# ABSTRACT OF STATISTICS 1977 & 78

BUREAU OF ECONOMICS AND STATISTICS GOVERNMENT OF PONDICHERRY

# INTRODUCTION

The Abstract of Statistics 1977 & 1978, the Fifteenth issue in the series, contains Administrative Statistics and data relating to various socio-economic facets of the Union territory of Pondicherry tabulated in time series region-wise, and presents figures available for the latest year.

2. Our task has been greatly facilitated by the unstinted co-operation that we have received from the Heads of Departments/Offices and Local Bodies in the collection of information and the same is acknowledged with thanks.

3. The reference period of the data published in this issue vary according to the nature of the subject. In other words, they relate to either the calendar year 1977 or the Financial, Agricultural, Co-operative year 1977 and 1978.

4. To highlight some of the salient trends in respect of a few sectors of the economy, six statistical charts are included in this publication.

5. While Appendices I and II of this publication present figures of village and town-wise population, Appendix III furnishes data relating to agricultural holdings in the Union territory of Pondicherry, classified category-wise as per the Agricultural Census, 1971.

Bureau of Economics and Statistics, Pondicherry, 16th February 1979. S. MUTHUBASAVAN Director.

# 1. 1 FIGURES AT A GLANCE-cont.

Statistics relating to rainfall, temperature and relativehumidity are presented in this section.

TABLES 2.1 to 2.5: These tables show the annual and season-wise rainfall in Pondicherry, Karaikal, Mahe and Yanam for the years 1962-63 to 1976-77 (June to May). The data have been compiled from the monthly returns received from the Public Works Department, Pondicherry. For season-wise rainfall, the year has been divided into 4 periods. South-West Monsoon (June to September), North-East Monsoon (October to December), Winter (January to February), and Hot Weather (March to May). Normal rainfall in the simple arithmetic average of data for 30 years from 1940-41 to 1969-70 (June to May). Figures have been given in millimetres and inches.

TABLE 2.6: This table gives the maximum, minimum and mean temperature at Pondicherry for the years 1962 to 197%. Figures are given in degrees Fahrenheit and Centigrade. Data regarding humidity have also been included in the table. Monthly figures have been for the year 197%.

\* Relative Humidity data from 1967 onwards given in column 9 relate to 17.30 hours.

Source : Port Office, Public Works Department, Pondicherry.

Statistics relating to area and important aspects of population such as growth of population, rural and urban population, sex-ratio, density of population, literacy, scheduled caste population, institutional house-less population, economic classification of the population and distribution of population by religion are presented in this section. Tables appearing in this section are based upon the final results of the 1971 Population Census.

TABLE 3.1 : This table presents the total population of the Union territory of Pondicherry from 1901 to 1971 along with the variation in population from one census to the other.

TABLE 3.2 : Gives the area and density of population by regions. Figures of area and population are according to 1971 Population Census.

TABLE 3.3 : Sex-wise break-up of population in rural and urban area by regions according to 1971 census is given in this table. Pondicherry, Mudaliarpet and Ozhukarai Towns in Pondicherry Region, Karaikal Town in Karaikal Region, Mahe Town in Mahe Region and the entire Yanam Region have been treated as urban areas by the Census Organisation.

TABLE 3.4 : Population and sex-ratio of all the six towns in this Territory according to 1971 Census are given in this table.

TABLE 3.5 : Commune-wise data regarding the number of census houses, census households, the number of inhabited villages and towns, rural and urban population according to 1971 Census are included in this table.

TABLE 3.6 : This table contains commune-wise area according to village papers, population by sexratio and density of population as per 1971 Census.

TABLE 3.7 : The number of literates and educated persons classified by sex and literacy rates in rural and urban areas in each region of the Territory are given in this table.

TABLE 3.8 : This table gives commune-wise statistics relating to number of literacy and educated persons and literacy rates.

