industrial Statistics Act, 1942 was repealed with effect from 10th November 1956 by a more comprehensive collection of Statistical Act, viz., "the collection of Statistics Act, 1953. The collection of Statistics (Central) Rules, 1959 under the 1953 Act were notified early in January 1960, providing for a comprehensive Annual Survey of Industries (A. S. I.) as from 1959. The Directorate of Bureau of Statistics & Economics, Orissa undertook the Annual Survey of Industries in collaboration with National Sample Survey (I. S.) from the year 1960 onwards.

The coverage extends over all the factories registered under the Indian Factories Act, 1948. For building up estimates for the State, returns collected both by N. S. S. and the State Bureau are taken into account.

The response from factories is indicated in the table No. 16'2 for each industry. Detailed information (industrywise) for the years 1962 to 1967 have been given in the table No. 16'4.

The table 16'05 relates to the information about the underground treasure of Orissa. Figures from 1906 to 1969 in respect of different minerals have been given. The total value has been computed, taking the average pit-mouth value per M. T. into consideration. The figures have been collected from Director of Mines, Orissa. The output and value of minerals have been given separately to have a comparative view all the years from 1960 to 1969 in respect of the individual minerals.

Notes on terms used in the tables:—

1. Average No. of days worked. This computed by adding the No. days worked by the factories in the industry and dividing the aggregate by the number of factories where manufacturing operations were carried on.

Productive capital employed—Capital employed relates to the 31st December in the case of factories which closed their accounts on that date and in other cases to the date on which accounts were last closed prior to the 31st December. It consists of fixed and working capital. Fixed capital consists of land, building including those under constructions, improvement to land and other constructions, plant and machinery and tools, transport equipments, other fixed assets such as furniture and fixture, etc. Working Capital consists of stocks of materials, stores, fuels, semi-finished goods including work in progress, finished Products and by product, cash in hand and at the bank, and the algebraic sum of sundry crediters, and debtors, whose transactions relate to one year only. Long-term loans and advances of proprietors and working partners are excluded.

(iii) Rent paid for fixed capital items taken on lease or rent.

It is the amount paid for the use during the year of any items of fixed assets taken on lease or rent.

(iv) *Number of persons employed*—The average number of persons employed by each factory under various heads such as workers, other than workers, etc., is computed by taking the total attendance during the year of persons in all the shifts on all working days and dividing it by the number of days worked. These averages are aggregated for all factories in the industry and the aggregate is taken as the number of persons employed in the Industry. It includes persons on leave with pay such as sick leave, casual leave or paid vacation and also those engaged in welfare activities.

(v) *Workers*—The term workers is used in the same sense as in the Factories Act, 1948 but excludes persons holding position of supervision or management or employed in a confidential position.

(vi) *Other than Workers*—This term included all employees other than workers as defined in (v) above.

(vii) *Man hours*—The number of man hours for an industry is the total of the number of man hours worked by all factories in that industry.

(viii) *Salaries and wages*—It includes all payments made in cash as compensation for work done during the year.

(ix) *Money value of benefits*—This includes the net cost of the concession in respect of supplies made or services rendered such as housing, foodgrains, medical, educational, transport facilities, etc., payments by way of employers contribution to provident fund, employees state insurance and pay off benefits, gratuity, etc.

(x) *Materials and fuels consumed*—The value of materials and fuels consumed is the cost of the items at the factory. It includes the purchase price, transport charges and other incidental costs. Materials consumed for repairs and maintenances are included. This excludes any fuels or materials manufactured in the factory and consumed in it.

(xi) *Work done by other concerns*—It devotes the cost of services rendered to the factory by other concerns and individuals other than the employees of the factory.

(xii) *Industrial Services purchased*—It includes the amount paid on account of—

- (i) Inward transport charges
- (ii) Purchase agency services
- (iii) Taxes and duties on purchase
- (iv) Postage and stationery, printing, etc.

(xiii) *Non-industrial services purchased*—It includes amount paid on

- (i) Audit fee, accounts and Bank charges
- (ii) Local rate and factory licences and any other expense incurred in connection with manufacturing activities.

(xiv) *Input*—It is the gross value of materials and fuels, etc., consumed, work done by other concerns, products reposed for sale in the last year but used for further manufacture, value of industrial and non-industrial services purchased, purchase value of goods sold in the same condition as purchased and depreciation.

