The Statistical Abstract of Andhra Pradesh, 1977 is the 21st in the series of this annual publication. It presents the data on various aspects of the State economy for the latest year with comparative figures for the preceding years. The district-wise break-up has also been given for most of the items for the latest year. The Comparative Statistics section also has been expanded to include the State-wise statistics on selected socio-economic indicators.

It is hoped that this publication would serve as a useful reference book to the general public, research workers and administrators.

I thank all the concerned Heads of Departments, both of the State and the Central Government, for their kind co-operation in furnishing the requisite data.

P. B. K. MURTHY,