TABLE 3.9: This table presents region-wise scheduled caste population by sex and percentage of scheduled caste population to total population in rural and urban areas.

TABLE 3.10 : Commune-wise scheduled caste population by sex and ratio of scheduled caste population to total population are given in this table.

TABLE 3.11 : Statistics relating to institutional and houseless population by communes and sex are included in this table.

TABLE 3.12 : This table contains region-wise distribution of population by workers into 9 industrial categories and non-workers and by sex.

TABLE 3.13 : This table deals with the region-wise distribution of population by workers and non-workers in rural, and urban areas.

TABLE 3.14 : This table is devoted to percentage distribution of population of each sex by workers into 9 industrial categories and non-workers in each region of the Territory.

TABLE 3.15 : Percentage distribution of workers of each sex into 9 industrial categories.

TABLE 3.16 : This table furnishes commune-wise distribution of population by workers into 9 industrial categories and by non-workers.

TABLE 3.17 : This table presents the distribution of population by religion by sex Region-wise, 1971.

TABLE 3.18 : This table gives the distribution of population by religion in rural and urban area, Regionwise, 1971.

Figures given in this section related to land utilisation, area irrigated by different sources, crop acreage and agricultural production for the year 1972–73 to 1976–77 (July to June). For the year 1976–77 region-wise data have been given. Data in respect of all the regions of this Territory have been collected by the Field Staff of this Bureau by the method of complete enumeration under the Scheme "Collection of Agricultural Statistics". Statistics relating to the agricultural machinery and implements and agricultural wages are also included in this section.

TABLE 4.1 : This table is devoted to land utilisation statistics. Generally, the standard definitions of the categories of land adopted in this table are those recommended by the Ministry of Food and Agriculture, Directorate of Economics and Statistics, New Delhi.

TABLE 4.2 : Shows data relating to net area under irrigation according to sources of irrigation, area irrigated more than once during the year being counted once only. Area irrigated by spring channels, ponds, etc., are included under "other sources".

TABLE 4.3 : This table gives crop-wise distribution of data regarding area under irrigation. Irrigated area sown with crop more than once during the year is counted as separate area for each crop.

TABLE 4.4 : This table furnishes information regarding area under all crops. Total area under crops irrigated and unirrigated is included in this table.

TABLE 4.5 : Gives data relating to the production of principl crops in this State. Production of each crop for each region for the years 1972-73 to 1976-77 has been worked out on the basis of yield rates furnished by the Agricultural Department, Pondicherry. In respect of paddy for Pondicherry and Karaikal regions yield rate based upon the crop estimation survey has been adopted for computing the production of rice.

TABLE 4.6 : This table furnishes information relating to number of agricultural machinery and implements in Pondicherry, Karaikal, Mahe and Yanam. The figures are according to the Livestock Census, 1972.

TABLE 4.7 : Information regarding the average daily wage rates paid to agricultural skilled labourers at Thirukkanur in Pondicherry Region for the years 1966–67 to 1976–77 is presented in this table.

The statistics of livestock and poultry, veterinary institutions, livestock mortality by causes, marine and inland fish production are included in this section.

TABLE 5.1: This table presents the statistics of livestock and poultry population of this Union territory by Regions. It gives detailed information about the number of livestock and poultry in each category according to the Quinquennial Livestock Census, 1972.

TABLE 5.2: This table gives information regarding the number of fishing crafts and tackles according to the Quinquennial Livestock Census, 1972.

TABLE 5.3 : This table furnishes information regarding veterinary aid available in this Territory.

TABLE 5.4 : Information relating to livestock mortality due to contagious and other diseases from 1971-72 to 1976-77.

TABLE 5.5 : This table gives information regarding estimates of marine fish production from 1969 to 1977.

TABLE 5.6 : Estimates of inland fish production from 1969 to 1977 are included in this table.