(xv) *Value of products and by products*—It represents the value of products and by-products manufactured for sale during the year. The value is ex-factory that is exclusive of any incidental expenditure on sales.

(xvi) *Work done for customers*—It comprises the work done by the factory for other concerns on repair and maintenances as also manufacturing work done on materials supplied by the latter.

(xvii) *Output*—It is the aggregate value of products and by-products manufacture for sale, work done for customers and value of the difference in stocks of semi-finished goods at the beginning and at the end of the survey year and sale value of goods sold in the same condition as purchased.

(xviii) *Value added by manufacture*—This represents that part of the value of the products which is created in the factory and is computed by deducting from the gross ex-factory value of output, the gross value of input.

XVII. LABOUR AND EMPLOYMENT

This section presents data in respect of employment and accidents in factories, workmen's compensation, wages and earnings. Statistics relating to the employment and accidents in factories are collected by the office of the Chief Inspector of Factories, Orissa, under the provisions of the Indian Factories Act, 1948 which covers all factories employing 10 workers or more with the aid of power and 20 workers or more without the aid of power. Special powers also are given in the Act to collect information from small factories. Statistics regarding compensations paid to workers are collected by the office of Bureau of Statistics & Economics, Orissa, on voluntary basis from all Commissioners appointed under the Workmen's Compensation Act, 1923, whereas Statistics of wages and earnings of factory workers are collected by the office of the Labour Commissioner, Orissa under the Payment of Wages Act, 1936.

Factory Statistics—The factories which submitted returns during the period stated with the number of workers employed in them are distributed according to the number of working days of the year in the Table No. 17-01 for the State of Orissa from 1963 to 1967 whereas data in Table No. 19-02 represent the number of factories registered, number of factories working and submitted returns and the licence fees realised from them during the period stated.

Data relating to total number of factory accidents, man-days worked, man-days lost, severity rates, and frequency rates of accidents in the State of Orissa from 1963 to 1967 are given in the Table No. 19-03 while data in the Table No. 19-04 represent the number of accidents in the factories of selected industries, from 1963 to 1967. Accidents cover all accidents occurring in the factories which result in either death or injury to a worker necessitating his absence from work for 48 hours or more.

No. of man-days lost

$\times 1,000$ man-days worked—Severity rates.

No. of man-days worked

No. of accidents

$\times 100,000$ man-days worked—Frequency rates.

No. of man-days worked

Workmen's Compensation—Statistics relating to the number of cases filed before and disposed of by the Commissioners, Workmen's Compensation, Orissa, and the amount of compensation, paid to the workers involved in industrial accidents under the Workmen's Compensation Act, are shown in Table Nos. 19-05 to 19-08. For the purposes of compensation, accidents are classified as accidents causing death, permanent disability and temporary disability. It may be mentioned that number of accidents reported under the Factories Act or Mines Act need not be necessarily identical with the number of accidents actually compensated under the Act. State figures are shown for the years 1963 to 1967 and districtwise figures for the year 1967 are shown.

Wages and Earning—The Statistics in respect of wages and earnings of factory workers deduction from their wages for reasons stated and average annual earnings per worker (Industry wise) as collected under the Payment of Wages Act are presented in the Table Nos. 19-10 to 19-12. State figures for the year from 1963 to 1967 are shown in Tables 19-10 and 19-11 and 19-12 'Wages' as defined in the Act cover all remunerations capable of being expressed in terms of money and payable under the terms of contract. The provisions of Payment of Wages Act apply to all factory employees including Clerical, Supervisory staff whose monthly earnings do not exceed Rs. 200 per month.

The coverage of such statistics, has been enlarged with the coming into force of the Factories Act, 1948 because the definition of the factory has been extended to all factories working with aid of power and employing ten or more workers as well as those working without the aid of power and employing twenty or more workers. The industrial establishments viz., Bus services plying under the State carriage and public carrier permit, bamboo forest organisation excluding Government factories (Railway workshop and proof experimental establishments under the Ministry of Defence) have also been included under the provisions of the Payment of Wages Act.

Table No. 19-13—

Object—The object of collecting statistics of Industrial Disputes is to bring out information on work stoppages due to industrial unrest leading to loss in economic activity which naturally affects production.