This section is devoted to Medical and Vital Statistics. Information about the number of hospitals, dispensaries, beds and medical personnel have been furnished by the Director of Health and Family Welfare Services. Data regarding number of births, deaths by causes and age-groups have been compiled from the monthly returns sent by the Municipalities/Commune Panchayats to the Office of the Health and Family Welfare Services.

- TABLE 6.1 : Shows the number of hospitals, dispensaries and beds.
- TABLE 6.2 : Shows the number of medical personnel.
- TABLE 6.3 : Furnishes information regarding progress of B.C.G. vaccination in each region.
- TABLE 6.4 : Shows the number of cases treated in hospitals and dispensaries
- TABLE 6.5 : Gives information regarding birth control statistics.
- **TABLE 6.6** : Shows the distribution of live-births, still-births and deaths by regions.
- TABLE 6.7: Presents live-birth rate and death rate per thousand population and still-birth rate per thousand live and still-births.

The formulae used are as follows:--

Live-birth rate/death rate per 1,000 population

Total live-births/deaths  $\times 1,000$ 

Estimated mid-year population

Total still-births × 1,000 Still-birth rate per 1,000 live and still-births

Total live-births + Total still-births.

Straight lines have been fitted up with 1970 as origin.

- TABLE 6.8 : Deals with the number of deaths due to various causes.
- TABLE 6.9 : Deals with the number of deaths by different age-groups.

## 6. 7 Live-birth rate, death rate and still-birth rate

Note: Equations of straight lines fitted up to live-birth rates, death rates and still-birth rates during the years 1963 to 1977 with 1970 as origin are:

Y = 38.65 - 0.23 X

Y = 15.50 - 0.77 X

Y = 28.59 - 2.60 X respectively.

6.9 Deaths by different age-groups during the years 1976 and 1977

This section deals with educational statistics. The data relate to all the educational institutions functioning in the State irrespective of the source of expenditure. Figures are generally presented for six years 1971-72 to 1976-77.

TABLE 7.1 : Gives the number of institutions by type. Figures for Government and private institutions have been given separately for 1976–77 only.

TABLE 7.2 : Gives the region-wise distribution of number of institutions for general education by type during 1976-77.

TABLE 7.3 : Deals with the number of pupils on rolls by sex and type of institutions. The number of boys given against each type of institutions represents the total number of boys studying in both boys and girls institutions of that type. Similarly the number of girls against each type of institutions represents the number of girls studying in the institutions of that type for boys and girls put together. Figures for Government and private institutions have been given separately for 1976-77.

TABLE 7.4 : Gives the region-wise distribution of number of students in institutions for general education by type during 1976-77.

TABLE 7.5 : Shows the number of teachers by sex and type of institutions. Figures for Government and private institutions have been given separately for 1976–77.

TABLE 7.6 : Shows the region-wise distribution of the number of teachers in institutions for general education by type during 1976-77.

TABLE 7.7 : Shows the strength of the Directorate of Education.

TABLES 7.8 and 7.9 : Deal with distribution of students by age-groups in institutions for general education and for professional, technical and special education.

TABLE 7.10: Gives the distribution of students by classes in institutions for general education.

TABLES 7.11 and 7.12 : Deal with the number of students who appeared and passed in various examinations.

TABLES 7.13, 7.14-A and 7.14-B : Deal with expenditure on education by sources and heads of charges.

TABLE : 7.15 : Gives information regarding adult education, namely the number of literacy centres, number of scholars on rolls, adults made literate, teachers and expenditure.

- NOTE: 1. The classification of Primary/Middle and Teachers' Training institutions into Basic and Nonbasic is done a way with effect from 1974-75. Therefore, the figures pertaining to the years prior to 1974-75 in respect of Basic and Non-basic institutions under each type are clubbed together.
  - 2. The reference date for numerical data except examination results is 30th September of the academic year from the year 1976–77.
  - 3. The expenditure data are furnished under the headings Recurring and Non-Recurring expenditure from the year 1976-77 in Table 7.14-B.

### 9. LOCAL BODIES

Union territory of Pondicherry comprises of four regions namely Pondicherry, Karaikal, Mahe and Yanam. Each region is divided into communes eight in Pondicherry, six in Karaikal and one each in Mahe and Yanam. Each commune comprising of a group of villages, has been administered by a municipal council under the leadership of a Mayor till 25th January 1974 as per the old French system of Municipal Administration. The Pondicherry Municipalities Act, 1973 and the Pondicherry Village and Commune Panchayats Act, 1973 have been introduced with effect from 26th January 1974.

TABLE 9.1: This table presents the summary of all the municipalities and commune panchayats for the years from 1966 to 1976-77. Total receipts are classified into ordinary and extraordinary and total expenditure into compulsory, faculative, supplementary and extraordinary.

TABLE 9.2: This table gives total receipts and expenditure of each municipality and commune panchayats for the years from 1972 to 1976-77.

Ordinary receipts: Revenue from the municipal properties, concessions, granted by the State Government on certain taxes, stall rents collected in the markets, slaughter houses etc., parking duties in public squares and roads, tool fees charged for the issue of birth, death and marriage certificates etc., constitute ordinary receipts.

Extraordinary receipts: Grants, subsidies and loans from the Government are included in this category.

Compulsory expenditure: Expenses on general administration, tax collection, health census and grave yards come under this category.

Facultative expenditure: Expenses on public works, Police, Pond, supervision of markets etc. constitute facultative expenditure.

Extraordinary expenditure: Expenses met out of grants and subsides from the State Government for undertaking certain works are included in this category.

Supplementary expenditure: Expenses met from the supplementary budget of the municipality come under this category.

### **10. JOINT STOCK COMPANIES**

The Indian Companies Act, 1913 was extended to Pondicherry on 1st November 1954. There upon it was replaced by the Indian Companies Act, 1956 with effect from 1-10-63 and from the date all existing companies whose liabilities were limited, were governed by this Act.

TABLE 10.1 : Gives the number and capital position of all the Joint Stock Companies both public and private, as on 31st March 1975, 1976 and 1977.

TABLE 10.2 : Gives a list of public companies and their capital position as on 31st March 1977.

TABLE 10.3 : Gives a list of private companies and their capital position as on 31st March 1977.

The individual classification adopted by the Government of India has been adhered to throughout this section.

### 11. PRICES

Wholesale and retail prices are collected every Friday from Pondicherry and Karaikal markets. In Pondicherry market 82 quotations are collected for 42 commodities in respect of wholesale prices and 75 quotations for 50 commodities in the case of retail prices. In Karaikal market, 88 quotations are collected for 36 commodities in respect of wholesale prices and 84 quotations for 48 commodities in the case of retail prices. The wholesale price quotations related to the model prices (i.e.) the price of which most of the transactions take place. They relate for the actual transactions, nominal quotations are being avoided.

TABLE 11.1 : Gives wholesale prices (average of weekly quotations) in Pondicherry for the years 1973–74 to 1976–77 and monthly figures from April 1976 to March 1977. Wholesale prices are in rupces per quintal except where otherwise stated.

TABLE 11.2 : Gives retail prices (average of weekly quotations) in Pondicherry for the years 1973-74 to 1976-77, and monthly figures from April 1976 to March 1977. Retail prices are in rupees per Kg. except where otherwise stated.

TABLE 11.3 : Gives wholesale prices (average of weekly quotations) in Karaikal for the years 1973-74 to 1976-77, and monthly figures from April 1976 to March 1977. Wholesale prices are in rupees per quintal except where otherwise stated.

TABLE 11.4 : Gives retail prices (average of weekly quotations) in Karaikal for the years 1973-74 to 1976-77 and monthly figures from April 1976 to March 1977.

The Madras Co-operative Societies Act, 1932 (VI of 1932) was extended to Pondicherry State in 1955. The data presented in this section give an idea of progress achieved under co-operation. The data are given for seven years from 1971 to 1977 and give position as on 30th June of each year. Societies are classified into 2 main categories: Credit and non-credit societies.