Industrial Disputes—Work stoppages may be classified according to their origin. If it originates in a demand desired to be enforced and connected with employment or non-employment or terms of employment or conditions of labour, it is termed as an "industrial dispute". The workers may stop work as a protest against certain demands of their employer.

Source of Collection—Statistics on industrial disputes are being collected at the instance of State Government in the Labour Department on voluntary basis from the units having the following characteristics —

- (i) involving 10 workers or more, and
- (ii) leading to a temporary stoppage of work with a view to enforcing an individual or collective demand and in absence of a demand sponsored by the workers.

The forms A, B, and C designed by the Government of India are canvassed for the collection of statistics. The agencies of all the Subdivisional Officers are utilised to trace the occurrences of the disputes in each subdivision to collect fuller details relating to them. Information relating to occurrences of disputes are also available at times in the local newspapers and office of the Labour Commissioner facilitating the Authority to take initiative in the matter to collect statistics from the employer.

Industrial Disputes relate to both strikes and lock-outs for which information are collected.

Strikes—Work stoppages declared and organised by workers are called strikes

Lock outs—Work stoppages declared by employers are styled as lock-outs and generally take place after a strike.

Number of workers involved—This relates to the actual number of workers affected either directly or indirectly in the dispute, suppose 400 workers in a factory launch a strike and in consequence the factory employing 700 workers has to be closed, in that case 400 workers are affected directly and the remaining 300 workers rendered idle due to occurrence of the work-stoppage are taken to be indirectly affected. This includes permanent, casual, and temporary workers but excludes any worker employed in special item of work not normally carried on by the employer.

Man-days lost—Man-days lost are obtained by adding up the actual vacancies caused by the work-stoppage in each shift. Here vacancies due to workers both directly and indirectly affected should be taken into account. Sundays and other holidays are excluded while calculating this.

Wages lost—The amount of wages lost by the workers has been specified due to occurrence of work-stoppage.

Production lost—This is a loss to the employer on account of the work-stoppage caused by the workers.

Table No. 19.14—This table contains districtwise information on working of Employment Exchanges in Orissa and the period covered from 1963 to 1967.

XVIII. FUEL AND POWER

This chapter deals with the statistics regarding production and distribution of Coal, Supply of coal by rail to different class of consumers, generation and sale of electricity in the State of Orissa.

Table No. 18-01—Figures on the production at different coal mines existing in the State of Orissa and despatches from the pitheads from the year 1959 to 1963, collected from the journal 'monthly review of coal production and distribution' published by the office of the Coal Commissioner, Government of India, are made available. Figures on the amount of coal despatched by rail to different class of consumers have been received from the Supply Department, Government of Orissa and have been given in Table No. 18-02.

The production at minesite are the gross production which includes the consumption of collieries 7.5 per cent of the total output. With the greater incentive attached to the exploitation of coal, the production is steadily increasing within the last four years. Thus the year 1961, 1962 and 1963 recorded an increase of more than 21.5 and 1 lakh tons of coal respectively than the previous year.

Table No. 18-03—Figures relate to generation, purchase and sale of electricity to different type of consumers by the Public Utility Electric Supply Undertakings in the State of Orissa owned by Government or Local Authorities or companies. Military, Railway and Factory Power Stations are excluded. State figures from 1959 to 1967 from the monthly returns received from C. W. & P. C. with monthwise breakdown for the last year are shown in this table.

The figures of Generation represent the generation by Steam Oil and hydroplants. Purchase figures relate to purchases within the State of Orissa. Consumption of Power Station and line losses have been excluded.

XIX. TRANSPORT AND COMMUNICATION

This section deals with Statistics relating to Roads in Orissa, Railways in Orissa, Motor vehicles on Roads, Vehicle Taxed, Tax receipts and fees collected, Motor vehicle driving licenses issued and accidents occurred and Traffic census of the State Transport Services, the Orissa Road Transport Company Ltd. along with their Financial position. There are two system of Road Transport Organisations prevailing in the State of Orissa—One entirely Government managed organisation called the State Transport Service and the other is called the Orissa Road Transport Company Ltd. managed through a Tripartite Joint Stock Company in which the State Government, Central Government (Railways) and the Private Individuals are the participants.

Table No. 19-01—This table gives the statistics in the length and surface of Roads maintained by the P. W. D. in the State as on the 31st March 1967 with Districtwise breakup. Such data are compiled from the publication "Transport Statistical Hand Book" issued by Transport Department, Government of Orissa.