TABLE 12.1 : Gives information regarding progress in co-operation in general, namely the total number of societies, members, working capital, etc. It also gives the average working capital per head of population.

TABLE 12.2 : Gives details of the progress achieved in the field of co-operation according to type of societies.

Source : Office of the Registrar of Co-operative Societies, Pondicherry.

This section presents data relating to employment in public and private sectors, data relating to Employment Exchange, and wages paid to agricultural and skilled labourers.

TABLES 13.1 to 13.3 : Present results of the census of Government employees. All the employees working in the offices of the Pondicherry State Government and its industrial and commercial undertakings have been included. For this census, those who are on the pay rolls of the establishment have been taken as regular staff. The staff paid from contingencies, workcharged personnel, and those employed on daily wages have been classified as non-regular staff. Casual daily rated labour employed for less than a month and contractor's labour have not been included. The Ex-French employees whose pay scales start with a minimum of Rs. 500 or more have been taken as Gazetted Officers. Those who have been confirmed and hold substantively the post against which they are shown, on the date of census, have been taken as permanent. Permanent employees though working temporarily or officiating in any temporary post on the date of census, have also been taken as permanent. All those who are not confirmed and do not hold substantively any post on the date of census have been taken as temporary. Persons appointed in leave arrangements and temporary employees officiating in permanent posts have been shown as temporary. Basic pay includes personal or special pay, if any, but excludes dearness and other allowances.

TABLE 13.4 : Gives the number of labourers employed in the textile industry by age-groups and sex.

TABLE 13.5 : Furnishes information relating to labour employed in various shifts and departments in respect of textile industry. Average number of working days, spindles run in per shift and looms worked per shift are also included. Figures have been extracted from the "Indian Texitle Industry Statistical Bulletin" issued by the office of the Textile Commissioner, Bombay.

TABLES 13.6 to 13.8 : Give the number of industrial disputes, industrial accidents and Trade Unions and their membership. The figures presented in these tables are tentative.

TABLES 13.9 and 13.10 : Relate to the number of employees in co-operative societies and the wages and salaries paid to them respectively.

There is only one Employment Exchange in the State located in Pondicherry Town. Table 13.11 shows the number of registration and placements effected by the Pondicherry Employment Exchange.

TABLE 13.12 : Relates to the progress of the live register of the Employment Exchange and output o educational institutions.

TABLE 13.13 : Relates to the occupation distribution of applicants on the live register still seeking employment assistance from employment exchange.

TABLE 13.14 : Gives distribution of applicants on the live register still seeking employment assistance from Employment Exchange according to educational qualifications.

TABLE 13.15 : Shows the progress of employment in the Public sector.

TABLE 13.16 : Shows the changes in the volume of employment by industries in the Public and Private sectors put together. The data have been collected under the Employment Market Intelligence Scheme.

# 13. 16 Changes in volume of Employment by Industries (Public and Private Sectors) - Contd.

This section deals with industrial production of some of the important industries of this State, namely cotton textiles, sugar, vegetable oils, oilcakes, matches and country spirit.

TABLES 14.1 to 14.5 : Gives statistical data relating to cotton textiles which have been collected from the Indian Textile Builetin issued by the Textile Commissioner, Government of India.

TABLE 14.1: Gives the number of spindles and looms installed.

TABLES 14.2 and 14.3: Include data relating to production of cotton yarn and cloth respectively based on monthly average.

TABLES 14.4 and 14.5: Provide data on cotton yarn delivered for civil consumption and cloth delivered for civil consumption respectively.

TABLES 14.6 and 14.7: Gives information on production of sugar and vegetable oils respectively. Production, sale and stock position in respect of handloom industry under co-operative fold have been given in tables 14.8 and 14.9.

Production of matches is being compiled from the monthly returns received from the manufacturers and is set out in table 14.10.

TABLE 14.11: Furnishes data relating to production of country spirit by Government Distillery, Pondicherry

Data regarding the Annual Survey of Industries 1974-75 (Census and Sample Factories) are furnished in table1 4.12.

TABLE 15.1 : Furnishes length of roads under the charge of the Public Works Department.

TABLE 15.2 : Provides information regarding the number of motor vehicles on roads as at the end of the years 1968 to 1977.

TABLE 15.3 : Gives the region-wise distribution of number of motor vehicles on roads as at the end of the year 1977.

TABLE 15.4 : Gives number of accidents reported during the years 1967 to 1977.

TABLE 15.5 : Gives information about port traffic namely number of ships, tonnage of ships, tonnage of merchandise imported and exported for Pondicherry Port only. Similar data relating to traffic of country boats have also been given in this table.

7 ABLES 15.6 to 15.8: Provides information about the number of post and telegraph offices, telephones, public call offices and broadcast receiver licences issued.

Tables relating to Inland Trade, Foreign Trade of merchandise by sea and value of import and exports licences issued to merchants in Pondicherry State are presented to this section.

TABLES 16.1 and 16.2 : These tables give data regarding imports into and exports from Pondicherry-Karaikal trade block of 64 commodities by rail and river during the financial years 1970-71 to 1976-77. These tables are based upon the annual statements received from the Director General of Commercial Intelligence and Statistics, Calcutta.

TABLE 16.3 : This table furnishes annual data regarding value of imports into and exports from Pondicherry and Karaikal ports for the year 1960-61 to 1976-77. Data have been compiled from the monthly st tements received from the Collector of Customs, Madras and port commodity tabulations issued by the I inector General of Commercial Intelligence and Statistics, Calcutta and also from the statements received from Assistant Collector of Customs, Pondicherry.

TABLES 16.4 and 16.5 : Data regarding the value of sea-borne foreign trade by sections and divisions for the calendar years 1973 to 1977 according to the revised trade classification adopted from 1st January 1957 are furnished in these tables. These figures have been compiled from the numeric port commodity tabulations issued by the Director General of Commercial Intelligence and Statistics, Calcutta and from the statements received from the Assistant Collector of Customs, Pondicherry.

TABLE 16.6 : Information about the value of import licence issued to merchants in this State for each licensing period have been included in this table. This table was compiled from the monthly statements furnished by the Controller of Imports and Exports, Pondicherry. No export licence was issued during the period under review.

(In '000 Rupees)

This section presents statistics relating to fuel and power.

Data on progress in the field of electrification and consumption of power in the Union territory of Pondicherry have been presented in tables 17.1 and 17.2 Tables 17.3 and 17.4 furnish similar information region-wise.

TABLE 17.5 : Gives consumption of petroleum products in the Union territory of Pondicherry excluding Yanam region. There is no retail outlet in Yanam region. Table 17.6 gives region-wise consumption of petroleum products during the year 1977.

TABLE 17.7 : Provides information on consumption of coal for industrial purposes in Pondicherry region during the years 1966-67 to 1976-77.

# 17. 7 Consumption of coal for industrial purpose-Pondicherry Region

Source : Industries Department, Pondicherry.

This section presents statistics relating to cases decided in courts, cognisable crime, property stolen, strength and cost of civil police, jails and fire accidents.

 TABLE 18.1 : Gives figures relating to cognisable crime reported by type of offence for the years 1972 to 1977.

TABLE 18.2: This table presents data regarding the number of police stations and outposts, strength of police force by designation and total expenditure on police during the financial years from 1972 to 1977.

TABLE 18.3 : Gives the number and distribution of prisoners, daily average number of prisoners, place of confinement, number of prisoners received and discharged during the years 1966-67 to 1976-77.

TABLE 18.4 : Contains information about the distribution of convicts by age-group and by sex for the years 1966-67 to 1976-77.