Table No. 19-02—This table deals with the length of Railways in Orissa with Type of Railways as on the 31st March 1964, 31st March 1965, 31st March 1966, 31st March 1967 and 31st March 1968. Such data have been compiled from the publication "Transport Statistical Hand Book" issued by Transport Department, Government of Orissa.

Table No. 19-03—This table deals with the Motor Vehicles on Roads in Orissa from the year 1959-60 to 1968-69 with districtwise breakup from the year 1962-63 to 1968-69. Such data have been collected from Chairman, State Transport Authority, Orissa.

Table No. 19-04—This table gives the statistics on Motor vehicles driving licenses issued in Orissa from the year 1958-59 to 1967-68 with district-wise breakup from the year 1961-62 to 1967-68. Such data have been collected from the Chairman, State Transport Authority, Orissa.

Table No. 19-05—This table deals with number of Motor vehicles taxed in Orissa from the year 1958-59 to 1967-68 with district-wise breakup from the year 1961-62 to 1967-68. Such data have been collected from the Chairman, State Transport Authority, Orissa.

Table No. 19-06—This table gives the information on Motor Vehicles Tax realised in Orissa from the year 1958-59 to 1967-68. Such data have been collected from Chairman, State Transport Authority, Orissa.

Table No. 19-07—This table deals with the number of accidents occurred due to conveyance from the year 1959 to 1968 with district wise breakup from 1964. Such data have been collected from Inspector General of Police, Orissa.

Table No. 19-08, 19-09 & 19-10—These table deals with the operational statistics of State Transport Services in Orissa from the year 1959-60 to 1968-69. Such data have been collected from Director, State Transport Services, Orissa.

Table No. 19-11, 19-12 & 19-13—These table deals with the Operational Statistics of Orissa Road Transport Co. Ltd. from the year 1959-60 to 1968-69. Such data have been collected from Director in-charge, Orissa Road Transport Co. Ltd., Orissa.

XX. POSTS AND TELEGRAPHS

This section presents statistics relating to the Small Savings, number of Posts and Telegraph Offices in existence, Postal Traffic and Postal Revenue in the State of Orissa. The State figures from 1960 to 1969 are given in the tables of the Section. Such data, except the number of Posts and Telegraph Offices are compiled in the office of the Deputy Accountant-General, Posts and Telegraphs, Government of India, Calcutta, who collects the same from all Post Offices working in the State.

Telegraph charges realised in cash—These include revenue derived from (1) messages sent on Deposit Account System, (2) messages booked through National Cash Register and Franking Machine, (3) bearing Press Messages, (4) cost of unnecessary service messages, (5) recovery in cash on account of under charge fees Registered Abbreviation Addresses.

Telephone Revenue—Revenue derived from rent of Telephones and Telephone call fees.

Postage realised in cash—Refers to those cases where postages are paid for in cash instead of postage stamps. This includes (1) Postage paid in cash in Presidency Post Offices, (2) Credit afforded in the Schedule of customs duty on account of postal fees, delivery fees, redirection fees, warehousing charges, demurrage, etc., realised on delivery of inward foreign parcels, (3) charges for resetting franking machines, (4) cash realised from unpaid or insufficiently paid postal articles.

Other receipts—Includes all other items of Posts and Telegraph revenue except those specified above. Most important of such items are (1) Receipt on account of M. O's, B. P. O's and I. P. O's, (2) Fees from Broadcasting Receiver licenses, (3) Rent of wires and instruments leased to Railways and Canals, (4) Revenue derived from the sale of ordinary and service stamps used for both postal and telegraph purpose

XXI. STATE INCOME

The table presented in this section gives the revised Series of State Income estimates for the period 1958-59 to 1967-68, which has been prepared on the latest available Statistics and up-to-date methodology. All factorial incomes originating within the State boundary have been included in the estimates of State Income.

Table 21-01—This table gives a comparison of the movement of net State output both at current and constant (1960-61) prices with their indices.

Table 21-02 & 03—These tables give sectional estimates of State Income by industrial origin for different years both at current and constant prices. The net, domestic product at factor cost by Industrial origin is estimated for the sectors grouped under.