TABLE 18.5 : Gives data relating to the nature and length of sentences of convicts admitted into jails by sex for the years 1966-67 to 1976-77.

TABLE 18.6 : Furnishes information regarding sickness and mortality among prisoners during the years 1966-67 to 1976-77.

 TABLE 18.7 :
 Gives expenditure incurred in guarding and maintaining prisoners for the years 1966-67

 to 1976-77.

TABLE 18.8 : This table presents data regarding property stolen and recovered during the years 1966-67 to 1976-77.

TABLE 18.9 : Gives figures relating to number of fire stations, number of calls attended and estimated value of property lost during the years 1966-67 to 1976-77.

This section gives achievements under the Community Development Programme in respect of each block. On 31st March 1977 there were 3-5/6 block in the State, Pondicherry and a double block, Karaikal single block, Mahe half-block and Yanam one-third block. These blocks cover 99.5% of the total area of the State, 100% of villages and 80% of the population.

PONDICHERRY BLOCK : The National Extension Service Block was inaugurated in Pondicherry region in May 1955, with its headquarters at Villianur. It is a double block with one administrative unit, covering an area of 287.5 sq.km. (111 sq. miles) with a population of 3,40,240. It consists of the entire Pondicherry region excluding Pondicherry town. This block was converted into a Community Development Block in October, 1957, six months ahead of the usual tenure of three years, because of its good progress. From 2nd October, 1960 to 1st October 1965, it was in Stage II Status. Since 2nd October 1965 it is a Post-Stage II Block.

KARAIKAL BLOCK: The National Extension Service Block in Karaikal was inaugurated in October 1956 with its headquarters at Thirunallar. At present its headquarter is at Thalatheru. This block constitutes the entire Karaikal region including Karaikal town, covering an area of 158.3 sq.km. (61 sq. miles) with a total population of 73,962. With effect from April 1958 due to revision in the Community Development Programme it was treated as Stage I Block. Since 1st April 1962 it was a Stage II Block, and into Post-Stage II in April 1967.

MAHE BLOCK: The pre-extension block at Mahe was inaugurated on 1st April 1959. It is only half-ablock with its headquarter at Pallur. This block covers the entire Mahe region with an area and population of 10.4 sq.km. (4 sq. miles) and 23,134 respectively. This block entered into Stage I in April 1960, and into Stage II in April 1966. Since 1st April 1972 it is a Post-Stage II Block.

YANAM BLOCK: The pre-extension block at Yanam was inat girated in May 1963. It is one-third block with its headquarters at Yanam. This block covers the entire Yanam region with an area and population of 20.7 sq.km. and 8,291 respectively. On May 1963, it entered into Stage I status and into Stage II in April 1970 and since 31st March 1975 it is a Post-Stage II Block.

TABLE 20.1 : Shows the staff position as on 31st March 1977.

TABLE 20.2 : Shows the coverage of Community Development Programme, Pondicherry State.

TABLE 20.3 : Gives cumulative particulars of Government expenditure and people's contribution upto 31st March 1977.

 TABLE 20.4 : Gives Government expenditure by Major Heads.

TABLE 20.5 : Gives people's contribution by Major Heads.

TABLE 20.6 : Gives the physical achievements in block areas.

#### Primary Census Abstract of Ozhukarai Town by Localities-1971 Census

#### APPENDIX---III

#### Agricultural Census 1970-71

This section devoted to various characteristics of operational holdings as per the Agricultural Census 1970–71. It furnishes data relating to the whole of the Union territory of Pondicherry.

TABLE I gives the number and area of operational holdings according to size—*i. e.*, Individual holdings and joint holdings and total holdings.

TABLE II provides information on distribution of holdings according to irrigation status.

TABLES III A and III B give the distribution of holdings according to tenancy status and distribution of holdings—wholly taken on rent.

TABLE IV provides information on area under different land uses.

TABLES V and VI give the area irrigated-Source-wise and area under principal crops.