(i) Agriculture

(ii) Mining & Manufacturing

(iii) Commerce & Transport

(iv) Other Services

Table 21-04—This table shows the State Income of Orissa by Industrial origin at (1960-61) prices.

This estimates of State Income at constant prices indicate the trend of Economic Growth of State during the relevant period.

XXI-STATE INCOME

21-01. Comparison of movement of net State Income (at Factor Cost) at current and constant prices

Item Years	1958-59	1959-60	1960-61	1961-62	1962-63
1	2	3	4	5	6

I. NET STATE INCOME
(In lakhs of Rs.)

1. At current prices	.. 3,59,52.05	3,88,18.35	4,28,90.80	4,43,68.53	4,92,65.00
2. At constant prices (1960-61)	3,67,18.04	4,11,36.27	4,28,90.80	4,40,70.37	4,72,86.22

II. PER CAPITA INCOME
(In Rs.)

3. At current prices	-- 215.59	228.80	248.55	252.87	272.50
4. At constant prices	-- 220.18	242.46	248.55	251.17	261.55

**III. INDEX NUMBER OF
NET STATE INCOME
WITH 1954-55 AS BASE.**

5. At current prices	.. 116.9	126.2	139.4	144.2	160.1
6. At constant prices (1960-61).	104.0	116.5	121.5	124.8	134.0

**IV. INDEX NUMBER OF
PER CAPITA STATE
INCOME WITH 1954-55
AS BASE**

7 At current price	-- 108	115	125.3	127.5	137
8 At constant prices	.. 96.7	106.5	109.2	110.4	114.9

XXII. MISCELLANEOUS

This section deals with statistics on cinema, export and import, excise, sale of petroleum product, Sales Tax and Agricultural Income-Tax, Fire Services, Printing Presses and plan provision and expenditure in Orissa.

Table No. 22-01—This table gives the number of cinema houses reporting, no. of tickets sold and total sale proceeds realised including entertainment tax from the year 1957 to 1966 with district-wise breakup from 1964 to 1966. The figures have been collected from different cinema houses direct.

Table No. 22-02—This table gives the number of cinema houses reporting amount of entertainment tax collected from cinema houses and other sources being collected from Commercial Tax Officers 1960 to 1969 with district-wise breakup from 1965 to 1969.

Table 22-03—This table gives statistics on export and import of commodities by Rail in Orissa for the years 1963-64 to 1968-69 on various items.

Table No. 22-04—This table gives the statistics on charges carried by Inland Water Transport from the year 1963-64 to 1968-69. Such data have been collected from Executive Engineers, Mohanadi (South and North) Divisions, Balasore Irrigation Division, Jajpur Irrigation Divisions.

Table 22-05—Data represent the consumption of Ganja, Bhanga, opium and country spirit and Revenue derived from their sale in Orissa from 1959-60 to 1968-69 with district-wise breakup of such data for last 5 years. These data have been compiled from the returns submitted by Board of Revenue, Orissa.

Table No. 22-06—This contains the information regarding the sales of motor spirit and the amount of taxes realised on such sales in different depots of Urban and Rural areas from 1953-54 to 1962-63. Such data are compiled from the returns submitted by the Superintendent of Excise of different districts.

Table No. 22-07—This contains the amount of taxes collected from registered dealer and Assessors under Central Sales Tax Act, Orissa Sales Tax Act and Orissa Agricultural Income-Tax. The figures reported under cols. 2, 4 and 6 indicate the number of persons liable to pay such Taxes at the end of each year. State figures from 1957-58 to 1967-68 and districtwise figures from 1964-65 to 1967-68 have been shown. Such figures have been collected from Commissioner Commercial Taxes, Orissa.

Table No. 22-08—Data relate to the fire accidents attended by the Fire Brigades in Orissa from the year 1960 to 1969 with district wise breakup from 1964 to 1969. Such data are compiled on the returns submitted by the Fire Officers of different districts.

Table No. 22-09—Statistics regarding number of Printing Presses working and books and periodicals published in the State from 1956-57 to 1964-65 with districtwise breakup from 1962-63 to 1964-65. The data have been collected from Home Department, Government of Orissa.

Table No. 22-10—This contains the data relating to plan provision and actuals expenditure under three plans with sectional breakup. The data have been given from the publication Orissa and the Three-Five Year Plans 1951-66 published by P. & C. (Planning) Department Government of Orissa.
